Title: Proof of Concept Application (POC) for New Charter Organizing Groups.

Abstract: The Office of Credit Union Resources and Expansion (CURE) is responsible for the review and approval of charter applications submitted by organizing groups. CURE has implemented a charter modernization process to improve the quality of charter applications received. This will help ensure organizing groups submit a well-thought out, well-developed charter plan to minimize the back-and-forth communication and improve overall chartering processing times. CURE management implemented the Proof of Concept (POC) data collection through the CyberGrants system, which documents the four most critical elements for establishing a new charter. This is "Phase 1" of the process.

The purpose of this information collection is to identify the level of understanding an organizing group has before they make a formal charter application submission as prescribed by Appendix B to 12 CFR part 701 (12 U.S.C. 1758, 1759).
