SUPPLEMENTARY INFORMATION:

Executive Order 12866

This final rule is exempt from the Office of Management and Budget (OMB) review for purposes of Executive Order 12866 and, therefore, has not been reviewed by OMB.

Executive Order 12372

This final rule is excluded from the scope of Executive Order 12372, Intergovernmental Consultation, which may require consultation with State and local officials. A notice of final rule entitled "Department Programs and Activities Excluded from Executive Order 12372," (50 FR 47034) exempted the Rural Utilities Service loans and loan guarantees from coverage under this order.

Executive Order 12988

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. The Rural Utilities Service has determined that this rule meets the applicable standards provided in section 3 of the Executive Order. In addition, all state and local laws and regulations that are in conflict with this final rule will be preempted. No retroactive effect will be given to this final rule and in accordance with section 212(e) of the Department of Agriculture Reorganization Act of 1994 (7 U.S.C. 6912(e)) administrative appeal procedures, if any, must be exhausted before an action against the Department or its agencies may be initiated.

Executive Order 13132

This final rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on distribution of power and responsibilities among the various levels of government. Under Executive Order 13132, this final rule does not have sufficient federalism implications to require preparation of a Federalism Assessment.

Regulatory Flexibility Act Certification

The Rural Utilities Service has determined that the Regulatory

Flexibility Act is not applicable to this final rule since USDA Rural Utilities Service is not required by 5 U.S.C. 551 *et seq.* or any other provision of the law to publish a notice of proposed rulemaking with request to the subject matter of this rule.

Information Collection and Recordkeeping Requirements

This final rule contains no new reporting or recordkeeping burdens under OMB control number 0572-0076 that would require approval under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

Assistance Listings

The program described by this final rule is listed in the Assistance Listings (formerly the Catalog of Federal Domestic Assistance Programs) as No. 10.850, Rural Electrification Loans and Loan Guarantees. These Federal assistance program listings are available at the following *Sam.gov* website: <https://sam.gov/content/assistance-listing/federal>.

Unfunded Mandates

This final rule contains no Federal Mandates (under the regulatory provision of title II of the Unfunded Mandates Reform Act of 1995 [2 U.S.C. Chapter 25]) for State, local, and tribal governments, or the private sector. Thus, this final rule is not subject to the requirements of sections 202 and 205 of the Unfunded Mandates Reform Act of 1995.

National Environmental Policy Act

In accordance with the National Environmental Policy Act of 1969, Public Law 91-190, this final rule has been reviewed in accordance with 7 CFR part 1970 ("Environmental Policies and Procedures"). The Agency has determined that (i) this action meets the criteria established in 7 CFR 1970.53(f); (ii) no extraordinary circumstances exist; and (iii) the action is not "connected" to other actions with potentially significant impacts, is not considered a "cumulative action" and is not precluded by 40 CFR 1506.1. Therefore, the Agency has determined that the action does not have a significant effect on the human environment, and therefore neither an Environmental Assessment nor an Environmental Impact Statement is required.

Background

I. General Discussion

The Rural Utilities Service maintains bulletins that contain construction standards and specifications for materials and equipment and provide regulated specifications to RUS Electric Program borrowers for procurement of electric transmission and distribution line wood materials. These standards and specifications apply to systems constructed by electric and telecommunications borrowers in

accordance with the loan contract, and contain standard construction units, materials, and equipment units used on electric and telecommunications borrowers' systems. The following bulletins establish standards for the manufacture and inspection of wood utility poles, crossarms and pole keys: Bulletin 1728F-700 "RUS Specification for Wood Poles, Stubs and Anchor Logs", incorporated by reference at § 1728.97; Bulletin 1728H-701, "Specification for Wood Crossarms (Solid and Laminate), Transmission Timbers, and Pole Keys", codified at 7 CFR 1728.201; and Bulletin 1728H-702, "Specification for Quality Control and Inspection of Timber Products", codified at 7 CFR 1728.202.

II. Purpose of the Regulatory Action

This Final rule; technical correction corrects inadvertent errors in the Final rule; response to comments published in the **Federal Register** (86 FR 57015) on October 14, 2021 (October final rule).

III. Summary of Corrections

The updates and corrections to the October final rule are as follows:

A. Bulletin 1728F-700 "RUS Specification for Wood Poles, Stubs and Anchor Logs" (Incorporated by Reference at § 1728.97)

(The update and corrections detailed below describe changes to the text of the Bulletin, which does not appear in this Final rule; technical corrections, since the Bulletin is incorporated by reference.)

- Update the current date of issuance date.
- In paragraph 5(b), remove the incorrect entry of 2 years and replacing it with 1 year that no material treated with creosote, pentachlorophenol, DCOI or copper naphthenate shall be shipped for use on a RUS borrower's system later than 1 year following the original treatment date branded on the material; and
- Correct the requirements for Copper Naphthenate retentions in Table 8 in Appendix A.

B. Bulletin 1728H-702, "Specification for Quality Control and Inspection of Timber Products" (Codified at 7 CFR 1728.202)

- Add the annual requirement of submitting the lab certificate from the amendatory language, that was discussed in the Summary of Changes but inadvertently omitted from the amendatory language for § 1728.202 in the October final rule.

C. Corresponding and Miscellaneous CFR Amendments

- Update the date of issuance for Bulletin 1728F-700, "RUS Specification for Wood Poles, Stubs and Anchor Logs", in § 1728.97 and 1755.97.
