

ACTION: Notice of petition for approval to move to phase 2 of track inspection test program.

SUMMARY: This document provides the public notice that on March 24, 2022, Union Pacific Railroad (UP) petitioned the Federal Railroad Administration (FRA) to transition from phase 1 to phase 2 of a previously approved test program and associated temporary suspension of some visual track inspections. The Test Program is designed to test track inspection technologies (*i.e.*, an autonomous track geometry measurement system) and new operational approaches to track inspections (*i.e.*, combinations of autonomous inspection and traditional visual inspections).

FOR FURTHER INFORMATION CONTACT: Yu-Jiang Zhang, Staff Director, Track and Structures Division, Office of Railroad Safety, FRA, 1200 New Jersey Avenue SE, Washington, DC 20590, telephone (202) 493-6460 or email yujiang.zhang@dot.gov; Aaron Moore, Attorney, Office of Chief Counsel, FRA, 1200 New Jersey Avenue SE, Washington, DC 20590, telephone (202) 493-7009 or email aaron.moore@dot.gov.

SUPPLEMENTARY INFORMATION: On April 28, 2020, FRA conditionally approved the Test Program and UP's petition under 49 CFR 211.51 to suspend §§ 213.233(c) as applied to operations under the Test Program. A copy of the Test Program, FRA's conditional approval of the Test Program, and a previously published **Federal Register** notice explaining FRA's rationale for approving the Test Program and related suspension are available for review in the docket.¹

As approved, the Test Program included two separate phases over 12 months, as outlined in Exhibit C of the Program.² Accordingly, UP began the Test Program on June 15, 2020. Subsequently, UP requested, and FRA approved, an extension of the Test Program until November 23, 2022.

UP is requesting to transition from phase 1 to 2 on one of the Test Program routes, the Sunset route. In support of its request, UP states that it has met the Test Program conditions required to move to phase 2 and has achieved an average safety metric of 0.67 unprotected geometry defects per 100 miles tested and 3.47 track inspector

identified geometry defects per month in phase 1 of the Test Program. UP is not requesting to move to phase 2 on the SPCSL route.

A copy of the petition, as well as any written communications concerning the petition, if any, are available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- Website: <http://www.regulations.gov>.

Follow the online instructions for submitting comments.

Communications received by May 16, 2022 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable. Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. See also <https://www.regulations.gov/privacy-notice> for the privacy notice of www.regulations.gov.

Issued in Washington, DC.

John Karl Alexy,

*Associate Administrator for Railroad Safety,
Chief Safety Officer.*

BILLING CODE 4910-06-P

DEPARTMENT OF THE TREASURY

Community Development Financial Institutions Fund

Notice of Information Collection and Request for Public Comment

ACTION: Notice and request for public comment.

SUMMARY: The U.S. Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed

and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. Currently, the Community Development Financial Institutions Fund (CDFI Fund), Department of the Treasury, is soliciting comments concerning the Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

DATES: Written comments should be received on or before June 13, 2022 to be assured of consideration.

ADDRESSES: Submit your comments via email to Shannon McKay, Acting Manager, Office of Financial Strategies and Research, CDFI Fund, U.S. Department of the Treasury, at CDFI-FinancialStrategiesandResearch@cdfi.treas.gov.

FOR FURTHER INFORMATION CONTACT: Shannon McKay CDFI Fund, U.S. Department of the Treasury, 1500 Pennsylvania Avenue NW, Washington, DC or by phone at (202) 653-0300. Other information regarding the CDFI Fund and its programs may be obtained through the CDFI Fund's website at <https://www.cdfifund.gov>.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Number: 1559-0041.

Type of Review: Extension without change.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. Qualitative feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require

¹ <https://www.regulations.gov/document/FRA-2020-0031-0001> (Test Program); <https://www.regulations.gov/document/FRA-2020-0031-0002> (FRA's approval decision); <https://www.regulations.gov/document/FRA-2020-0031-0005> (FRA's published notice of approval).

² <https://www.regulations.gov/document/FRA-2020-0031-0001>.

more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Affected Public: Businesses and other organizations.

Average Expected Annual Number of Activities: 10.

Average Estimated Annual Number of Respondents: 10,000.

Responses per Respondent: 1.

Average Minutes per Response: 60.

Total Burden Hours: 10,000.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

(Authority: Pub. L. 104–13)

Jodie L. Harris,

Director, Community Development Financial Institutions Fund.
