I. Description of the System of Records

This system of records, now known as “Case and Correspondence Management (CCM),” is the Secretary’s official correspondence record, and includes the name, address and other identifying information pertaining to the correspondent, as well as background information concerning matters which the correspondent has brought to the Department’s attention. The system of records also contains documents generated within VA that may contain the names, addresses and other identifying information of individuals who conduct business with VA, as well as material received, background information compiled and/or response sent.

II. Proposed Routine Use Disclosures of Data in the System

VA is rewriting existing routine uses in the system using plain language. The use of plain language in these routine uses does not, and is not intended to, change the disclosures authorized under these routine uses. VA is amending, deleting, rewriting and reorganizing the order of the routine uses in this system of records, as well as adding new routine uses. Accordingly, the following changes are made to the current routine uses and are incorporated in the amended system of records notice.

Current routine use number 1 is amended for clarity to reflect VA’s authorization to disclose individually identifiable information to Members of Congress, or a staff person acting for the Member, when the Member or staff person requests the records on behalf of and at the written request of the individual.

Current routine use number 2 is deleted in its entirety and the information contained therein is clarified with the addition of routine use 11.

New routine use number 2 addresses disclosure of information by VA to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that there has been a breach of the system of records; (2) VA has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, VA (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with VA’s efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

Current routine use number 3 is deleted in its entirety and the information contained therein is clarified with the addition of routine use 5.

New routine use number 3 addresses disclosure by VA to another Federal agency or Federal entity, when VA determines that the information is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach; or (2) preventing, minimizing, or remedi ing the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

Current routine use number 4 is deleted in its entirety and the information contained therein is clarified with the addition of routine use 6.

New routine use number 4 addresses disclosure by VA of information that, either alone or in conjunction with other information, indicates a violation or potential violation of law, whether civil, criminal, or regulatory in nature, to a Federal, state, local, territorial, tribal, or foreign law enforcement authority or other appropriate entity charged with the responsibility of investigating or prosecuting such violation or charged with enforcing or implementing such law. The disclosure of the names and addresses of veterans and their dependents from VA records under this routine use must also comply with the provisions of 38 U.S.C. 5701.

Current routine use number 5 is deleted in its entirety and the information contained therein is clarified with the addition of routine use number 4.

New routine use number 5 addresses disclosure by VA to the Department of Justice (DoJ), or in a proceeding before a court, adjudicatory body, or other administrative body before which VA is authorized to appear, when:

(a) VA or any component thereof;
(b) Any VA employee in his or her official capacity;
(c) Any VA employee in his or her individual capacity where DoJ has agreed to represent the employee; or
(d) The United States, where VA determines that litigation is likely to affect the agency or any of its components, is a party to such proceedings or has an interest in such proceedings, and VA determines that use of such records is relevant and necessary to the proceedings.

Current routine use number 6 is deleted in its entirety.
New routine use number 6 addresses disclosure by VA to contractors, grantees, experts, consultants, students, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for VA, when reasonably necessary to accomplish an agency function related to the records.

Current routine use number 7 is deleted in its entirety and the information contained therein is clarified with the addition of routine use number 2 and 3.

New routine use number 7 addresses disclosure by VA to the Office of Personnel Management (OPM) in connection with the application or effect of civil service laws, rules, regulations, or OPM guidelines in particular situations.

New routine use number 8 addresses disclosure of information to the Equal Employment Opportunity Commission (EEOC) in connection with investigations of alleged or possible discriminatory practices, examination of Federal affirmative employment programs, or other functions of the Commission as authorized by law.

New routine use number 9 addresses disclosure of information to the Federal Labor Relations Authority (FLRA) in connection with the investigation and resolution of allegations of unfair labor practices; the resolution of exceptions to arbitration awards when a question of material fact is raised; matters before the Federal Service Impasses Panel; and the investigation of representation petitions and the conduct or supervision of representation elections.

New routine use number 10 addresses disclosure of information to the Merit Systems Protection Board (MSPB) in connection with appeals, special studies of the civil service and other merit systems, review of rules and regulations, investigation of alleged or possible prohibited personnel practices, and such other functions promulgated in 5 U.S.C. 1205 and 1206, or as authorized by law.

New routine use number 11 addresses disclosure of information to the National Archives and Records Administration (NARA) in records management inspections conducted under 44 U.S.C. 2904 and 2906, or other functions authorized by laws and policies governing NARA operations and VA records management responsibilities.

III. Compatibility of the Proposed Routine Uses

Release of information from these records, pursuant to routine uses, will be made only in accordance with the Privacy Act of 1974. The Privacy Act of 1974 permits agencies to disclose information about individuals, without their consent, for a routine use when the information will be used for a purpose that is compatible with the purpose for which the information was collected. VA has determined that the disclosure of information for the above-stated purposes in the proposed amendment to routine uses is a proper and necessary use of the information collected by the electronic document tracking system and is compatible with the purpose for which VA collected the information.
