Multistate Conservation Grant Program; Priority Lists for Fiscal Years 2019, 2020, 2021, and 2022

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce receipt of the priority lists of wildlife and sport fish conservation projects from the Association of Fish and Wildlife Agencies (Association) for Federal fiscal years (FYs) 2019, 2020, 2021, and 2022. The Association is required by law to annually submit a list of priority projects to the Service for funding consideration under the Service's Multistate Conservation Grant Program (MSCGP), which funds projects that address regional or national priorities of State fish and wildlife agencies. The Assistant Director for the Service's Wildlife and Sport Fish Restoration program recommends projects on the list to the Service Director for approval. Once projects are awarded, we must publish each priority list in the **Federal Register**. The FY 2019, 2020, 2021 and 2022 projects have been awarded.

ADDRESSES: Lori Bennett, Multistate Conservation Grants Program, Wildlife and Sport Fish Restoration Program; U.S. Fish and Wildlife Service; 5275 Leesburg Pike; MS: WSFR; Falls Church, VA 22041–3808.

SUPPLEMENTARY INFORMATION:

Background

The Fish and Wildlife Programs Improvement and National Wildlife Refuge System Centennial Act of 2000 (Improvement Act; Pub. L. 106–408, Nov. 1, 2020) amended the Wildlife Restoration Act (16 U.S.C. 669 *et seq.*) and the Sport Fish Restoration Act (16 U.S.C. 777 *et seq.*) and established the Multistate Conservation Grant Program (now known as the Traditional MSCGP, or T–MSCGP). The Improvement Act authorizes us to award grants of up to \$3 million annually from funds available under each of the Acts, for a total of up to \$6 million annually. Projects are selected through a competitive process developed collaboratively by State fish and wildlife agency directors, conservation and sportsmen and sportswomen organizations, and industries that support or promote hunting, trapping, and recreational shooting. Projects can be funded under Wildlife Restoration, Sport Fish Restoration, or both, depending on the project activities. The projects to which we award grants must be on a list of priority projects recommended to us by the Association. The Service Director, exercising the authority of the Secretary of the Interior, need not fund all projects on the list, but all projects funded must be on the Association's recommended list. The Improvement Act provides that funding for MSCGP grants is available in the fiscal year it is appropriated and for the following fiscal year, with any funds remaining after two years apportioned among the States in the manner and for the uses specified under the Wildlife Restoration and Sport Fish Restoration Acts.

In addition to the Traditional MSCGP found in the Acts, the President signed the Modernizing the Pittman-Robertson Fund for Tomorrow's Needs Act (Pub. L. 116–94) into law on December 20, 2019. This law, among other measures, created a new Modern Multistate Conservation Grant Program, which makes available up to an additional \$5 million for projects designed to support recruitment, retention, and reactivation (“R3”) activities. The Service will cite this as the “Modern Multistate Conservation Grant Program” (R3–MSCGP).

The Association and the Service work cooperatively to manage the T–MSCGP and the R3–MSCGP. The Association sets project criteria, reviews grant applications, and provides project oversight, coordination, and guidance. Applicants must provide certification that no activities conducted under either a T–MSCGP or an R3–MSCGP

award will promote or encourage opposition to regulated hunting or trapping of wildlife, or to regulated angling or taking of fish. Eligible project proposals are reviewed and ranked by the Association's committees, who consult with interested nongovernmental organizations that represent conservation organizations, sportsmen and sportswomen organizations, and industries that support or promote fishing, hunting, trapping, recreational shooting, bowhunting, or archery. Their selections become the priority list that is submitted to the Service.

The Association's National Grants Committee recommends the final list of priority projects for both programs to the directors of the State fish and wildlife agencies for their approval by majority vote. By statute, the Association then transmits the final approved list to the Service for funding under the Multistate Conservation Grant Program by October 1 of each FY. The Service then provides an additional review process in accordance with grant regulations within 2 CFR part 200 and awards and administers the financial assistance grants.

Funding Eligibility

Traditional Multistate Conservation Grant Program Funding Eligibility

Recipients awarded under the T–MSCGP may use funds for sport fish or wildlife management and research projects, boating access development, hunter safety and education, aquatic education, fish and wildlife habitat improvements, and other purposes consistent with the enabling legislation.

To be eligible for funding, a project must benefit fish and/or wildlife conservation for at least 26 States, for a majority of the States in any one Service Region, or for one of the regional associations of State fish and wildlife agencies. Grants are awarded to one or more States, a group of States, or one or more nongovernmental organizations. For the purpose of carrying out the National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, we may award grants to the Service, if requested by the Association, or to a State or a group of States. The Association also requires that all project proposals address the Association's selected national strategic priorities for both MSCGPs, which are announced annually at the same time requests for proposals are sent out.

Modern Multistate Conservation Grant Program Funding Eligibility

The Modern Multistate Conservation Grant Program (R3–MSCGP) is a new program, which began awarding grants in FY 2020. The program specifically targets projects that address hunter recruitment and recreational shooter recruitment and that promote a national hunting and shooting sport recruitment program, including related communication and outreach activities.

Fiscal Year 2019 Awards; Fund Availability and Priority List

The Service’s Wildlife and Sport Fish Restoration Program (WSFR) had a total of \$6,406,590.66 for awards in FY19 from funds carried over from FY 2018, as well as funding that had previously been sequestered; the total request for projects was \$5,817,835.55, leaving a balance of \$588,755.11. The Association provided the Service with a priority list of 39 projects, which included the 3 approved components of the 2016–2021 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation project. The FY 2019 priority list is in table 1. The projects in this list have been awarded.

Fiscal Year 2020 Awards; Fund Availability and Priority Lists

Traditional Multistate Conservation Grant Program Fund Availability and Priority List

The Service's WSFR program had \$6,939,510.06 available for T-MSCGP awards in FY 2020, after adjusting for sequestered, recovery, and carryover amounts from FY 2019. The total request for projects was \$6,928,632.57,

leaving a balance of \$10,877.49. The Association provided the Service with a priority list of 40 projects, which included the 2 approved components of the 2022 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation project. Please note that the Association's Management Assistance Team proposal requesting \$598,799.12 of Multistate funds (Project #25) was provided an additional \$150,000 in

Federal funds from the Service's National Conservation Training Center. This funding addition was the result of a signed memorandum of agreement between the Service and the Association. The list is in table 2. The projects in this list have been awarded.

FY 2020 Modern Multistate Conservation Grant Program Fund Availability and Priority List

FY 2020 was the first year that Modern Multistate Conservation Grant Program (R3-MSCGP) funds became

available for award. The Service’s WSFR program had \$4,705,000 available for R3-MSCGP awards after sequestering \$295,000; the total request for projects was the full available amount, leaving a balance of \$0. The Service worked with

the Association to make these funds available quickly for eligible projects. The Association provided the Service a priority list of 25 projects; the Service was able to award all projects by early December 2020. The list is in table 3.

FY 2021 Awards; Fund Availability and Priority List

After adjusting for sequestered, recovery, and carryover amounts from FY 2020, the T-MSCGP had \$6,515,283 available for award, and the R3-MSCGP had \$5,010,000 available. The total request for T-MSCGP projects was \$6,488,271.53, leaving a balance of \$27,011.47. The total request for R3-

MSCGP projects was \$3,066,603.90, leaving a balance of \$1,943,396.10. Please note that the Association's Management Assistance Team proposal requesting \$555,277.37 of Multistate funds (Project #10) also was provided an additional \$150,000 in Federal funds from the National Conservation Training Center. This funding addition was the result of a signed Memorandum of Agreement between the Service and the

Association. The Association provided the Service with a single Priority List of 39 proposals, consisting of 22 T-MSCGP projects (including 2 approved components of the 2022-2027 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation project) and 17 R3-MSCGP projects. The list is in table 4. The projects in this list have been awarded.

FY 2022 Awards; Fund Availability and Priority List

After adjusting for sequestered, recovery, and carryover amounts from FY 2021, the T-MSCGP had \$6,598,154.68 available for award. The total request for T-MSCGP projects was \$6,571,005.97, leaving a balance of \$27,148.71. After adjusting for sequestered, recovery, and carryover amounts from FY 2021, the R3-MSCGP

had \$7,045,896.10 available. The total request for R3-MSCGP projects was \$5,318,864.91, leaving a balance of \$1,727,031.19. Please note that the Association’s Management Assistance Team proposal requesting \$560,000 of Multistate funds (Project #18) was provided an additional \$150,000 in Federal funds from the National Conservation Training Center. This funding addition is the result of a signed

memorandum of agreement between the Service and the Association. The Association provided the Service with a Priority List of 44 proposals, consisting of 20 T-MSCGP projects (including 2 approved components of the 2022–2027 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation project) and 24 R3-MSCGP projects. The list is in table 5. The projects in this list have been awarded.

Call for Nominations for the Southeast Oregon and John Day-Snake Resource Advisory Councils and the Steens Mountain Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of call for nominations.

SUMMARY: The purpose of this notice is to request public nominations for the Bureau of Land Management's (BLM) Southeast Oregon and John Day-Snake Resource Advisory Councils (RACs) and the Steens Mountain Advisory Council to fill existing vacancies, as well as member terms that are scheduled to expire. The Councils provide advice and recommendations to the BLM on land use planning and management of the National System of Public Lands within their geographic areas.

DATES: All nominations must be received no later than August 17, 2022.

ADDRESSES: Nominations and completed applications should be sent to the BLM Oregon District Offices listed in the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Morgan Rubanow, Public Affairs Specialist, BLM Oregon State Office, telephone: (503) 545–9717, email: mrubanow@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The Federal Land Policy and Management Act (FLPMA) directs the Secretary of the Interior to involve the public in planning and issues related to management of lands administered by the BLM. Section 309 of FLPMA (43 U.S.C. 1739) directs the Secretary to establish 10- to 15-member citizen-based advisory councils that are consistent with the Federal Advisory Committee Act (FACA). As required by

FACA, council membership must be balanced and representative of the various interests concerned with the management of the public lands. The rules governing the advisory councils are found at 43 CFR subpart 1784.

Individuals may nominate themselves or others for appointment by the Secretary. The BLM will evaluate nominees based on their education, training, experience, and knowledge of the geographic area of the advisory committee. Nominees should demonstrate a commitment to collaborative resource decision-making. Simultaneous with this notice, the BLM Oregon State Office will issue a press release providing additional information for submitting nominations.

The Southeast Oregon and John Day-Snake RACs include the following three membership categories:

Category One—Holders of Federal grazing permits or leases within the area for which the RAC is organized; represent interests associated with transportation or rights-of-way; represent developed outdoor recreation, off-highway vehicle users, or commercial recreation activities; represent the commercial timber industry; or represent energy and mineral development.

Category Two—Representatives of nationally or regionally recognized environmental organizations; dispersed recreational activities; archaeological and historical interests; or nationally or regionally recognized wild horse and burro interest groups.

Category Three—Hold State, county, or local elected office; are employed by a State agency responsible for the management of natural resources, land, or water; represent Indian tribes within or adjacent to the area for which the RAC is organized; are employed as academicians in natural resource management or the natural sciences; or represent the affected public-at-large.

The Steens Mountain Advisory Council consists of 13 members that include a private landowner in the Steens Mountain Cooperative Management and Protection Area (CMPA); two representatives who are grazing permittees on Federal lands in the CMPA; a representative interested in fish and recreational fishing in the CMPA; a representative of the Burns Paiute Tribe; two representatives who are recognized environmental representatives, one of whom shall represent the State as a whole, and one of whom is from the local area; a representative who participates in dispersed recreation, such as hiking, camping, nature viewing, nature photography, bird watching, horseback

riding, or trail walking; a representative who is a recreational permit holder or is a representative of a commercial recreation operation in the CMPA; a representative who participates in mechanized or consumptive recreation, such as hunting, fishing, off-road driving, hang gliding, or parasailing; a representative with expertise and interest in wild horse management on Steens Mountain; a representative who has no financial interest in the CMPA to represent statewide interests; and one non-voting representative to serve as the State government liaison to the Council. As appropriate, certain Council members may be appointed as special Government employees (SGEs). Please be aware that applicants selected to serve as SGEs will be required, prior to appointment, to file a Confidential Financial Disclosure Report in order to avoid involvement in real or apparent conflicts of interest. You may find a copy of the Confidential Financial Disclosure Report at the following Web site: <https://www.doi.gov/ethics/oge-form-450>. Additionally, after appointment, members appointed as SGEs will be required to meet applicable financial disclosure and ethics training requirements. Please contact (202) 202–208–7960 or DOI_Ethics@sol.doi.gov with any questions about the ethics requirements for members appointed as SGEs.

Individuals may nominate themselves or others. Nominees must be residents of the State of Oregon. The BLM will evaluate nominees based on their education, training, experience, and knowledge of the geographic area of the RAC. Nominees should demonstrate a commitment to collaborative resource decision-making.

The following must accompany all nominations:

- A completed RAC application, which can either be obtained through your local BLM office or online at: https://www.blm.gov/sites/blm.gov/files/1120-019_0.pdf.
- Letters of reference from represented interests or organizations; and
- Any other information that addresses the nominee's qualifications.

Nominations and completed applications should be sent to the office listed as follows:

Southeast Oregon RAC
