Total Annual Burden	412,708

General Description of Collection: The information collection includes reporting and recordkeeping burdens related to sound risk management principles applicable to insured depository institutions. To enable an institution and its supervisor to evaluate the liquidity risk exposure of an institution’s individual business lines and for the institution as a whole, the Interagency Policy Statement on Funding and Liquidity Risk Management (Interagency Statement) summarizes principles of sound liquidity risk management and advocates the establishment of policies and procedures that consider liquidity costs, benefits, and risks in strategic planning. In addition, the Interagency Statement encourages the use of liquidity risk reports that provide detailed and aggregate information on items such as cash flow gaps, cash flow projections, assumptions used in cash flow projections, asset and funding concentrations, funding availability, and early warning or risk indicators. This is intended to enable management to assess an institution’s sensitivity to changes in market conditions, the institution’s financial performance, and other important risk factors. There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the number of respondents.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information

technology. All comments will become a matter of public record.

B. Needs and Uses

DoD, GSA, and NASA are combining OMB Control Nos. for the Federal Acquisition Regulation (FAR) by FAR part. This consolidation is expected to improve industry’s ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the revision of OMB Control No. 9000–0082 and combines it with the previously approved information collection under OMB Control No. 9000–0114, with the new title “Federal Acquisition Regulation Part 7 Requirements”. Upon approval of this consolidated

information collection, OMB Control No. 9000–0114 will be discontinued. The burden requirements previously approved under the discontinued number will be covered under OMB Control No. 9000–0082.

This clearance covers the information that offerors or contractors must submit to comply with the following FAR requirements:

FAR clause 52.207–3, Right of First Refusal of Employment, requires contractors to provide the contracting officer, within 120 days of beginning contract performance, the names of personnel who were: Adversely affected or separated from Government employment as a result of the contract award; and subsequently hired by the contractor to perform under the contract within 90 days after contract performance began. The information provided under this clause is used by the Government to ensure: Contractor compliance with providing the right of first refusal to such affected personnel; and certain obligations to displaced employees are met by the Government.

FAR provision 52.207–4, Economic Purchase Quantity—Supplies, permits offerors, who believe that acquisition of supplies in quantity different from what is being solicited would be more advantageous to the Government, to recommend with their offer a more economic purchase quantity for the required supplies. The information provided under this provision is used by the Government to acquire supplies at the total and unit costs most advantageous to the Government and to develop a database for future acquisitions of such items of supply.

C. Annual Burden

Respondents: 14,510.

Total Annual Responses: 14,510.

Total Burden Hours: 14,530.

Notice of Establishment of a Federal Advisory Committee

AGENCY: Office of Government-wide Policy (OGP), General Services Administration (GSA).

ACTION: Notice.

SUMMARY: The U.S. General Services Administration (GSA) is announcing the establishment of the GSA Acquisition Policy Federal Advisory Committee (hereinafter “the Committee” or “the GAP FAC”) in accordance with the provisions of the Federal Advisory Committee Act (FACA).

DATES: June 21, 2022.

FOR FURTHER INFORMATION CONTACT: Boris Arratia, OGP, 703–795–0816, or Stephanie Hardison, OGP, 202–258–6823, or email: gapfac@gsa.gov.

SUPPLEMENTARY INFORMATION: The Administrator of GSA established the GSA Acquisition Policy Federal Advisory Committee (GAP FAC) as a discretionary advisory committee under agency authority in accordance with the provisions of FACA (5 U.S.C. App 2). GSA has determined that the establishment of GAP FAC is necessary and in the public interest.

As America’s buyer, GSA is uniquely positioned to enable a modern, accessible, and streamlined acquisition ecosystem and a robust marketplace connecting buyers to the suppliers and businesses that meet their mission needs. The GAP FAC will assist GSA in this endeavor through expert advice on a broad range of innovative solutions to acquisition policy, workforce and industry partnership challenges.

The GAP FAC will serve as an advisory body to GSA’s Administrator on how GSA can use its acquisition tools and authorities to target the highest priority Federal acquisition challenges. The GAP FAC will advise GSA’s Administrator on emerging acquisition issues, challenges, and opportunities to support its role as America’s buyer. The initial focus for

the GAP FAC will be on driving regulatory, policy, and process changes required to embed climate and sustainability considerations in Federal acquisition. This includes examining and recommending steps GSA can take to support its workforce and industry partners in ensuring climate and sustainability issues are fully considered in the acquisition process. In accordance with FACA, the charter for the Committee will be filed with the appropriate entities no earlier than 15 calendar days following the date of publication of this notice.

Krystal Brumfield,

Associate Administrator, Office of Government-wide Policy, General Services Administration.
