Patent and Trademark Office

SUPPLEMENTARY INFORMATION:

FOR FURTHER INFORMATION CONTACT: Catherine Cain, Office of the Deputy Commissioner for Trademark Examination Policy, USPTO, at 571–272–8946 or TMFRN@uspto.gov.

The USPTO will not issue registration certificates between May 10 and May 23, 2022, while it transitions to the new, electronic process. In the course of addressing the issue caused by the paper shortage, the status of some applications was inadvertently changed to registered on May 10. The USPTO corrected the status of those applications to pending on May 11.

As stated in the May 2, 2022 notice, upon implementation of electronic trademark registration certificates, all registration certificates issued by the USPTO will be made under the electronic signature of the Director and with a digital seal, which will authenticate the registration. The USPTO will upload the official registration certificate to the TSDR database, and an electronic notice will be emailed to the trademark owner and all email addresses of record with a link to access the certificate upon issuance. Trademark owners will be able to use the emailed link to view, download, and print a complete copy of the registration certificate at any time. Trademark owners who file an initial application on or after the implementation date will be able to order presentation copies for $25 per copy through the Trademark Electronic Application System (TEAS). Trademark owners who filed an initial application before the implementation date will be able to order one presentation copy for free. Trademark owners will continue to be able to order certified copies of their trademark registration for a fee. The certified copy certifies the status and title of the registration and includes the signature of an authorized certifying officer.
