BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Application for Self- Insurance Under the Black Lung Benefits Act

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Office of Workers' Compensation Programs (OWCP)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before August 10, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202-693-0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This information collection is essential to the mission of OWCP's Division of Coal Mine Workers' Compensation, which administers the Black Lung Benefits Act (BLBA). The statute grants the

Department authority to authorize and regulate coal mine operators who wish to self-insure their BLBA liabilities. This information collection would provide OWCP with sufficient information to determine whether a coal mine operator should be (or continue to be) authorized to self-insure. The information would also allow OWCP to determine the security amount a coal mine operator must deposit to guarantee that it will be able to meet its BLBA liabilities. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 2, 2022 (87 FR 11738).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995. The Department proposes to extend its information collection without change to existing requirements. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. A copy of the proposed information request can be obtained by contacting the office listed below in the **FOR FURTHER INFORMATION CONTACT** section of this Notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before September 9, 2022.

SUPPLEMENTARY INFORMATION:

I. Background

The Department's Wage and Hour Division (WHD) administers the McNamara-O'Hara Service Contract Act (SCA or Act), 41 U.S.C. 351 *et seq.* The SCA applies to every contract entered into by the United States or the District of Columbia, the principal purpose of which is to furnish services to the United States through the use of service employees. The SCA requires contractors and subcontractors performing services on covered federal or District of Columbia contracts in excess of \$2,500 to pay service employees in various classes no less than the monetary wage rates and fringe benefits found prevailing in the locality, or the rates (including prospective increases) contained in a predecessor contractor's collective bargaining agreement. Safety and health standards also apply to such contracts. WHD enforces the compensation requirements of the SCA.

A. Vacation Benefit Seniority List

Section 2(a) of the SCA provides that every contract subject to the Act must contain a provision specifying the minimum monetary wages and fringe benefits to be paid to the various classes of service employees performing work on the contract. Many wage determinations issued for recurring services performed at the same federal facility provide for certain vested fringe benefits (*e.g.*, vacations), which are based on the employee's total length of service with a contractor or any predecessor contractor. *See* 29 CFR 4.162. When found to prevail, such fringe benefits are incorporated in wage determinations and are usually stated as "one-week paid vacation after one year's service with a contractor or successor, two weeks after two years," etc. These provisions ensure that employees receive the vacation benefit payments

that they have earned and accrued by requiring that such payments be made by successor contractors who hire the same employees who have worked over the years at the same facility in the same locality for predecessor contractors.

B. Conformance Record

Section 2(a) of the SCA provides that every contract subject to the Act must contain a provision specifying the minimum monetary wage and fringe benefits to be paid the various classes of service employees employed on the contract work. *See* 41 U.S.C. 351, *et seq.* Problems sometimes arise (1) when employees are working on service contracts in job classifications that the Department was not previously informed about and (2) when there are job classifications for which no wage data are available.

Section 4.6(b)(2) of 29 CFR part 4 provides a process for "conforming" (*i.e.*, adding) classifications and wage rates to the wage determinations for classes of service employees not previously listed on a wage determination but where employees are actually working on an SCA covered contract. This process ensures that the requirements of section 2(a) of the Act are fulfilled and that a formal record exists as part of the contract which documents the wage rate and fringe benefits to be paid for a conformed classification while a service employee(s) is employed on the contract.

The contracting officer is required to review each contractor-proposed conformance to determine if the unlisted classes have been properly classified by the contractor so as to provide a reasonable relationship (*i.e.*, appropriate level of skill comparison) between such unlisted classifications and the classifications (and wages) listed in the wage determination. *See* 29 CFR 4.6(b)(2). Moreover, the contracting agency is required to forward the conformance action to WHD for review and approval. *Id.*

C. Indexing

In any case where a contract succeeds a contract under which a class was previously conformed, the contractor may use an optional procedure known as indexing (*i.e.*, adjusting) to determine a new wage rate for a previously conformed class. *See* 29 CFR 4.6(b)(2)(iv)(B). This procedure does not require the Department's approval, but it requires the contractor to notify the contracting agency in writing that a previously conformed class has been indexed and to include information

describing how the new rate was computed. *Id.*

D. Submission of Collective Bargaining Agreement (CBA)

Sections 2(a) and 4(c) of the SCA provide that any contractor that *succeeds* a contract subject to the Act and under which substantially the same services are furnished shall pay any service workers employed on the contract no less than the wages and fringe benefits to which such workers would have been entitled if employed under the *predecessor* contract. *See* 29 CFR 4.163(a).

29 CFR 4.6(l)(1) requires a predecessor contractor to provide to the contracting officer a copy of any CBA governing the wages and fringe benefits paid service employees performing work on the contract during the contract period. The contracting agency submits these CBAs to WHD where they are used in issuing wage determinations for successor contracts subject to sections 2(a) and 4(c) of the SCA. *See* 29 CFR 4.4(c).

WHD uses this information to determine whether covered employers have complied with various legal requirements of the laws administered by the agency. The Department seeks approval to extend this information collection related to labor standards for federal service contracts.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Enhance the quality, utility, and clarity of the information to be collected;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; or
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks an approval for the extension of this information collection that requires
