FOR FURTHER INFORMATION CONTACT: Caldwell Jackson, (202) 795–7368 Caldwell.Jackson@acl.hhs.gov. The email is a resource mailbox established to receive public input regarding Older Americans Act regulations and should not be used to request information beyond the scope of this public input opportunity.

SUPPLEMENTARY INFORMATION: The Administration for Community Living’s (ACL) Administration on Aging (AoA) is requesting information to gather feedback on recommended changes, additions, or deletions to regulations for programs authorized under Titles III, VI, and VII of the Older Americans Act, 42 U.S.C. 3001 *et seq.*

First passed in 1965, the Older Americans Act (the Act) authorizes supportive, nutrition, evidence-based disease prevention and health promotion, caregiver, legal, long-term care ombudsman, and other services provided via states, territories, tribes and tribal organizations, area agencies

on aging, and local service providers. The Act was last reauthorized on March 25, 2020. Current regulations for programs authorized under the Act date from 1988, and have not been substantively revised, with the exception of portions of 45 CFR part 1321—Grants to State and Community Programs on Aging, specific to State responsibilities regarding the State Long-Term Care Ombudsman Program, and 45 CFR part 1324 Allotments for Vulnerable Elder Rights Protection Activities, Subpart A—State Long-Term Care Ombudsman Program, which were published in 2015. In the absence of valid and current regulations, there is the potential for significant variation in the interpretation and implementation of these provisions among States.

Public Input

Through this Request for Information (RFI), ACL is seeking input from individuals and organizations regarding supportive, nutrition, evidence-based disease prevention and health promotion, caregiver, legal, long-term care ombudsman, and other services provided via states, tribes and tribal organizations, area agencies on aging, and local service providers under the Act. Specifically, we would like to learn from respondents based on their experience about: (1) Challenges faced by older adults, elders, and family caregivers in receiving services under the Act, and (2) challenges faced by

states, territories, tribes and tribal organizations, area agencies on aging and service providers in delivering services under the Act. We also seek feedback on how OAA programs can advance equity, in alignment with Executive Order 13985 *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*. In this regard, please keep in mind the following:

- All submissions will be considered and reviewed by ACL.
- ACL seeks recommendations to address practical matters regarding regulations to implement the Older Americans Act, as reauthorized in 2020. (We may not be able to include all recommendations.)
- If respondents have multiple recommendations, respondents may make multiple recommendations in the same submission.

How the Information Will Be Used

Background

Congress passed the Older Americans Act (OAA) in 1965 in response to concern by policymakers about a lack of community social services for older persons. The original legislation established authority for grants to states for community planning and social services, research and development projects, and personnel training in the field of aging. The law also established the Administration on Aging (AoA) to administer the newly created grant programs and to serve as the federal focal point on matters concerning older persons.

Although older individuals may receive services under many other federal programs, today the OAA is considered to be a major vehicle for the organization and delivery of social and nutrition services to this group and their caregivers. It authorizes a wide array of service programs through a national network of 56 state agencies on aging, 618 area agencies on aging, nearly 20,000 service providers, 281 Tribal organizations, representing 400 Tribes, and 1 Native Hawaiian organization. The OAA was most recently reauthorized on March 25, 2020.

Grated Parmesan Cheese Deviating From Identity Standard; Amendment of Temporary Marketing Permit

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA or we) is amending the temporary permit issued to Kraft Foods Inc. to market test a product designated as “100% Grated Parmesan Cheese” that deviates from the standards of identity for parmesan cheese and grated cheeses. Kraft Foods Inc.’s temporary permit is amended to identify Lactalis Heritage Dairy, Inc. (LHD) as the permit holder. This amendment will allow the permit holder to continue to test market the product and collect data on consumer acceptance.

FOR FURTHER INFORMATION CONTACT: Marjan Morravej, Office of Nutrition and Food Labeling (HFS–820), Center for Food Safety and Applied Nutrition, Food and Drug Administration, 5001 Campus Dr., College Park, MD 20740, 240–402–2371; or Alexandra Jurewitz, Office of Regulations and Policy (HFS–024), Center for Food Safety and Applied Nutrition, Food and Drug Administration, 5001 Campus Dr., College Park, MD 20740, 240–402–2378.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of April 6, 1999 (64 FR 16743), we issued a notice announcing that we had issued a temporary permit to Kraft Foods Inc. (now a part of Kraft Heinz, 200 East Randolph St., Suite 7600, Chicago, IL 60601), to market test a product identified as “100% Grated Parmesan Cheese.” We issued the permit to facilitate market testing of a product that deviates from the requirements of the standard of identity for parmesan cheese (21 CFR 133.165) and grated cheeses (21 CFR 133.146) in that the product is formulated by using a different enzyme technology that fully cures the cheese in 6 months rather than 10 months.

In the **Federal Register** of December 29, 2000 (65 FR 83040), we issued a notice announcing that we were extending the temporary market permit issued to Kraft Foods Inc. The extension allows the applicant to continue to measure consumer acceptance of the product and assess the commercial feasibility of the product, in support of
