DEPARTMENT OF DEFENSE

Department of the Navy
[Docket ID USN–2022–HQ–0008]

Submission for OMB Review; Comment Request

AGENCY: Department of the Navy, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by August 1, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Angela Duncan, 571–372–7574, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title: Associated Form and OMB Control Number: Deputy Secretary of Defense; Marine Corps Officer Candidate Program: NAVMC Form 10469; OMB Control Number 0703–0011.

Type of Request: Revision.

Number of Respondents: 3,500.

Responses per Respondent: 1.

Average Burden Per Response: 15 minutes.

Annual Burden Hours: 875.

Needs And Uses: The information collected through NAVMC Form 10469, “Academic Certification for Marine Corps Officer Candidate Program,” is needed to verify a potential officer candidate’s academic qualifications and mental qualifying scores. When an applicant is interested in joining the Marine Corps as an Officer, they must contact a Marine Corps Officer Selection Officer (OSO). An OSO will then conduct an initial interview with the applicant in which they will be asked to disclose where he or she attended college. The OSO will go to the colleges or universities that the applicant listed during the initial interview. The OSO takes the NAVMC Form 10469 to the college or university of the applicant where the respondent, a school official, will fill out the form with information on the student’s degree plan, major, credit hours, and grades. The school official will then sign the form, verifying the information to be true, and return it to the OSO in person. The data from the NAVMC 10469 is scanned and uploaded into the Marine Corps Recruiting Command’s Automated Commissioning Package (ACP) database. The form is included in a potential officer’s application. Once this form is scanned into the ACP, the hard copy of the form is destroyed. The ACP is then uploaded into the Marine Corps Recruiting Command Administrative Portal, where the forms are stored permanently.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent’s Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.
You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

• Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket ID number, and title for this Federal Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at http://www.regulations.gov as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Angela Duncan.

Requests for copies of the information collection proposal should be sent to Ms. Duncan at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

Dated: June 24, 2022.

Aaron T. Siegel, Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF EDUCATION

Applications for New Awards; Modeling and Simulation Program

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice.

SUMMARY: The Department of Education is issuing a notice inviting applications for new awards for fiscal year (FY) 2022 for the Modeling and Simulation Program (MSP), Assistance Listing Number 84.116S. This notice relates to the approved information collection under OMB control number 1894–0006.

DATES:

ADDRESSES: For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on December 27, 2021 (86 FR 73264) and available at www.federalregister.gov/d/2021–27979. Please note that these Common Instructions supersede the version published on February 13, 2019, and, in part, describe the transition from the requirement to register in SAM.gov a Data Universal Numbering System (DUNS) number to the implementation of the Unique Entity Identifier (UEI). More information on the phase-out of DUNS numbers is available at https://www2.ed.gov/about/offices/list/ofo/docs/unique-entity-identifier-transition-fact-sheet.pdf.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7–1–1.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The MSP is designed to promote the study of modeling and simulation at institutions of higher education (IHEs) by promoting the enhancement or development of modeling and simulation degree and certificate programs. Additionally, through this program, the Department will create a task force that will include successful grantees and other content experts to raise awareness and help further define the study of modeling and simulation.

Background: Modeling and simulation programs utilize simulated interactive models of real world scenarios to improve experiential learning in the classroom. According to House Report 117–96, which accompanied the FY 2022 appropriations bill for the Departments of Labor, Health and Human Services, Education, and related agencies,
“modeling and simulation technology has numerous applications for Federal and State governments and their partners in the defense, education, gaming, shipbuilding, and workforce training sectors, allowing them to generate data to help make decisions or predictions about their systems.”¹ These technologies aid in the development of tools or techniques in numerous industries where real world education and training for high-risk or dangerous situations are not realistic. This program seeks to fund the development or enhancement of certificate and degree programs focused on modeling and simulation. Through grant support, we hope to increase the availability and capacity of such certificate and degree programs in the field of modeling and simulation. In FY 2021, the Department provided funding to five IHEs to develop and enhance degree programs in this field. Given the additional funding for this program in FY 2022, the Department will fund additional applicants to expand opportunities for students who are interested in pursuing this type of degree program.

In addition, the MSP includes a task force to provide input into the development of curriculum and research on the instructional methods and pedagogy needed to further develop modeling and simulation programs. Applicants funded under this program will be members of the task force and should include funding requests in their budgets for activities associated with task force membership, in addition to the amount requested for program implementation. In accordance with section 891(b)(1) of the Higher Education Act of 1965, as amended (HEA), the activities of the task force will include helping to define the study of modeling and simulation (including the content of modeling and simulation classes and programs), identifying best practices for such study, identifying core knowledge and skills that individuals who participate in modeling and simulation programs should acquire, and providing recommendations to the Secretary on these topics and on grants distribution. The budget for participation in the task force should be included in the budget narrative and should include travel for at least two or three grantee representatives for two or three in-person meetings and/or site visits to organizations using modeling and simulation technologies to help expand awareness. Budgets should also include costs related to the development of white papers or other resources so that grantees can share the knowledge gained through their funded programs, as well as other lessons learned from the task force convenings.

Priorities: This notice contains two absolute priorities and one competitive preference priority. Applicants may only apply under one of the two absolute priorities. In accordance with 34 CFR 75.105(b)(2)(iv), the absolute priorities are from the authorizing statute (section 891 of the HEA, 20 U.S.C. 1161v). The competitive preference priority is from the Secretary’s Supplemental Priorities and Definitions for Discretionary Grants Programs, published in the Federal Register on December 10, 2021 (86 FR 70612) (Supplemental Priorities).

Absolute Priorities: These priorities are absolute priorities. Under 34 CFR 75.105(c)(3), we consider only applications that meet one of these priorities. Applicants must specify which absolute priority they are responding to in their application abstract.

These priorities are: Absolute Priority 1—Enhancing Modeling and Simulation at Institutions of Higher Education.

To be considered for a grant under this absolute priority, an eligible institution must include in its application—
(a) A letter from the president or provost of the eligible institution that demonstrates the institution’s commitment to the enhancement of the modeling and simulation program at the institution of higher education;
(b) An identification of designated faculty responsible for the enhancement of the institution’s modeling and simulation program;
(c) A detailed plan for how the grant funds will be used to enhance a modeling and simulation program of the institution; and
(d) Evidence that the institution has an established modeling and simulation degree program, including a major, minor, or career-track program; or has an established modeling and simulation certificate or concentration program.

Absolute Priority 2—Establishing Modeling and Simulation Programs.

To be considered for a grant under this absolute priority, an eligible institution must include in its application—
(a) A letter from the president or provost of the eligible institution that demonstrates the institution’s commitment to the establishment of a modeling and simulation program at the institution of higher education;
(b) A detailed plan for how the grant funds will be used to establish a modeling and simulation program at the institution; and
(c) A description of how the modeling and simulation program established under this priority will complement existing programs and fit into the institution’s current program and course offerings.

Competitive Preference Priority: For FY 2022 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 3 points to an application, depending on how well the application meets this priority.

This priority is: Competitive Preference Priority—Promoting Equity in Student Access to Educational Resources and Opportunities (up to 3 points).

Under this priority, an application must demonstrate that the project will be implemented by or in partnership with one or more of the following entities:
(a) Community colleges (as defined in this notice).
(b) Historically Black colleges and universities (as defined in this notice).
(c) Tribal Colleges and Universities (as defined in this notice).
(d) Minority-serving institutions (as defined in this notice).

Definitions: The definition of “modeling and simulation” is from section 891 of the HEA. The definitions of “community college,” “Historically Black colleges and universities,” “Minority-serving institution,” and “Tribal College or University,” are from the Supplemental Priorities. The remaining definitions are from 34 CFR 77.1.

Community college means “junior or community college” as defined in section 312(f) of the HEA. Demonstrates a rationale means a key project component included in the project’s logic model is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes.

Historically Black colleges and universities means colleges and universities that meet the criteria set out in 34 CFR 608.2.

Logic model (also referred to as a theory of action) means a framework that identifies key project components of the proposed project (i.e., the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the theoretical and operational relationships among the

key project components and relevant outcomes.

Minority-serving institution means an institution that is eligible to receive assistance under sections 316 through 320 of part A of title III, under part B of title III, or under title V of the HEA.

Modeling and simulation means a field of study related to the application of computer science and mathematics to develop a level of understanding of the interaction of the parts of a system and of a system as a whole.

Project component means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual project component or to a combination of project components (e.g., training teachers in instructional practices for English learners and follow-on coaching for these teachers).

Relevant outcome means the student outcome(s) or other outcome(s) the key project component is designed to improve, consistent with the specific goals of the program.

Tribal College or University has the meaning ascribed it in section 316(b)(3) of the HEA.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The Supplemental Priorities.

II. Award Information

Type of Award: Discretionary grant.

Estimated Available Funds:

$7,920,000. Approximately 50 percent of available funds will be used to fund awards under Absolute Priority 1, and approximately 50 percent of available funds will be used to fund awards under Absolute Priority 2.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in subsequent years from the list of unfunded applications from this competition.

Estimated Range of Awards: $750,000 to $1,155,000.

Estimated Average Size of Awards: $866,250.

Maximum Award: We will not make an award exceeding $1,155,000 for the entire project period of 36 months.

Note: Applicants should set aside sufficient funds to carry out activities related to task force participation. A listing of line-item costs associated with task force activities must include travel for at least two or three grantees representatives for two or three annual meetings to be held in Washington, DC, and/or site visits to organizations using modeling and simulation technologies to help expand awareness, and costs associated with a white paper outlining lessons learned from the enhanced or established modeling and simulation program.

Estimated Number of Awards: 6–9.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 36 months.

III. Eligibility Information

1. Eligible Applicants: A public or private nonprofit institution of higher education, as defined in section 101(a) of the HEA.

2. a. Cost Sharing or Matching: In accordance with the requirements in section 891(c)(1)(D) and (d)(1)(D) of the HEA, each eligible institution receiving a grant under this program must provide, from non-Federal sources, in cash or in-kind, an amount equal to 25 percent of the amount of the grant to carry out the activities supported by the grant.

b. Indirect Cost Rate Information: This program uses an unrestricted indirect cost rate. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see www2.ed.gov/about/offices/list/ofo/intro.pdf.

c. Administrative Cost Limitation: This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

3. Subgrantees: A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

IV. Application and Submission Information

1. Application Submission Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on December 27, 2021 (86 FR 73264) and available at www.federalregister.gov/d/2021-27979, which contain requirements and information on how to submit an application. Please note that these Common Instructions supersede the version published on February 13, 2019, and, in part, describe the transition from the requirement to register in SAM.gov a DUNS number to the implementation of the UEL. More information on the phase-out of DUNS numbers is available at https://www2.ed.gov/about/offices/list/ofo/docs/unique-entity-identifier-transition-fact-sheet.pdf.

2. Submission of Proprietary Information: Given the types of projects that may be proposed in applications for the Modeling and Simulation Program, your application may include business information that you consider proprietary. In 34 CFR 5.11 we define “business information” and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended). Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application under “Other Attachments Form,” please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. Intergovernmental Review: This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal
Programs under Executive Order 12372 is in the application package for this competition.

4. Funding Restrictions: In accordance with section 891(d)(3) of the HEA, a grant awarded under Absolute Priority 1, Enhancing Modeling and Simulation at IHEs, must be used by an eligible institution to enhance modeling and simulation programs at the institution, which may include—

(a) Expanding the multidisciplinary nature of the institution’s modeling and simulation programs;
(b) Recruiting students into the field of modeling and simulation through the provision of fellowships or assistantships;
(c) Creating new courses to complement existing courses and reflect emerging developments in the modeling and simulation field;
(d) Conducting research to support new methodologies and techniques in modeling and simulation; and
(e) Purchasing equipment necessary for modeling and simulation programs. In accordance with section 891(d)(3) of the HEA, a grant awarded under Absolute Priority 2, Establishing Modeling and Simulation at IHEs, must be used by an eligible institution to establish modeling and simulation programs at the institution, which may include—

(a) Establishing, or working toward the establishment of, a modeling and simulation program, including a major, minor, career-track, certificate, or concentration program at the eligible institution;
(b) Providing adequate staffing to ensure the successful establishment of the modeling and simulation program, which may include the assignment of full-time dedicated or supportive faculty; and
(c) Purchasing equipment necessary for modeling and simulation programs.

We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

5. Recommended Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 50 pages and (2) use the following standards:

• A “page” is 8.5” × 11”, on one side only, with 1” margins at the top, bottom, and both sides.
• Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
• Use a font that is either 12 point or larger, and no smaller than 10 pitch (characters per inch).
• Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit applies to the application narrative, which is your complete response to the selection criteria and any response to the competitive preference priority. However, the recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support.

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210. The points assigned to each criterion are indicated in parentheses next to the criterion. An application may earn a maximum of 100 points based on the selection criteria. Applications may receive up to 3 additional points under the competitive preference priority, for a total score of up to 103 points. All applications will be evaluated based on the selection criteria as follows:

(a) Significance. (Maximum 25 points)
   (1) The Secretary considers the significance of the proposed project.
   (2) In determining the significance of the proposed project, the Secretary considers the following factors:
   (i) The extent to which the proposed project is likely to yield findings that may be utilized by other appropriate agencies and organizations. (up to 5 points)
   (ii) The extent to which the proposed project involves the development or demonstration of promising new strategies that build on, or are alternatives to, existing strategies. (up to 10 points)
   (iii) The extent to which the time commitments of the principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(b) Quality of project personnel. (Maximum 5 points)
   (1) The Secretary considers the adequacy of the resources for the proposed project.
   (2) In determining the adequacy of resources for the proposed project, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. (up to 2 points)
   (3) In addition, the Secretary considers the qualifications, including relevant training and experience, of the project director or principal investigator. (up to 3 points)

(c) Adequacy of resources. (Maximum 5 points)
   (1) The Secretary considers the adequacy of the management plan for the proposed project.
   (2) In determining the adequacy of resources for the proposed project, the Secretary considers the adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization.
   (d) Quality of the management plan. (Maximum 5 points)
   (1) The Secretary considers the quality of the management plan for the proposed project.
   (2) In determining the quality of the management plan for the proposed project, the Secretary considers the extent to which the time commitments of the principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(e) Quality of the project evaluation. (Maximum 10 points)
   (1) The Secretary considers the extent to which the proposed activities constitute a coherent, sustained program of training in the field. (up to 10 points)
   (ii) The extent to which the proposed project demonstrates a rationale (as defined in this notice). (up to 10 points)

(f) Quality of the project evaluation. (Maximum 10 points)
   (1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.
(2) In determining the quality of the evaluation, the Secretary considers the following factors:
   (i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project. (up to 5 points)
   (ii) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes. (up to 5 points)

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.206, before awarding grants under this competition, the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards— that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review the information to FAPIIS semiannually. Please note that, if your application is not evaluated or not selected for funding, we notify you informally, also.

5. In General: In accordance with the Office of Management and Budget’s guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with:
   (a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);
   (b) Prohibiting the purchase of certain telecommunications and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);
   (c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 201.22); and
   (d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effects the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately...
identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report. Intermingling financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. Performance Measures: For purposes of Department reporting under CFR 75.110, the Department will use the following performance measures to evaluate the success of the MSP:

(a) The number of students enrolled in the established and enhanced modeling and simulation programs, including major, minor, career-track, certificate, and concentration programs.

(b) The number of new modeling and simulation courses in established and enhanced programs developed under the MSP that reflect emerging developments in the modeling and simulation field.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Other Information

Accessible Format: On request to the program contact person listed under FOR FURTHER INFORMATION CONTACT, individuals with disabilities can obtain this document and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format. Electronic Access to This Document: The official version of this document is the document published in the Federal Register. You may access the official edition of the Federal Register and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the Federal Register, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site. You may also access documents of the Department published in the Federal Register by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Michelle Asha Cooper,
Acting Assistant Secretary for Postsecondary Education.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension without change of a currently approved collection.

DATES: Interested persons are invited to submit comments on or before August 29, 2022.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use http://www.regulations.gov by searching the Docket ID number ED–2022–SCC–0087. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at http://www.regulations.gov by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDOcketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W208D, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202–377–4018.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will the information be processed and used in a timely manner; (3) is the estimate of burden accurate;
