and Decision Memorandum, we made no changes for the final results of review.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ For a description of the methodology underlying all of Commerce's conclusions, see the Issues and Decision Memorandum.

Rescission of Administrative Review, in Part

It is Commerce's practice to rescind an administrative review of a countervailing duty order, pursuant to 19 CFR 351.213(d)(3), when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁵ Normally, upon completion of an administrative review, the suspended entries are liquidated at the countervailing duty assessment rate calculated for the review period.⁶ Therefore, for an administrative review of a company to be conducted, there must be a reviewable, suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the countervailing duty assessment rate calculated for the review period.⁷

According to the CBP import data, except for the two mandatory respondents and the non-selected company, the remaining 21 companies subject to this review did not have reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁸ Because
