SOCIAL SECURITY ADMINISTRATION
[Docket No. SSA-2022-0020]
Maximum Dollar Limit in the Fee Agreement Process
AGENCY: Social Security Administration.
ACTION: Notice.

SUMMARY: We are increasing the maximum dollar amount limit for fee agreements approved under the Social Security Act (the Act) to \$7,200. Effective November 30, 2022, we may approve fee agreements up to the new dollar limit, provided that the fee agreement otherwise meets the statutory conditions of the agreement process.
DATES: We will apply this notice beginning on November 30, 2022.
FOR FURTHER INFORMATION CONTACT: Mary Quatroche, Office of Vocational, Evaluation, and Process Policy in the Office of Disability Policy, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235-6401 (410)-966-4794.
 For information on eligibility or filing for benefits, call SSA's national toll-free number, 1-800-772-1213 or TTY 1-800-325-0778, or visit SSA's internet site, Social Security Online at <http://www.socialsecurity.gov>.
SUPPLEMENTARY INFORMATION: The Act provides a streamlined process for a representative to obtain approval of the fee the representative wishes to charge for representing a claimant before us.¹ To use that process, the representative(s) and the claimant must agree, in writing, to a fee that does not exceed the lesser of 25 percent of past due benefits or a prescribed dollar

amount. Section 5106 of the Omnibus Budget Reconciliation Act (OBRA) of 1990, Public Law 101-508, set the initial fee amount at \$4,000 and gave the Commissioner the authority to increase it periodically, provided that the cumulative rate of increase did not at any time exceed the rate of increase in the primary insurance amount (PIA) since January 1, 1991. The law further provided that notice of any increased amount shall be published in the **Federal Register**. On February 4, 2009, we published a notice raising the maximum fee to \$6,000, effective June 22, 2009, which is the current maximum dollar amount for fee agreements.²
 With this notice, we announce that the maximum dollar amount for fee agreements will increase to \$7,200, effective November 30, 2022. This increase does not exceed the rate of increase provided in the OBRA of 1990. We expect that this increase will compensate representatives for their services while ensuring claimants are protected from excessive fees.
 In setting the new cap, we considered a number of factors, including: feedback we received about the current fee cap, the Cost of Living Adjustment rates, PIAs, data about fees authorized under the current fee cap, increases in disability benefits, data about case backlogs, and the effects on our claimants.
 Beginning November 30, 2022, decision makers may approve a fee agreement up to the new dollar limit if the fee agreement meets the statutory conditions for approval, no exceptions to the fee agreement process exist, and the favorable determination or decision is issued on or after this date. We are setting this date to ensure there is adequate time to provide training and guidance to our employees and to make necessary changes in our information technology infrastructure.
 The Acting Commissioner of Social Security, Kilolo Kijakazi, Ph.D., M.S.W.,

having reviewed and approved this document, is delegating the authority to electronically sign this document to Faye I. Lipsky, who is the primary **Federal Register** Liaison for the Social Security Administration, for purposes of publication in the **Federal Register**.

DEPARTMENT OF TRANSPORTATION
Federal Transit Administration
Early Scoping Notice for the Metropolitan Atlanta Rapid Transit Authority's (MARTA) Proposed Clifton Corridor Transit Initiative in Fulton County and DeKalb County, Georgia
AGENCY: Federal Transit Administration (FTA), Department of Transportation (DOT).
ACTION: Early scoping notice.

SUMMARY: The Federal Transit Administration (FTA) and Metropolitan Atlanta Rapid Transit Authority (MARTA) issue this early scoping notice to advise tribes, agencies, and the public that FTA and MARTA will explore potential alternatives for high-capacity, fixed-guideway transit extending from Lindbergh Center in the City of Atlanta, Fulton County, GA to the City of Decatur in DeKalb County, GA. The project would enhance mobility and accessibility by providing a more robust transit network by linking to existing heavy rail transit lines, with the potential to connect to other planned regional transit expansion projects. This notice invites the public and agency officials to help support the ongoing alternatives analysis and system planning efforts by reviewing information and commenting.

metro area's major regional jobs corridors that includes the Centers for Disease Control and Prevention (CDC), Emory University and Hospital, the Atlanta Veterans Affairs (VA) Medical Center, Emory Decatur Hospital, and several clusters of growing multi-family residential, office, and commercial centers. The project would enhance mobility and accessibility to and within the study corridor by providing a more robust transit network that offers an alternative to automobile travel and would link to existing heavy rail transit lines, with the potential to connect to other planned regional transit expansion projects. The current study evaluates transit modal alternatives that would operate in or adjacent to the CSX Transportation freight rail corridor from the Lindbergh Center MARTA station area to a point near Belt Junction at the Emory-Clairmont Campus in DeKalb County. Transit service would continue east along either: (a) North Decatur Road, DeKalb Industrial Way, N Arcadia Way and E Ponce de Leon Avenue to the Avondale MARTA Station; or (b) continue along Clairmont Avenue to the Decatur MARTA Station.

Project Context and History

The Clifton Corridor Transit Initiative was initiated by MARTA in 2009, in cooperation with the Clifton Corridor Transportation Management Association (CCTMA), to identify and select a transit solution that would provide access to the CDC and Emory University and Hospital Area. An initial alternatives analysis study evaluated several alignment and transit mode alternatives and resulted in a Locally Preferred Alternative (LPA) that was adopted by the MARTA Board of Directors in 2012. Since that time, MARTA has evaluated an extensive number of additional alternatives to maximize operational efficiency and ridership potential, reduce project costs, and reduce environmental and community impacts in a highly complex study area with limited right-of-way (ROW), freight rail, established historic and residential areas, and a rapid pace of real estate development.

Next Steps

FTA and MARTA invite comments on all planning activities and developments, which include, but are not limited to, the Purpose and Need of the Project, the Project study area, potential impacts, and potential alternatives. At the end of the alternatives analysis process, FTA and MARTA anticipate identifying a preferred mode and corridor for further evaluation during the NEPA process.

The classification of the NEPA documentation (Categorical Exclusion, Environmental Assessment, or Environmental Impact Statement) will be determined by FTA at the end of the alternatives analysis. If the preferred mode and alignment involve the potential for significant environmental impacts, an EIS may be required. If an EIS is required, a Notice of Intent to Prepare an EIS will be published in the **Federal Register** by FTA, and the public and interested agencies will have the opportunity to participate in a review and comment period on the scope of the EIS.

Authority: 49 CFR 622.101, 23 CFR 771.111, and 40 CFR 1501.7.

Yvette Taylor,

Regional Administrator.
