

The primary purpose of data collected under this generic ICR is not for publication. However, because the formative data collection efforts are intended to inform SBA's decision-making related to evidence-building and programmatic activities, the findings may be incorporated into documents and presentations available to the public. Such documents may include design and method documents, process or journey maps, conceptual frameworks or logic models, background materials for technical workgroups, informational presentations, technical assistance plans, and evaluation or research reports. Shared findings will include a discussion of the limitations regarding generalizability and intended use, and when necessary, results will be labeled as formative or exploratory.

Description of Respondents: The populations to be studied include SBA grantees, program and potential program providers and participants, researchers, practitioners, and other stakeholder groups involved in SBA programs, experts in fields pertaining to SBA evaluation and research, or others involved in conducting SBA evaluation, research, or evidence-building projects.

Estimated Number of Respondents: Below is a preliminary estimate of the aggregate burden hours for this new collection. The Agency will provide refined estimates of burden in subsequent notices.

Estimated Number of Respondents per Activity: One response per respondent per activity.

Estimated Annual Responses: 900.

Estimated Annual Hour Burden: 832.5.

The public is invited to submit comments regarding any aspect of this information collection, including the following: (1) The necessity and utility of the proposed information collection for the proper performance of the Agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden of those who are required to respond to the request for information.

Curtis B. Rich,

Agency Clearance Officer.
