k. *Description of Request*: The licensee proposes to surrender the project which occupies 6.4 acres of federal land managed by the National Park Service. The licensee states that the revenues anticipated from continued operation of the Project were exceeded by the estimated costs of making the needed repairs and seeking relicensing. In its surrender application, the licensee proposes to: Remove the diversion dam and associated headworks structures, tailrace fish barrier, and certain overhead transmission lines; seal the rock shaft and power tunnel; decommission the access road and powerhouse; and leave the powerhouse, tailrace, and penstock in place.
