If you have questions on viewing or submitting material to the docket, contact Dockets Operations at (202) 366-9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA-2022-0137), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to www.regulations.gov and put the docket number (“FMCSA-2022-0137”) in the “Keyword” box, and click “Search.” When the new screen appears, click on the “Comment Now!” button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit. If you submit your comments by mail or hand delivery, submit them in an unbound format, no

larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption and the regulatory provision from which the exemption is granted. The notice must specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Applicant’s Request

NGWA seeks an exemption from the ELDT regulations “for individuals operating class B ground water well drilling rigs.” NGWA states that it is the country’s largest professional trade association representing water well contractors, groundwater scientists, and manufacturers and suppliers of groundwater technology. According to NGWA, the exemption “could save hundreds of hours each year for water well contractors.”

A copy of NGWA’s application for exemption is available for review in the docket for this notice.

IV. Request for Comments

In accordance with 49 U.S.C. 31315(b), FMCSA requests public comment from all interested persons on NGWA’s application for an exemption. All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available

for examination in the docket at the location listed under the Addresses section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

Larry W. Minor,

Associate Administrator for Policy.

[Docket No. FTA-2022-0018]

National Transit Database Reporting Changes and Clarifications

AGENCY: Federal Transit Administration, Department of Transportation (DOT).

ACTION: Notice; Request for comments.

SUMMARY: This notice provides information on proposed changes and clarifications to the National Transit Database (NTD) reporting requirements. Some of the proposed NTD changes would take effect beginning in NTD report year (RY) 2023 or 2024, which corresponds to an agency's fiscal year, while others would take effect in calendar year (CY) 2023.

DATES: Comments are due by September 6, 2022. The Federal Transit Administration (FTA) will consider late comments to the extent practicable.

ADDRESSES: You may file comments identified by docket number FTA-2022-0018 by any of the following methods:

- *Federal eRulemaking Portal:* Go to <https://www.regulations.gov> and follow the online instructions for submitting comments.
- *Mail:* Send comments to Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.
- *Hand Delivery or Courier:* West Building Ground Floor, Room W12-140, 1200 New Jersey Ave. SE, between 9:00 a.m. and 5:00 p.m. ET, Monday through Friday, except Federal holidays.
- *Fax:* Fax comments to Docket Management Facility, U.S. Department of Transportation, at (202) 493-2251.

Instructions: You must include the agency name (Federal Transit Administration) and Docket Number (FTA-2022-0018) for this notice, at the beginning of your comments. If sent by mail, submit two copies of your comments.

Electronic Access and Filing: This document and all comments received may be viewed online through the Federal eRulemaking portal at <http://www.regulations.gov> or at the street address listed above. Electronic submission, retrieval help, and guidelines are available on the Federal eRulemaking portal website. The website is available 24 hours each day, 365 days a year. Please follow the instructions. An electronic copy of this document may also be downloaded from the Office of the Federal Register's home page at <https://www.federalregister.gov>.

Privacy Act: Except as provided below, all comments received into the docket will be made public in their entirety. The comments will be searchable by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.) You should not include information in your comment that you do not want to be made public. You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78) or at <https://www.transportation.gov/privacy>.

A. Background and Overview

The National Transit Database (NTD) was established by Congress to be the Nation's primary source for information and statistics on the transit systems of the United States. Recipients and beneficiaries of Federal Transit Administration (FTA) grants under either the Urbanized Area Formula Program (49 U.S.C. 5307) or Rural Area Formula Program (49 U.S.C. 5311) are required by law to report to the NTD. FTA grantees that own, operate, or manage public transportation capital

assets are required to provide more limited reports to the NTD regarding Transit Asset Management.

Pursuant to 49 U.S.C. 5334(k), FTA is seeking public comment on five proposed NTD reporting changes and clarifications. These proposals are based on changes to Federal transportation law made by the Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act (Pub. L. 117-58) and based on input from the transit industry. These proposed changes are not related to safety and security (S&S) reporting, as FTA is proposing S&S changes in a separate **Federal Register** notice. The information below describes anticipated reporting impacts from each proposed change or clarification, as well as the proposed effective date of each change. FTA seeks comments on the proposed changes and clarifications described below. All impacts or changes described below are proposed and subject to finalization in a future notice.

B. New Sample-Based Monthly Data (WE-20)

During the recent COVID-19 pandemic, FTA found that it did not have timely data on transit ridership or transit service levels that was sufficient to inform decision-makers at the Federal, State, and local levels during a rapidly changing crisis situation. To better understand changes in the transit industry on a timely basis, FTA proposes to collect additional data from a sample set of modal reports from across the universe of full, reduced, tribal, and rural reporters on a new WE-20 Form. The goal of the sample is to obtain a representative nationwide snapshot of transit ridership and transit service levels. The sampling methodology would use a stratified random sampling based on region, mode, and other factors. FTA would then make sampling adjustments as needed based on unavailable modes, reporters without weekly data access, or other factors. Sampling may not be purely random to ensure the accuracy of the nationwide estimate of ridership and service levels. Therefore, NTD reporters with the largest service levels nationally or regionally may be more likely to be selected multiple times to ensure the accuracy of the nationwide estimate.

For the sampled modes, FTA proposes to collect four data points once each month:

- Weekday 5-day unlinked passenger trip (UPT) total for the reference week;
- Weekday 5-day vehicle revenue miles (VRM) total for the reference week;
