

self-certifies that it meets eligibility requirements with an eligibility form; and (2) the applicant organization prepares and completes an application package. BPEP will assist with or offer advice on any questions or issues that the applicant may have concerning the eligibility or application processes; this includes BPEP staff manning a hotline during the week and on weekends for organizations to call or email. With the help of the Board of Examiners, BPEP will use the eligibility forms and application package to assess and provide feedback on the applicant's performance excellence practices. These practices could lead to a MBNQA awarded by the President of the United States or his delegate.

Per Public Law 100-107 (Malcolm Baldrige National Quality Improvement Act of 1987), the MBNQA helps to stimulate American companies to improve quality and productivity for the pride of recognition while obtaining a competitive edge through increased profits; recognizes the achievements of those companies that improve the quality of their goods and services and provide an example to others; establishes guidelines and criteria that can be used by business, industrial, governmental, and other organizations in evaluating their own quality improvement efforts; and provides specific guidance for other American organizations that wish to learn how to manage for high quality by making available detailed information on how winning organizations were able to change their cultures and achieve eminence.

The application to be a member of the Board of Examiners is a one-step, secure, online process. Each year, BPEP recruits highly skilled experts in the fields of manufacturing, service, small business, health care, education, and nonprofit, the six Award eligibility categories, to evaluate the applications that BPEP receives. Examiners serve for a one-year term; participation on the board is entirely voluntary. Examiners receive three- to four-days of free on-site training (depending on experience level).

BPEP's mission to improve the competitiveness and performance of U.S. organizations for the benefit of all U.S. residents.

## II. Method of Collection

Information on the application for the

Board of Examiners can be found at <http://www.nist.gov/baldrige/examiners/index.cfm>. BPEP will electronically send a unique user ID and password (separate emails) on how applicants to the Board of Examiners can apply to the secure system.
