

discuss scientific issues related to the 2020 Ozone ISA.

**DATES:** The public meeting for the panel to receive the briefing from EPA and public comments will be held on August 29, 2022, from 11:00 a.m. to 3:00 p.m. The public meeting for the panel to discuss scientific issues related to the 2020 Ozone ISA will be held on Monday, September 12, 2022, from 11:00 a.m. to 5:00 p.m.; Wednesday, September 14, 2022, from 11:00 a.m. to 5:00 p.m.; Friday, September 16, 2022, from 11:00 a.m. to 5:00 p.m. All times listed are in Eastern Time.

**ADDRESSES:** The meetings will be conducted virtually. Please refer to the CASAC website at <https://casac.epa.gov> for details on how to access the meeting.

**FOR FURTHER INFORMATION CONTACT:** Any member of the public wishing further information regarding this notice may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), SAB Staff Office, by telephone at (202) 564–2050 or via email at [yeow.aaron@epa.gov](mailto:yeow.aaron@epa.gov). General information concerning the CASAC, as well as any updates concerning the meetings announced in this notice, can be found on the CASAC website: <https://casac.epa.gov>.

**SUPPLEMENTARY INFORMATION:**

*Background:* The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend to the EPA Administrator any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC shall also: advise the EPA Administrator of areas in which additional knowledge is required to appraise the adequacy and basis of existing, new, or revised NAAQS; describe the research efforts necessary to provide the required information; advise the EPA Administrator on the relative contribution to air pollution concentrations of natural as well as anthropogenic activity; and advise the EPA Administrator of any adverse public health, welfare, social, economic, or energy effects which may result from various strategies for attainment and maintenance of such NAAQS. As amended, 5 U.S.C., App. Section 109(d)(1) of the Clean Air Act (CAA) requires that EPA carry out a periodic review and revision, as appropriate, of the air quality criteria and the NAAQS for the six “criteria” air pollutants, including ozone.

The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., app. 2, and conducts business in

accordance with FACA and related regulations. The CASAC and the CASAC Ozone Review Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC Ozone Review Panel will hold public meetings to receive a briefing from EPA on the 2020 Ozone Integrated Science Assessment (ISA), to hear public comments, and for the panel to discuss scientific issues related to the 2020 Ozone ISA.

*Technical Contacts:* Any technical questions concerning EPA’s 2020 Ozone ISA should be directed to Dr. Steven Dutton ([dutton.steven@epa.gov](mailto:dutton.steven@epa.gov)).

*Availability of Meeting Materials:* Prior to the meeting, the review documents, agenda and other materials will be accessible on the CASAC website: <https://casac.epa.gov>.

*Procedures for Providing Public Input:* Public comment for consideration by EPA’s federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit relevant comments on the topic of this advisory activity, including the charge to the CASAC and the EPA review documents, and/or the group conducting the activity, for the CASAC to consider as it develops advice for EPA. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should follow the instructions below to submit comments.

*Oral Statements:* Individuals or groups requesting an oral presentation during the public meeting will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via email) at the contact information noted above by August 22, 2022, to be placed on the list of public speakers.

*Written Statements:* Written statements will be accepted throughout the advisory process; however, for

timely consideration by CASAC members, statements should be supplied to the DFO (preferably via email) at the contact information noted above by August 22, 2022. It is the SAB Staff Office general policy to post written comments on the web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC website. Copyrighted material will not be posted without explicit permission of the copyright holder.

*Accessibility:* For information on access or services for individuals with disabilities, please contact Mr. Aaron Yeow at (202) 564–2050 or [yeow.aaron@epa.gov](mailto:yeow.aaron@epa.gov). To request accommodation of a disability, please contact the DFO, at the contact information noted above, preferably at least ten days prior to each meeting, to give EPA as much time as possible to process your request.

**V. Khanna Johnston,**

*Deputy Director, Science Advisory Board Staff Office.*

**BILLING CODE 6560–50–P**

**ENVIRONMENTAL PROTECTION AGENCY**

[EPA–HQ–OPP–2022–0490; FRL–9966–01–OCSPP]

**Petition To Revoke Tolerances and Cancel Registrations for Certain Organophosphate Uses; Notice of Filing**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** EPA is seeking public comment on a November 18, 2021 petition filed by the United Farm Workers, United Farm Workers Foundation, Earthjustice, California Rural Legal Assistance Foundation, Farmworker Association of Florida, Farmworker Justice, GreenLatinos, Labor Council for Latin American Advancement, League of United Latin American Citizens, Learning Disabilities Association of America, Pesticide Action Network North America, and Pineros y Campesinos Unidos del Noroeste (the Earthjustice Petition). The petitioners request that the Agency revoke all tolerances and cancel all associated registrations for food uses of

the following organophosphate pesticides (OPs): Acephate, Densulide, Chlorethoxyfos, Chlorpyrifos-methyl, Diazinon, Dichlorvos, Dicrotophos, Dimethoate, Ethoprop, Malathion, Naled, Phorate, Phosmet, Terbufos, and Tribufos. In addition, the petitioners request that the Agency take actions to protect workers from potential risks of exposure to OPs, update its risk assessments to include a protective regulatory endpoint for children, and complete registration review on the OP class of chemicals by October 1, 2022. The petition was submitted pursuant to the Federal Food, Drug and Cosmetic Act (FFDCA), the Administrative Procedure Act (APA), and the First Amendment.

**DATES:** Comments must be received on or before August 11, 2022.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2022-0490, through the *Federal eRulemaking Portal* at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Anna Romanovsky, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-2271; email address: [romanovsky.anna@epa.gov](mailto:romanovsky.anna@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. General Information

###### A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).

- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

###### B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit CBI to EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets#tips>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

###### B. How can I get copies of this document and other related information?

A copy of the Earthjustice Petition, *Petition to Revoke Food Tolerances and Cancel Registrations for Harmful Organophosphate Uses*, is available in the docket under Docket ID No. EPA-HQ-OPP-2022-0490.

##### II. What action is the Agency taking?

EPA seeks public comment during the next 30 days on a petition dated November 18, 2021 (available in docket number EPA-HQ-OPP-2022-0490 at <https://www.regulations.gov>) from the United Farm Workers, United Farm Workers Foundation, Earthjustice, California Rural Legal Assistance

Foundation, Farmworker Association of Florida, Farmworker Justice, GreenLatinos, Labor Council for Latin American Advancement, League of United Latin American Citizens, Learning Disabilities Association of America, Pesticide Action Network North America, and Pineros y Campesinos Unidos del Noroeste. The petitioners request that the Agency revoke all tolerances and cancel all associated registrations for food uses of OPs that its risk assessments determine to be unsafe, update its risk assessments to use neurodevelopmental toxicity instead of 10% red blood cell acetylcholinesterase inhibition as a regulatory endpoint that is protective for children, and cancel registrations for uses that have unreasonable adverse effects on workers. The petitioners further request that the Agency accomplish the foregoing no later than October 1, 2022. The petition was submitted pursuant to the Federal Food, Drug and Cosmetic Act (FFDCA), 21 U.S.C. 346a(d), the Administrative Procedure Act (APA), 5 U.S.C. 551 *et seq.*, and the First Amendment.

The OPs are a group of pesticides with a broad range of uses and are one of the most widely used class of pesticides in U.S. agriculture. The OPs are a class of chemicals with a common mechanism of toxicity: inhibition of the acetylcholinesterase (AChE) enzyme. There are currently 20 OPs going through registration review. EPA's risk assessments and other registration review materials for the OPs included in the Earthjustice Petition are contained in the dockets for each of the respective registration review cases, as listed here:

- Acephate (EPA-HQ-OPP-2008-0915).
- Bensulide (EPA-HQ-OPP-2008-0022).
- Chlorethoxyfos (EPA-HQ-OPP-2008-0843).
- Chlorpyrifos-methyl (EPA-HQ-OPP-2010-0119).
- Diazinon (EPA-HQ-OPP-2008-0351).
- Dichlorvos (EPA-HQ-OPP-2009-0209).
- Dicrotophos (EPA-HQ-OPP-2008-0440).
- Dimethoate (EPA-HQ-OPP-2009-0059).
- Ethoprop (EPA-HQ-OPP-2008-0560).
- Malathion (EPA-HQ-OPP-2009-0317).
- Naled (EPA-HQ-OPP-2009-0053).
- Phorate (EPA-HQ-OPP-2007-0674).
- Phosmet (EPA-HQ-OPP-2009-0316).

- Terbufos (EPA-HQ-OPP-2008-0119).
- Tribufos (EPA-HQ-OPP-2008-0883).

On December 2, 2021, the Agency released an updated schedule for registration review for the cases for which interim registration review decisions will be issued after October 2022. The schedule can be found on the EPA website at <https://www.epa.gov/pesticide-reevaluation/upcoming-registration-review-actions>.

Authority: 21 U.S.C. 346a.

Dated: July 6, 2022.

**Mary Reaves,**

Director, Pesticide Re-Evaluation Division,  
Office of Pesticide Programs.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2017-0720; FRL-9967-01-OCSP]

### Pesticide Registration Review; Pesticide Dockets Opened for Review and Comment; Notice of Availability

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the availability of the EPA's preliminary work plans for the following chemicals: Ametoctradin, Fenpyrazamine, Picoxystrobin, and *Trichoderma* species. With this document, the EPA is opening the public comment period for registration review for these chemicals.

**DATES:** Comments must be received on or before September 12, 2022.

**ADDRESSES:** Submit your comments, to the docket identification (ID) number for the specific pesticide of interest provided in the Table in Unit IV., through the *Federal eRulemaking Portal* at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** For pesticide specific information, contact: The Chemical Review Manager for the pesticide of interest identified in Table 1 in Unit IV.

For general questions on the registration review program, contact:

Melanie Biscoe, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; email address: [biscoe.melanie@epa.gov](mailto:biscoe.melanie@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. General Information

###### A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the Chemical Review Manager identified in Table 1 in Unit IV.

###### B. What should I consider as I prepare my comments for the EPA?

1. *Submitting CBI.* Do not submit this information to the EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to the EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or

disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

##### II. Background

Registration review is the EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. Registration review dockets contain information that will assist the public in understanding the types of information and issues that the Agency may consider during the course of registration reviews. As part of the registration review process, the Agency has completed preliminary workplans for all pesticides listed in Table 1 in Unit IV. Through this program, the EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

##### III. Authority

The EPA is conducting its registration review of the chemicals listed in Table 1 in Unit IV. pursuant to section 3(g) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Procedural Regulations for Registration Review at 40 CFR part 155, subpart C. FIFRA section 3(g) provides, among other things, that the registrations of pesticides are to be reviewed every 15 years. Under FIFRA, a pesticide product may be registered or remain registered only if it meets the statutory standard for registration given in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). When used in accordance with widespread and commonly recognized practice, the pesticide product must perform its intended function without unreasonable adverse effects on the environment; that is, without any unreasonable risk to man or the environment, or a human dietary risk from residues that result from the use of a pesticide in or on food.

##### IV. Registration Reviews

###### A. What action is the Agency taking?

A pesticide's registration review begins when the Agency establishes a docket for the pesticide's registration review case and opens the docket for public review and comment. Pursuant to 40 CFR 155.50, this notice announces the availability of the EPA's preliminary work plans for the pesticides shown in
