

number for the OMS Docket is (202) 566-1752.

FOR FURTHER INFORMATION CONTACT:

Roger Jones, Program Analyst, EPA National Enforcement Training Institute, OECA, 1200 Pennsylvania Avenue NW, Washington, DC 20460 (Email: Jones.Roger@epa.gov) Phone number: 202-564-4794.

SUPPLEMENTARY INFORMATION: EPA is giving notice that FedTalent has replaced the NETI eLearning Center as the Learning Management System (LMS) for the Office of Compliance within EPA's OECA. All records previously maintained in the NETI eLearning Center were downloaded and will be expunged according to the requirements of records schedule 1029 (Employee Training Records). All FedTalent records are covered by the Human Resources Line of Business system of records notice (SORN), EPA-93.

SYSTEM NAME AND NUMBER:

NETI eLearning Center, EPA-47.

HISTORY:

66 FR 49947 (October, 2001)—OCEFT/NETI Training Registration and Administration Records.

82 FR 32359 (July 2017)—Notice of a Modified System of Records. EPA amended the SORN to change the system name from NETI Online to the NETI eLearning Center and to change the system location from the Office of Criminal Enforcement to NETI in the Office of Compliance (the NETI division).

Vaughn Noga,

Senior Agency Official for Privacy.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2018-0279; FRL-9545-03-OAR]

Release of Draft Policy Assessment for the Reconsideration of the Ozone National Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: On or about April 28, 2022, the Environmental Protection Agency (EPA) is making available to the public a draft document titled, *Policy Assessment for the Reconsideration of the Ozone National Ambient Air Quality Standards, External Review Draft* (Draft PA). This draft document was prepared as a part of the current reconsideration of the 2020 final decision on the national ambient air quality standards (NAAQS) for ozone (O₃). When final, the PA is intended to "bridge the gap" between the scientific and technical information assessed in the 2020 Integrated Science Assessment for Ozone and Related Photochemical Oxidants (2020 ISA), as well as any air quality, exposure and risk analyses available in the reconsideration, and the judgments required of the

Administrator. The primary and secondary O₃ NAAQS are set to protect the public health and the public welfare from O₃ and other photochemical oxidants in ambient air.

DATES: Comments must be received on or before May 31, 2022.

ADDRESSES: You may send comments on the draft PA, identified by Docket ID No. EPA-HQ-OAR-2018-0279, by any of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov/> (our preferred method). Follow the online instructions for submitting comments.

- *Mail:* U.S. Environmental Protection Agency, EPA Docket Center, Office of Air and Radiation Docket, Mail Code 28221T, 1200 Pennsylvania Avenue NW, Washington, DC 20460.

- *Hand Delivery or Courier (by scheduled appointment only):* EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Avenue NW, Washington, DC 20004. The Docket Center's hours of operations are 8:30 a.m.-4:30 p.m., Monday-Friday (except Federal Holidays).

Instructions: All submissions received must include the Docket ID No. for this notice. Comments received may be posted without change to <https://www.regulations.gov>, including any personal information provided. For detailed instructions on sending comments, see the **SUPPLEMENTARY INFORMATION** section of this document. Out of an abundance of caution for members of the public and our staff, the EPA Docket Center and Reading Room are open to the public by appointment only to reduce the risk of transmitting COVID-19. Our Docket Center staff also continues to provide remote customer service via email, phone, and webform. Hand deliveries and couriers may be received by scheduled appointment only. For further information on EPA Docket Center services and the current status, please visit us online at <https://www.epa.gov/dockets>.

The draft document described here will be available on the EPA's website at <https://www.epa.gov/naaqs/ozone-03-air-quality-standards>. The documents will be accessible under "Policy Assessments" for the current review.

FOR FURTHER INFORMATION CONTACT:

Leigh Meyer, Office of Air Quality Planning and Standards, (Mail Code C504-06), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711; telephone number: 919-541-5587, fax number: 919-541-0237; or email: meyer.leigh@epa.gov, or Mary Hutson, Office of Air Quality Planning and Standards, (Mail Code C504-06), U.S. Environmental

Protection Agency, Research Triangle Park, NC 27711; telephone number: 919-541-0715, fax number: 919-541-0237; or email: hutson.mary@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

Written Comments: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2018-0279, at <https://www.regulations.gov> (our preferred method), or the other methods identified in the **ADDRESSES** section. Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit to EPA's docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

Due to public health concerns related to COVID-19, the EPA Docket Center and Reading Room are open to the public by appointment only. Our Docket Center staff also continues to provide remote customer service via email, phone, and webform. Hand deliveries or couriers will be received by scheduled appointment only. For further information and updates on EPA Docket Center services, please visit us online at <https://www.epa.gov/dockets>.

The EPA continues to monitor information carefully and continuously from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID-19.

II. Information About the Documents

Two sections of the Clean Air Act (CAA or the Act) govern the establishment and revision of the NAAQS. Section 108 directs the Administrator to identify and list certain air pollutants and then issue "air quality criteria" for those pollutants. The air quality criteria are to

"accurately reflect the latest scientific knowledge useful in indicating the kind and extent of all identifiable effects on public health or welfare which may be expected from the presence of such pollutant in the ambient air . . ." (CAA section 108(a)(2)). Under section 109 of the Act, the EPA is then to establish primary (health-based) and secondary (welfare-based) NAAQS for each pollutant for which the EPA has issued air quality criteria. Section 109(d)(1) of the Act requires periodic review and, if appropriate, revision of existing air quality criteria. Revised air quality criteria are to reflect advances in scientific knowledge on the effects of the pollutant on public health and welfare. Under the same provision, the EPA is also to periodically review and, if appropriate, revise the NAAQS, based on the revised air quality criteria.

The Act additionally requires appointment of an independent scientific review committee that is to periodically review the existing air quality criteria and NAAQS and to recommend any new standards and revisions of existing criteria and standards as may be appropriate (CAA section 109(d)(2)(A)-(B)). Since the early 1980s, the requirement for an independent scientific review committee has been fulfilled by the Clean Air Scientific Advisory Committee (CASAC).

In December 2020, the EPA announced its decision to retain the primary and secondary O₃ standards, without revision (85 FR 87256, December 31, 2020). On October 29, 2021, the Agency announced its decision to reconsider the 2020 O₃ NAAQS final action.¹ In its announcement of the reconsideration, the Agency explained that it would reconsider the 2020 decision to retain 2015 standards based on the existing scientific record. In support of the reconsideration, the EPA is developing an updated PA. The PA, when final, serves to "bridge the gap" between the scientific and technical information in the 2020 ISA and any air quality, exposure and risk analyses available in the reconsideration, and the judgements required of the Administrator. The draft PA builds upon the information presented in the 2020 ISA, the 2020 PA and additional analyses that informed the 2020 decision. The draft PA document will be available on or about April 28, 2022, on the EPA's website at <https://www.epa.gov/naaqs/ozone-o3->

¹ The press release for this announcement is available at <https://www.epa.gov/ground-level-ozone-pollution/epa-reconsider-previous-administrations-decision-retain-2015-ozone>.

air-quality-standards. The EPA is soliciting advice and recommendations from the CASAC by means of a review of this draft document in an upcoming public meeting of the CASAC. Information about this public meeting, including the dates and location, was published as a separate notice in the **Federal Register** on April 4, 2022 (87 FR 19501). Following the CASAC meeting, the EPA will consider comments received from the CASAC and the public in preparing the final PA.

The draft document briefly described above does not represent and should not be construed to represent any final EPA policy, viewpoint, or determination. The EPA will consider any public comments submitted in response to this notice when revising the document.

Dated: April 26, 2022.

Panagiotis Tsirigotis,

Director, Office of Air Quality Planning and Standards.

BILLING CODE 6560-50-P

FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

Sunshine Act Meetings

TIME AND DATE: 10:00 a.m., Thursday, May 12, 2022.

PLACE: The Richard V. Backley Hearing Room, Room 511, 1331 Pennsylvania Avenue NW, Suite 504 North, Washington, DC 20004 (enter from F Street entrance).

Note that workplace policies instituted to address the COVID-19 pandemic may restrict the ability of some participants to take part in the argument in-person. Those participants will join the argument through a videoconference involving all other participants who are appearing in-person.

STATUS: Open.

MATTERS TO BE CONSIDERED: The Commission will consider and act upon the following in open session: *Peabody Midwest Mining, LLC and Butler employed by Peabody Mining Midwest Mining, LLC*, Docket Nos. LAKE 2019-0023, 2019-0122, 2019-0361. (Issues include whether the Judge erred in concluding that the operator violated standards when it failed to immediately de-energize equipment when it encountered high methane levels, whether the violation was significant and substantial, and whether a supervisor was liable for individual penalties.)

Pursuant to the Commission's COVID-19 Workplace Safety Plan, in-
