

siting of offshore wind energy development projects off the U.S. Atlantic coast. Part of the activities considered in the consultation are geophysical surveys such as those proposed by Ocean Wind II for which we have authorized take. GARFO concluded site assessment surveys (and issuance of associated IHAs) are not likely to adversely affect endangered species or adversely modify or destroy critical habitat. NMFS has determined that issuance of the IHA is covered under the programmatic consultation.

National Environmental Policy Act

To comply with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) and NOAA Administrative Order (NAO) 216–6A, NMFS must review our action (*i.e.*, the issuance of an IHA) with respect to potential impacts on the human environment. This action is consistent with categories of activities identified in Categorical Exclusion B4 (IHAs with no anticipated serious injury or mortality) of the Companion Manual for NOAA Administrative Order 216–6A, which do not individually or cumulatively have the potential for significant impacts on the quality of the human environment and for which we have not identified any extraordinary circumstances that would preclude this categorical exclusion. Accordingly, NMFS has determined that the issuance of the final IHA qualifies to be categorically excluded from further NEPA review.

Authorization

As a result of these determinations, NMFS has issued an IHA to Ocean Wind II for conducting marine site characterization surveys off the coast of New Jersey, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated. The IHA is effective from May 10, 2022 through May 9, 2023 and can be found at <https://www.fisheries.noaa.gov/action/incidental-take-authorization-ocean-wind-llc-marine-site-characterization-surveys-new-0>.

DEPARTMENT OF EDUCATION

[Docket No. ED–2022–SCC–0067]

Agency Information Collection Activities; Comment Request; Guaranty Agency Financial Report

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension without change of a currently approved collection.

DATES: Interested persons are invited to submit comments on or before July 18, 2022.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2022–SCC–0067. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](http://www.regulations.gov) site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave SW, LBJ, Room 6W208D, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202–570–8414.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the

burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Guaranty Agency Financial Report.

OMB Control Number: 1845–0026.

Type of Review: An extension without change of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector.

Total Estimated Number of Annual Responses: 432.

Total Estimated Number of Annual Burden Hours: 23,760.

Abstract: The Department of Education (ED) is requesting renewal by extension of the information collection 1845–0026 for the Guaranty Agency Financial Report. There has been no change to the underlying statute or regulations.

The Guaranty Agency Financial Report is used by a guaranty agency to request payments of reinsurance for defaulted student loans; make payments for amounts due ED, for collections on default and lender of last resort loan (default) claims on which reinsurance has been paid and for refunding amounts previously paid for reinsurance claims. The form is also used to determine required reserve levels for agencies; and to collect debt information as required for the “Report on Accounts and Loans Receivable Due from the Public,” SF 220–9 (Schedule 9 Report) as required by the U.S. Department of Treasury.

Dated: May 16, 2022.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AC22–152–000]

Florida Power & Light Company; Notice of Filing

Take notice that on May 12, 2022, Florida Power & Light Company (FPL) submitted a waiver request to the Chief Accountant of the Federal Energy Regulatory Commission (Commission or

FERC) related to Account 165, Prepayments, of the Commission’s Uniform System of Accounts to allow FPL to apply a \$100,000 materiality threshold for recording prepayments on the balance sheet, or alternatively, to apply a 0.5 percent threshold of the prior year ending balance in Account 165 when determining the number of prepayments to record. FPL requests that this waiver is applied prospectively, with a limited duration of ten years if the Commission requires such limitation.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission’s Home Page (<http://ferc.gov>) using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission’s Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (888) 208–3676 or TTY, (202) 502–8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225

Wilkins Avenue, Rockville, Maryland 20852.

Comment Date: 5:00 p.m. Eastern Time on May 23, 2022.

Dated: May 13, 2022.

Kimberly D. Bose,
Secretary.

Driftwood Pipeline LLC; Notice of Availability of the Draft Environmental Impact Statement for the Proposed Line 200 and Line 300 Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a draft environmental impact statement (EIS) for the Line 200 and Line 300 Project (Project), proposed by Driftwood Pipeline LLC (Driftwood) in the above-referenced docket. Driftwood proposes to construct and operate dual 42-inch-diameter natural gas pipelines originating near Ragley in Beauregard Parish, Louisiana southward to a proposed receiver facility near Carlyss in Calcasieu Parish, Louisiana. Additional facilities include one new compressor station, eleven meter stations, six mainline valves, and other aboveground facilities. The Project would provide a maximum seasonal capacity of 5.7 billion cubic feet of natural gas per day to the Lake Charles market. According to Driftwood, its Project would provide enhanced supply access, resilience, and reliability to the natural gas market in the Lake Charles area.

The draft EIS assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with the mitigation measures recommended in the EIS, would result in some adverse environmental impacts, but none that are considered significant. Regarding climate change impacts, the Project’s construction and operation emissions would increase the atmospheric concentration of greenhouse gasses (GHG), in combination with past, present, and future emissions from all other sources. This EIS is not
