

detailed data and other information on firms operating in FTZs in the United States, and under similar programs in Canada, and Mexico. Such information is not available in the requested specificity from governmental and other public sources. The Commission indicated in its notice of investigation that it will need to obtain much of such data and information through a survey. The survey will assist the Commission in developing, as requested, an overview of economic activity and policies and practices in U.S. FTZs and under similar programs in Canada and Mexico, and the effects of those policies and practices on the cost competitiveness of products of firms operating in these programs. Similar programs in Canada include the Duties Relief Program, Drawback Program, Export Distribution Center Program, and Exporters of Processing Services Program. Similar programs in Mexico include Industria Manufacturera, Maquiladora y de Servicios de Exportación (IMMEX), Value Added Tax (VAT)/Special Tax on Production and Services (IEPS) Certification, Programa de Promoción Sectorial (PROSEC), Rule 8 (Regla 8), and Operadores Económicos Autorizados (OEA) (previously Nuevo Esquema de Empresas Certificadas (NEEC)).

Summary of Proposal: The Commission intends to submit the following draft information collection plan to OMB and invites public comment.

- (1) *Number of forms submitted:* 1.
- (2) *Title of form:* Foreign Trade Zones Questionnaire.
- (3) *Type of request:* New.
- (4) *Frequency of use:* Industry questionnaire, single data gathering, scheduled for 2022.
- (5) *Description of respondents:* U.S. firms granted authority, and exercising this authority, to produce in a U.S. FTZ.
- (6) *Estimated number of respondents:* 400.
- (7) *Estimated total number of hours to complete the questionnaire per respondent:* 20 hours.
- (8) Information obtained from the questionnaire that qualifies as confidential business information will be so treated by the Commission and not

disclosed in a manner that would reveal the individual operations of a business.

Method of Collection: Respondents will be sent a letter with a link and individual code for accessing the online form. Once the online form is complete, respondents will be directed to submit the form by selecting a submit button.

Request for Comments: Comments are invited on (1) the draft questionnaire; (2) whether the proposed collection of information is necessary; (3) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (4) ways to enhance the quality, utility, and clarity of the information to be collected; and (5) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

The draft questionnaire and other supplementary documents may be downloaded from the USITC website at <https://www.usitc.gov/ftzinvestigation>.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection; they will also become a matter of public record. As such proprietary or confidential business information should not be submitted as part of comments on the draft questionnaire.

By order of the Commission.

Issued: April 25, 2022.

Lisa Barton,

Secretary to the Commission.

The company plans to import analytical reference standards for distribution to its customers for research and analytics purposes. Placement of these drug codes onto the company's registration does not translate into automatic approval of subsequent permit applications to import controlled substances. Approval of permit applications will occur only when the registrant's business activity is consistent with what is authorized in 21 U.S.C. 952(a)(2). Authorization will not extend to the import of Food and Drug Administration-approved or non-

approved finished dosage forms for commercial sale.
