BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP22-21-000; Docket No. CP22-22-000]

Venture Global CP2 LNG, LLC; Venture Global CP Express, LLC; Notice Suspending Environmental Review Schedule of the Proposed CP2 LNG and CP EXPRESS PROJECTS

The staff of the Federal Energy Regulatory Commission (FERC or Commission) is suspending the environmental review schedule of the CP2 LNG and CP Express Projects (Projects) involving construction and operation of facilities by Venture Global CP2 LNG, LLC (CP2 LNG) and Venture Global CP Express, LLC (CP Express) in

Jasper and Newton Counties, Texas, and Calcasieu and Cameron Parishes, Louisiana. The notice of schedule, issued on February 9, 2022, identified a July 2022 draft Environmental Impact Statement (EIS) issuance date and a February 10, 2023 final EIS date. This schedule was based upon CP2 LNG and CP Express providing complete and timely responses to any data requests. Environmental or engineering data requests were issued on February 11, April 11, April 14, and May 11, 2022. CP2 LNG and CP Express responded partially to these data requests on March 3, March 11, March 31, April 22, May 2, May 4, May 20, May 31, June 10, and June 30, 2022. A number of responses to data requests remain outstanding and/or are deficient, including the following, which are integral to the development of the draft EIS:

| Examples of necessary information for draft EIS | Date to be provided according to CP2 LNG and CP express |
|---|---|
| Process Hazard Analysis | August 1, 2022. |
| Hazard Analysis Report | August 1, 2022. |
| Building Siting Analysis | August 1, 2022. |
| Carbon Capture and Sequestration | September 1, 2022. |
| Details on LNG Sendout Lines (pipe-in-pipe, including under a waterway) | September 1, 2022. |
| Noise Impact Analyses | (no date provided). |
| Cumulative Impacts using the recommended appropriate geographic scope | (no date provided). |
| Non-Jurisdictional Facilities | (no date provided). |
| Draft Beneficial Use Dredged Material Plan | (no date provided). |
| Draft Biological Assessment | (no date provided). |
| Air Dispersion Modeling | (no date provided). |

As stated in our data requests, complete responses to these information requests within the time frame requested was necessary to maintain the published schedule for issuance of the EIS. CP2 LNG and CP Express have indicated in its responses to staff data requests that certain information would not be provided in time for staff to evaluate the responses and complete the analysis required for the draft EIS. Because there are still a number of outstanding responses to staff's environmental and engineering data requests, FERC staff are no longer able to complete the draft EIS as scheduled.

Therefore, the Commission will suspend the environmental review schedule for the Projects. Once CP2 LNG and CP Express provide the outstanding information or a schedule for when all substantive responses would be provided, the Commission will issue a revised schedule for the draft and final EIS. This is not a suspension of the Commission staff's review of the CP2 LNG and CP Express' Projects. Staff will continue to process CP2 LNG and CP Express' proposal to the extent possible based upon the

information filed to date while awaiting the remaining data responses.

Additional Information

Additional information about the Projects are available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at www.ferc.gov using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number in the "Docket Number" field, excluding the last three digits (*i.e.*, CP22-21 and CP22-22). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

Public sessions or site visits will be posted on the Commission's calendar located at <https://www.ferc.gov/news-events/events> along with other related information.

Dated: July 6, 2022.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10006-01-OA]

Notification of Public Meetings of the Clean Air Scientific Advisory Committee Ozone Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces two public meetings of the Clean Air Scientific Advisory Committee (CASAC) Ozone Review Panel. A public meeting will be held for the CASAC Ozone Review Panel to receive a briefing from EPA on the 2020 Ozone Integrated Science Assessment (ISA) and to hear public comments. A second public meeting will be held for the panel to

discuss scientific issues related to the 2020 Ozone ISA.

DATES: The public meeting for the panel to receive the briefing from EPA and public comments will be held on August 29, 2022, from 11:00 a.m. to 3:00 p.m. The public meeting for the panel to discuss scientific issues related to the 2020 Ozone ISA will be held on Monday, September 12, 2022, from 11:00 a.m. to 5:00 p.m.; Wednesday, September 14, 2022, from 11:00 a.m. to 5:00 p.m.; Friday, September 16, 2022, from 11:00 a.m. to 5:00 p.m. All times listed are in Eastern Time.

ADDRESSES: The meetings will be conducted virtually. Please refer to the CASAC website at <https://casac.epa.gov> for details on how to access the meeting.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this notice may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), SAB Staff Office, by telephone at (202) 564–2050 or via email at yeow.aaron@epa.gov. General information concerning the CASAC, as well as any updates concerning the meetings announced in this notice, can be found on the CASAC website: <https://casac.epa.gov>.

SUPPLEMENTARY INFORMATION:

Background: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend to the EPA Administrator any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC shall also: advise the EPA Administrator of areas in which additional knowledge is required to appraise the adequacy and basis of existing, new, or revised NAAQS; describe the research efforts necessary to provide the required information; advise the EPA Administrator on the relative contribution to air pollution concentrations of natural as well as anthropogenic activity; and advise the EPA Administrator of any adverse public health, welfare, social, economic, or energy effects which may result from various strategies for attainment and maintenance of such NAAQS. As amended, 5 U.S.C., App. Section 109(d)(1) of the Clean Air Act (CAA) requires that EPA carry out a periodic review and revision, as appropriate, of the air quality criteria and the NAAQS for the six “criteria” air pollutants, including ozone.

The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., app. 2, and conducts business in

accordance with FACA and related regulations. The CASAC and the CASAC Ozone Review Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC Ozone Review Panel will hold public meetings to receive a briefing from EPA on the 2020 Ozone Integrated Science Assessment (ISA), to hear public comments, and for the panel to discuss scientific issues related to the 2020 Ozone ISA.

Technical Contacts: Any technical questions concerning EPA’s 2020 Ozone ISA should be directed to Dr. Steven Dutton (dutton.steven@epa.gov).

Availability of Meeting Materials: Prior to the meeting, the review documents, agenda and other materials will be accessible on the CASAC website: <https://casac.epa.gov>.

Procedures for Providing Public Input: Public comment for consideration by EPA’s federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit relevant comments on the topic of this advisory activity, including the charge to the CASAC and the EPA review documents, and/or the group conducting the activity, for the CASAC to consider as it develops advice for EPA. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should follow the instructions below to submit comments.

Oral Statements: Individuals or groups requesting an oral presentation during the public meeting will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via email) at the contact information noted above by August 22, 2022, to be placed on the list of public speakers.

Written Statements: Written statements will be accepted throughout the advisory process; however, for

timely consideration by CASAC members, statements should be supplied to the DFO (preferably via email) at the contact information noted above by August 22, 2022. It is the SAB Staff Office general policy to post written comments on the web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Aaron Yeow at (202) 564–2050 or yeow.aaron@epa.gov. To request accommodation of a disability, please contact the DFO, at the contact information noted above, preferably at least ten days prior to each meeting, to give EPA as much time as possible to process your request.

V. Khanna Johnston,

Deputy Director, Science Advisory Board Staff Office.
