Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in

Title 49 of the United States Code. Subtitle I, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would remove Class E airspace extending upward from 700 feet above the surface at Myer Airport, Milford, PA, due to the closing of the airport.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. The Proposal

The FAA proposes an amendment to 14 CFR 71 to remove Class E airspace extending upward from 700 feet above the surface at Myer Airport, Milford, PA, as the airport has closed. Therefore, the airspace is no longer necessary.

Class E airspace designations are published in Paragraph 6005, of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in FAA Order JO 7400.11F.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It,

therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” prior to any FAA final regulatory action.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2022–0352]

RIN 1625–AA00

Safety Zone; Red Bull Flugtag, Milwaukee, WI

AGENCY: Coast Guard, Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish a temporary safety zone for certain waters of Lake Michigan in the vicinity of Veterans Park in Milwaukee, WI. This action is necessary to provide for the safety of life on these navigable waters during the Red Bull Flugtag event on July 16, 2022. This proposed rulemaking would restrict usage by persons and vessels within the safety zone. At no time during the effective period may non-event persons or vessels transit the waters of Milwaukee Harbor within 800 feet of the southern shoreline of Veterans Park. These restrictions would apply to all persons and vessels during the effective period unless authorized by the Captain of the Port Lake Michigan or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 13, 2022.

ADDRESSES: You may submit comments identified by docket number USCG–2022–0325 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

II. Background, Purpose, and Legal Basis

On March 12, 2022, the organizer of the Red Bull Flugtag Milwaukee notified the Coast Guard that it will be organizing an event in the Milwaukee Harbor on July 16, 2022 from 11 a.m. through 4 p.m. The marine event will take place in the waters of Milwaukee Harbor adjacent to the south shore of Veterans Park in Milwaukee, WI. The Captain of the Port Sector Lake Michigan (COTP) has determined that potential hazards associated with the Red Bull Flugtag Milwaukee event would be a safety concern for anyone within the safety zone that is not participating in the event.

The purpose of this rulemaking is to ensure the safety of persons, vessels and the navigable waters of Milwaukee Harbor within 800 feet of the southern shoreline of Veterans Park during the event. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231).

III. Discussion of Proposed Rule

The COTP is proposing to establish a safety zone from 9 a.m. through 6 p.m. on July 16, 2022. The safety zone would cover all navigable waters of Milwaukee Harbor within 800 feet of the southern shoreline of Veterans Park. The duration of the zone is intended to ensure the safety of life and vessels on these navigable waters before, during, and after the event. No vessels or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the characteristics of the
