Total Estimated Burden Hours: 117,612.48.

General Description of Collection: Each supervised lending institution is required to provide a notice of special flood hazards to a borrower acquiring a
loan secured by a building on real property located in an area identified by
FEMA as subject to special flood hazards, and various other notices to
borrowers, servicers and FEMA. The Riegel Community Development Act
requires that each institution also provide a copy of the notice to the
servicer of the loan (if different from the originating lender). Section 100239 of
the Biggert-Waters Flood Insurance Reform Act of 2012 requires each
federal banking agency (including the FDIC), and the Farm Credit
Administration, to adopt implementing regulations to direct regulated lending
institutions to accept “private flood insurance,” as defined by the Biggert-
Waters Act. A lending institution would be required to implement policies and
procedures to comply with the Biggert-Waters Act provision and verify in
writing that a private insurance policy satisfies the criteria included in the
definition or document findings that separate required criteria have been met
when accepting a private flood insurance policy in satisfaction of the
mandatory flood insurance purchase requirement of the Flood Disaster
Protection Act. The institution must also maintain records to permit
examination staff to ascertain how the institution has met the requirements of
the regulation.

The FDIC has reviewed its previous submission related to the PRA and has
updated its methodology to align with the Office of the Comptroller of the
Currency’s corresponding information collection (1537–0326). The decrease in
the estimated annual burden of 409,935 hours is the result of this change in
methodology.

Request for Comment

Comments are invited on: (a) Whether the collection of information is
necessary for the proper performance of the FDIC’s functions, including whether
the information has practical utility; (b) the accuracy of the estimates of the
burden of the information collection, including the validity of the
methodology and assumptions used; (c) ways to enhance the quality, utility, and
clarity of the information to be collected; and (d) ways to minimize the
burden of the collection of information on respondents, including through the
use of automated collection techniques or other forms of information
technology. All comments will become a matter of public record.

Dated at Washington, DC, on May 24, 2022.

James P. Sheesley,
Assistant Executive Secretary.

collection of online engagement activity
tools that includes Survey Monkey, Poll
Everywhere, Microsoft Forms, and
FacilitatePro, all of which are online
licensed software platforms, for
customers’ meeting effectiveness,
electronic flip charting, project
management, requests for assistance,
event registration, needs assessments,
and surveys. FMCS will use surveys
from clients to evaluate services and
employee performance.

DATES: This system of records will be
effective without further notice on [June
30, 2022 unless otherwise revised
pursuant to comments received. New
routine uses will be effective on June 30,
2022. Comments must be received on or
before June 30, 2022.
