

considerations under Executive Order 12898, entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under FFDCA section 408(d), such as the tolerances in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*), do not apply.

This action directly regulates growers, food processors, food handlers, and food retailers, not States or Tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). As such, the Agency has determined that this action will not have a substantial direct effect on States or Tribal Governments, on the relationship between the National Government and the States or Tribal Governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian Tribes. Thus, the Agency has determined that Executive Order 13132, entitled “Federalism” (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled “Consultation and Coordination with Indian Tribal Governments” (65 FR 67249, November 9, 2000) do not apply to this action. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act (UMRA) (2 U.S.C. 1501 *et seq.*).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note).

VII. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 271

[EPA-R05-RCRA-2021-0389; FRL-9917-03-R5]

Michigan: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final authorization.

SUMMARY: The Environmental Protection Agency (EPA) is granting Michigan final authorization for changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The Agency published a

proposed rule on December 13, 2021 and provided for public comment. One comment was submitted by the State of Michigan in which the State identified a rule that was part of their application for authorization that was not addressed in the proposed authorization. EPA acknowledges this oversight and will address this rule in a future action.

DATES: This final authorization is effective June 15, 2022.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R05-RCRA-2021-0389. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Angela Mullins, RCRA C&D Section, Land, Chemicals, and Redevelopment Division, U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, LL-17J, Chicago, IL 60604. SUPPLEMENTARY INFORMATION:

A. What changes to Michigan’s hazardous waste program is EPA authorizing with this action?

On March 15, 2021, Michigan submitted a complete program revision application seeking authorization of changes to its hazardous waste program in accordance with 40 CFR 271.21. EPA now makes a final decision that Michigan’s hazardous waste program revisions that are being authorized are equivalent to, consistent with, and no less stringent than the Federal program, and therefore satisfy all of the requirements necessary to qualify for final authorization. For a list of State rules being authorized with this Final Authorization, please see the Proposed Rule published in the December 13, 2021, **Federal Register** at Michigan: Proposed Authorization of State Hazardous Waste Program Revisions (86 FR 70790, December 13, 2021).

B. What is codification and is EPA codifying the Michigan’s hazardous waste program as authorized in this rule?

Codification is the process of placing citations and references to the State’s

statutes and regulations that comprise the State's authorized hazardous waste program into the Code of Federal Regulations. EPA does this by adding those citations and references to the authorized State rules in 40 CFR part 272. EPA is not codifying the authorization of Michigan's revisions at this time. However, EPA reserves the ability to amend 40 CFR part 272, subpart X for the authorization of Michigan's program changes at a later date.

C. Statutory and Executive Order Reviews

This final authorization revises Michigan's authorized hazardous waste management program pursuant to Section 3006 of RCRA and imposes no requirements other than those currently imposed by State law. For further information on how this authorization complies with applicable executive

orders and statutory provisions, please see the Proposed Rule published in the December 13, 2021, **Federal Register** at Michigan: Proposed Authorization of State Hazardous Waste Program Revisions (86 FR 70790, December 13, 2021). The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this document and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal**

Register. This action is not a "major rule" as defined by 5 U.S.C. 804(2). This final action is effective June 15, 2022.

List of Subjects in 40 CFR Part 271
