

G. Benefits to Pilot Participants

While the benefits to individual pilot participants may vary, advantages to joining in the pilot include:

- Reducing the costs associated with paper processing;
- Expediting review and release of USPVs by CBP;
- Providing input into CBP's efforts to establish, test and refine the interface between government and industry communication systems in order to enable paper-free processing of USPV export requirements;
- Facilitating corporate preparedness for possible future mandatory implementation of electronic submission of documentation using the DIS; and
- Facilitating the efficient processing of legitimate USPV exports across all modes of transportation.

H. Evaluation of the Pilot

While the pilot is ongoing, CBP will evaluate the effectiveness of using the DIS and will determine if any extensions or modifications are needed. Technical modifications will be announced using the CSMS. Any substantive changes to the pilot, including extensions, will be announced in the **Federal Register**.

The results of the pilot will help CBP analyze and evaluate the effectiveness of using the DIS or some other method to collect export documentation for USPVs. When sufficient analysis and evaluation have been conducted, CBP will decide whether to require electronic submission of ownership documentation using the DIS or some other method. Any changes to the regulations will be done through rulemaking.

I. Confidentiality

All data submitted and entered into ACE is subject to the Trade Secrets Act (18 U.S.C. 1905) and is considered confidential, except to the extent as otherwise provided by law. However, participation in this or any ACE pilot is not confidential and upon a written Freedom of Information Act (FOIA) request, the name(s) of an approved participant(s) will be disclosed by CBP in accordance with 5 U.S.C. 552.

III. Privacy

CBP will ensure that all Privacy Act requirements and applicable policies are adhered to during the implementation of this pilot.

IV. Paperwork Reduction Act

The Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3507(a)) requires that CBP consider the impact of paperwork

and other information collection burdens imposed on the public. An agency may not conduct, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number assigned by OMB. The collection of information regarding Exportation of Self-Propelled Vehicles was previously reviewed and approved by OMB in accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3507) under OMB Control Number 1651-0054. No new information is being collected under this pilot. Therefore, no new information collection or update to the existing information collection is required at this time.

V. Misconduct Under the Pilot

A pilot participant may be subject to civil and criminal penalties, administrative sanctions, liquidated damages, or discontinuance from participation in the pilot for any of the following:

- (1) Failure to comply with the rules, procedures, or terms and conditions of this pilot;
- (2) Failure to exercise reasonable care in the execution of participant obligations; or
- (3) Failure to abide by the applicable laws and regulations that have not been waived.

An intentional violation of an obligation under the pilot will result in the immediate removal of the participant from the pilot, and the violator may be subject to penalties or seizure of the vehicle(s). Continuous technical violations will also result in the participant's being removed from the pilot. Additionally, CBP has the right to suspend or remove a pilot participant based on a determination that an unacceptable compliance risk exists, or where public health interests or safety so require.

If CBP finds that there is a basis to suspend or remove a participant from the pilot, the pilot participant will be provided a written notice informing the participant of immediate suspension or removal from the program. The pilot participant will be offered the opportunity to appeal the decision in writing. Any appeal must be addressed to the Outbound Enforcement and Policy Branch Chief and submitted via email to cbpvehicleexports@cbp.dhs.gov within 15 business days of notification of suspension or removal from the program. The appeal must address the facts or conduct charges contained in the notice and state how the participant has or will achieve compliance. CBP will notify the participant within 30

business days of receipt of an appeal whether the appeal is granted. The participant will not be permitted to participate in the pilot while an appeal is pending and may not become active in the pilot again until CBP approves the participant's reinstatement. If no timely appeal is received, the notice becomes the final decision of the Agency as of the date that the appeal period expires.

Pete Flores,

Executive Assistant Commissioner, Office of Field Operations, U.S. Customs and Border Protection.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2022-0002; Internal Agency Docket No. FEMA-B-2232]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in accordance with Federal Regulations. The currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will be finalized on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these

changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sacbabit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbabit@fema.dhs.gov; or visit the FEMA Mapping and Insurance

eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain

management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

BILLING CODE 9110-12-P**DEPARTMENT OF HOMELAND SECURITY****Transportation Security Administration****[Docket No. TSA-2006-26514]****Extension of Agency Information Collection Activity Under OMB Review: Rail Transportation Security****AGENCY:** Transportation Security Administration, DHS.**ACTION:** 30-Day notice.**SUMMARY:** This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR),

Office of Management and Budget (OMB) control number 1652-0051, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the submission of contact information of security coordinators (SCs) and alternate SCs from certain freight rail and passenger rail entities; reporting of significant security concerns; documenting the transfer of custody and control of certain hazardous materials rail cars; and providing location and shipping information for certain hazardous materials rail cars.

DATES: Send your comments by June 9, 2022. A comment to OMB is most

effective if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under Review—Open for Public Comments” and by using the find function.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598-6011; telephone (571) 227-2062; email TSAPRA@tsa.dhs.gov.
