

related to rulemaking. Below is a summary of the Committee's determinations after analysis of these statutes and Executive orders with respect to this rulemaking.

Administrative Procedure Act

The Administrative Procedure Act (APA) requires a 30-day delay in the effective date of a rule unless the promulgating agency finds "good cause" for dispensing with the delay or another exception applies. 5 U.S.C. 553(d)(3). The Administrative Committee has determined that the good-cause exception applies to this rule.

The "primary purpose" for deferring the effective date of a rule is "to afford persons affected a reasonable time to prepare for the effective date of a rule or rules or to take other action which the issuance may prompt." *N. Arapahoe Tribe v. Hodel*, 808 F.2d 741, 752 (10th Cir. 1987) (quotation marks omitted); *Am. Fed'n of Gov't Emp., AFL-CIO v. Block*, 655 F.2d 1153, 1156 (D.C. Cir. 1981) (noting that a delay in the effective date "serve[s] the laudable purpose of informing affected parties and affording them a reasonable time to adjust to the new regulation"). The regulatory changes at issue in this rulemaking will not require any significant time for affected parties to alter their behavior because Members of Congress or other offices will immediately be able to use the online portal at www.gpo.gov/frsubs to request print subscriptions to the **Federal Register**. In addition, this rule has no effect on paid subscriptions, and it does not affect public access to the **Federal Register**, as the publication will remain freely available online at www.GovInfo.gov and www.federalregister.gov. Because the rule will have no significant effect on either requesting offices or the public more generally, regulated parties will not need time to come into compliance with the rule, and the good-cause exception under 5 U.S.C. 553(d)(3) applies.

Executive Orders 12866 and 13563

This rule has been drafted in accordance with Executive Order 12866, section 1(b), "The Principles of Regulation," and Executive Order 13563, "Improving Regulation and Regulatory Review." The Administrative Committee has determined that this rule is not a significant regulatory action as defined under section 3(f) of Executive Order 12866. Thus, this rule has not been reviewed by the Office of Management and Budget (OMB).

Regulatory Flexibility Act

This rule will not have a significant impact on small entities because it imposes no requirements on the public. Members of the public can access **Federal Register** publications for free through GPO's website, www.govinfo.gov/.

Federalism

This rule has no federalism implications under Executive Order 13132. It does not impose compliance costs on State or local governments or preempt State law.

Congressional Review

This rule is not a major rule as defined by 5 U.S.C. 804(2). The Administrative Committee will submit a rule report, including a copy of this final rule, to each House of the Congress and to the Comptroller General of the United States as required under the congressional review provisions of the Small Business Regulatory Enforcement Fairness Act of 1986. 5 U.S.C. 801(a).

Extension of Expiration Dates for Three Body System Listings

AGENCY: Social Security Administration.

ACTION: Final rule.

SUMMARY: We are extending the expiration dates of the following body systems in the Listing of Impairments (listings) in our regulations: Special Senses and Speech, Hematological Disorders, and Congenital Disorders That Affect Multiple Body Systems. We are making no other revisions to these body systems in this final rule. This extension ensures that we will continue to have the criteria we need to evaluate impairments in the affected body systems at step three of the sequential evaluation processes for initial claims and continuing disability reviews.

DATES: This final rule is effective on May 4, 2022.

FOR FURTHER INFORMATION CONTACT: Michael J. Goldstein, Director, Office of Medical Policy, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235-6401, (410) 965-1020.

For information on eligibility or filing for benefits, call our national toll-free number, 1-800-772-1213, or TTY 1-800-325-0778, or visit our internet site, Social Security Online, at <https://www.socialsecurity.gov>.

SUPPLEMENTARY INFORMATION:

Background

We use the listings in appendix 1 to subpart P of part 404 of 20 CFR at the third step of the sequential evaluation process to evaluate claims filed by adults and children for benefits based on disability under the title II and title XVI programs.¹ 20 CFR 404.1520(d), 416.920(d), 416.924(d). The listings are in two parts: Part A has listings criteria for adults and Part B has listings criteria for children. If you are age 18 or over, we apply the listings criteria in Part A when we assess your impairment or combination of impairments. If you are

under age 18, we first use the criteria in Part B of the listings when we assess your impairment(s). If the criteria in Part B do not apply, we may use the criteria in Part A when those criteria consider the effects of your impairment(s). 20 CFR 404.1525(b), 416.925(b).

Explanation of Changes

In this final rule, we are extending the dates on which the listings for the following three body systems will no longer be effective as set out in the following chart:

Body system listings	Current expiration date	New expiration date
Special Senses and Speech 2.00 and 102.00	June 3, 2022	June 5, 2026.
Hematological Disorders 7.00 and 107.00	June 3, 2022	June 5, 2026.
Congenital Disorders That Affect Multiple Body Systems 10.00 and 110.00	June 3, 2022	June 5, 2026.

We continue to revise and update the listings on a regular basis, including those body systems not affected by this final rule.² We intend to update the three listings affected by this final rule as necessary based on medical advances as quickly as possible, but may not be able to publish final rules revising these listings by the current expiration date. Therefore, we are extending the expiration dates listed above.

Regulatory Procedures

Justification for Final Rule

We follow the Administrative Procedure Act (APA) rulemaking procedures specified in 5 U.S.C. 553 in promulgating regulations. Section 702(a)(5) of the Social Security Act, 42 U.S.C. 902(a)(5). Generally, the APA requires that an agency provide prior notice and opportunity for public comment before issuing a final regulation. The APA provides exceptions to the notice-and-comment requirements when an agency finds there is good cause for dispensing with such procedures because they are impracticable, unnecessary, or contrary to the public interest.

We determined that good cause exists for dispensing with the notice and public comment procedures. 5 U.S.C. 553(b)(B). This final rule only extends the date on which the three body system listings will no longer be effective. It makes no substantive changes to our rules. Our current regulations³ provide that we may extend, revise, or promulgate the body system listings

again. Therefore, we determined that opportunity for prior comment is unnecessary, and we are issuing this regulation as a final rule.

In addition, for the reasons cited above, we find good cause for dispensing with the 30-day delay in the effective date of this final rule. 5 U.S.C. 553(d)(3). We are not making any substantive changes to the listings in these body systems. Without an extension of the expiration date for these listings, we will not have the criteria we need to assess medical impairments in these three body systems at step three of the sequential evaluation processes. We therefore find it is in the public interest to make this final rule effective on the publication date.

Executive Order 12866, as Supplemented by Executive Order 13563

We consulted with the Office of Management and Budget (OMB) and determined that this final rule does not meet the requirements for a significant regulatory action under Executive Order 12866, as supplemented by Executive Order 13563. Therefore, OMB did not review it. We also determined that this final rule meets the plain language requirement of Executive Order 12866.

Regulatory Flexibility Act

We certify that this final rule does not have a significant economic impact on a substantial number of small entities because it affects only individuals.

Therefore, a regulatory flexibility analysis is not required under the Regulatory Flexibility Act, as amended.

Paperwork Reduction Act

This final rule only extends the date for the medical listings cited above, but does not create any new or affect any existing collections, or otherwise change any content of the currently published rules. Accordingly, it does not impose any burdens under the Paperwork Reduction Act and does not require OMB approval.

Special Local Regulations; Annual Events in Captain of the Port Delaware Bay Zone

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing special local regulations for

four annual marine events in the Captain of the Port (COTP), Delaware Bay Zone. This action is necessary to protect participants, spectators, and vessels from the hazards associated with the varying types of marine events. This rulemaking prohibits persons and vessels from being in the regulated areas during the enforcement period unless authorized by the COTP or a designated representative.

DATES: This rule is effective June 3, 2022.

§ Section

II. Background Information and Regulatory History

The four marine events included in this rule are held on a recurring basis on the navigable waters within the Captain of the Port, Delaware Bay Zone. Historically, the Coast Guard established annual temporary final regulations for each of these recurring events. In response, on February 17, 2022, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Special Local Regulations; Annual Events in Captain of the Port Delaware Bay Zone (87 FR 8994). There, we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to the special local regulations and recurring marine events. During the comment period that ended March 21, 2022 we received no comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70041. The Secretary has delegated ports and waterways authority, with certain reservations not applicable here, to the Commandant via DHS Delegation No.

00170.1(II)(70), Revision No. 01.2. The Commandant has further delegated these authorities within the Coast Guard as described in 33 CFR 1.05–1 and 6.04–6. The Coast Guard has determined that the events listed in this rule could pose a risk to participants or waterway users if normal vessel traffic were to interfere with the event. Possible hazards include risks of participant injury or death resulting from near or actual contact with non-participant vessels traversing through the regulated areas. In order to protect the safety of all waterway users, including event participants and spectators, this rule establishes special local regulations for the time and location of each marine event. This rule prevents vessels from entering, transiting, mooring or anchoring within areas specifically designated as regulated areas during the periods of enforcement unless authorized by the Captain of the Port (COTP), or designated Event Patrol Commander.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published February 17, 2022. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

The Coast Guard is adding four reoccurring special local regulations for annual marine events in the Captain of the Port Delaware Bay to 33 CFR 100.501 in Table 1 to Paragraph (i)(1). The Coast Guard will publish annual notice of the exact dates and times of the effective periods of the regulations. For each event, the notices will also provide the geographical description of each regulated area and other pertinent details concerning the nature of the events. This rule is necessary to protect participants, spectators, and vessels from the hazards associated with the varying types of marine events. During the enforcement periods of these special local regulations, non-participant persons or vessels are prohibited from entering into, remaining within, transiting through, or anchoring in the regulated area unless authorized by the Captain of the Port Delaware Bay or a designated representative of the Captain of the Port. The regulatory text appears at the end of this document.

Below is a description of the four reoccurring marine events that we are adding to Table 1 to Paragraph (i)(1) in 100.501.

1. Stockton Boat Race.

This marine event takes place one weekend in March or April at the location described below. The event is in Atlantic City, NJ, where the following area makes up the regulated area: All
