

environmental analysis for this action because it would not directly affect the air emissions of particular sources. Because this action will not directly affect the air emissions of particular sources, it does not affect the level of protection provided to human health or the environment. Therefore, this action will not have potential disproportionately high and adverse human health or environmental effects on minority, low-income or indigenous populations.

V. Statutory and Executive Order Reviews

A. Executive Orders 12866: Regulatory Planning and Executive Order 13563: Improving Regulation and Regulatory Review

This action is not a significant regulatory action and was, therefore, not submitted to the Office of Management and Budget (OMB) for review.

B. Paperwork Reduction Act

This action does not impose an information collection burden under the provisions of the Paperwork Reduction Act. This final action does not establish any new information collection requirement apart from what is already required by law. This finding relates to the requirement in the CAA for states to submit SIPs under section 110(a)(2)(D)(i)(I) of the CAA for the 2015 ozone NAAQS.

C. Regulatory Flexibility Act (RFA)

This action is not subject to the RFA. The RFA applies only to rules subject to notice and comment rulemaking requirements under the Administrative Procedure Act (APA), 5 U.S.C. 553 or any other statute. This action is not subject to notice and comment requirements because the agency has invoked the APA “good cause” exemption under 5 U.S.C. 553(b).

D. Unfunded Mandates Reform Act of 1995 (UMRA)

This action does not contain any unfunded mandate as described in UMRA 2 U.S.C. 1531–1538 and does not significantly or uniquely affect small governments. The action imposes no enforceable duty on any state, local or tribal governments or the private sector.

E. Executive Order 13132: Federalism

This action does not have federalism implications. It will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government.

F. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This action does not have tribal implications as specified in Executive Order 13175. This action finds that Alabama has failed to complete the requirement in the CAA to submit a SIP under section 110(a)(2)(D)(i)(I) of the CAA for the 2015 ozone NAAQS. No tribe is subject to the requirement to submit a transport SIP under section 110(a)(2)(D)(i)(I) of the CAA for the 2015 ozone NAAQS. In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. Thus, Executive Order 13175 does not apply to this action.

G. Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

EPA interprets Executive Order 13045 as applying only to those regulatory actions that concern health or safety risks that EPA has reason to believe may disproportionately affect children, per the definition of “covered regulatory action” in section 2–202 of the Executive Order. This action is not subject to Executive Order 13045 because it is a finding that Alabama has failed to submit a complete SIP that satisfies interstate transport requirements under section 110(a)(2)(D)(i)(I) of the CAA for the 2015 ozone NAAQS and does not directly or disproportionately affect children.

H. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution or Use

This action is not subject to Executive Order 13211, because it is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer and Advancement Act

This rulemaking does not involve technical standards.

J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations

EPA believes the human health or environmental risk addressed by this action will not have potential disproportionately high and adverse human health or environmental effects on minority, low-income, or indigenous populations. In finding that Alabama has failed to submit a complete SIP that satisfies the interstate transport requirements under section 110(a)(2)(D)(i)(I) of the CAA for the 2015

ozone NAAQS, this action does not adversely affect the level of protection provided to human health or the environment.

K. Congressional Review Act (CRA)

This action is subject to the CRA, and EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

L. Judicial Review

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 22, 2022. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see CAA section 307(b)(2)).

The Commission is directed by statute (New and Emerging Technologies 911 Improvement Act of 2008, Public Law

110-283, 122 Stat. 2620 (2008) (NET 911 Act), as amended by the Consolidated Appropriations Act, 2021, Public Law 116-260, Division FF, Title IX, Section 902, Don't Break Up the T-Band Act of 2020 (section 902)), to submit an annual "Fee Accountability Report" to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Energy and Commerce of the House of Representatives "detailing the status in each State of the collection and distribution of [911 fees or charges], and including findings on the amount of revenues obligated or expended by each State or political subdivision thereof for any purpose or function other than the purposes and functions designated in the final rules issued under paragraph (3) as purposes and functions for which the obligation or expenditure of any such fees or charges is acceptable." 47 U.S.C. 615a-1(f)(2), as amended. Section 615a-1(f)(3) of the statute directs the Commission, not later than 180 days after December 27, 2020, to "issue final rules designating purposes and functions for which the obligation or expenditure of 9-1-1 fees or charges, by any State or taxing jurisdiction authorized to impose such a fee or charge, is acceptable." 47 U.S.C. 615a-1(f)(3), as amended. The statute directs the Commission to submit its first annual report within one year after the date of enactment of the NET 911 Act. Given that the NET 911 Act was enacted on July 23, 2008, the first annual report was due to Congress on July 22, 2009. In addition, the statute provides that "[i]f a State or taxing jurisdiction . . . receives a grant under section 942 of this title after December 27, 2020, such State or taxing jurisdiction shall, as a condition of receiving such grant, provide the information requested by the Commission to prepare [the annual Fee Accountability Report to Congress]." 47 U.S.C. 615a-1(f)(4), as amended.

Description of Information Collection: The Commission will collect information for the annual preparation of the Fee Accountability Report via a web-based survey that appropriate state officials (e.g., state 911 administrators and budget officials) will be able to access to submit data pertaining to the collection and distribution of fees or charges for the support or implementation of 911 or enhanced 911 services, including data regarding whether their respective state collects and distributes such fees or charges, as well as the nature (e.g., amount and method of assessment or collection) and the amount of revenues obligated or

expended for any purpose or function other than the purposes and functions designated as acceptable in the Commission's final rules. Consistent with 47 U.S.C. 615a-1(f)(3)(D)(iii), the Commission will request that state officials report this information with respect to 911 fees or charges within their state, including any political subdivision, Indian Tribe, or village or regional corporation serving a region established pursuant to the Alaska Native Claims Settlement Act within their state boundaries. 47 U.S.C. 615a-1(f)(3)(D)(iii). In addition, consistent with the definition of "State" set out in 47 U.S.C. 615b, the Commission will collect this information from the District

of Columbia and the inhabited U.S. territories and possessions. 47 U.S.C. 615b.
