

lookup/licenselookup.aspx (last visited date of signature of this Order). Further, Illinois online records show that Respondent's Illinois controlled substance license is also suspended. *Id.*

Accordingly, the Agency finds that Respondent is not currently licensed to engage in the practice of medicine nor registered to dispense controlled substances in Illinois, the state in which he is registered with the DEA.

Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under section 823 of the Controlled Substances Act (hereinafter, CSA) "upon a finding that the registrant . . . has had his State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances." With respect to a practitioner, the DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *See, e.g., James L. Hooper, M.D.*, 76 FR 71,371 (2011), *pet. for rev. denied*, 481 F. App'x 826 (4th Cir. 2012); *Frederick Marsh Blanton, M.D.*, 43 FR 27,616, 27,617 (1978).

This rule derives from the text of two provisions of the CSA. First, Congress defined the term "practitioner" to mean "a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice." 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner's registration, Congress directed that "[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices." 21 U.S.C. 823(f). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, the DEA has held repeatedly that revocation of a practitioner's registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under the laws of the state in which he practices. *See, e.g., James L. Hooper*, 76 FR at 71,371–72; *Sheran Arden Yeates, M.D.*, 71 FR 39,130, 39,131 (2006); *Dominick A.*

Ricci, M.D., 58 FR 51,104, 51,105 (1993); *Bobby Watts, M.D.*, 53 FR 11,919, 11,920 (1988); *Frederick Marsh Blanton*, 43 FR at 27,617. Moreover, because "the controlling question" in a proceeding brought under 21 U.S.C. 824(a)(3) is whether the holder of a practitioner's registration "is currently authorized to handle controlled substances in the [S]tate," *Hooper*, 76 FR at 71,371 (quoting *Anne Lazar Thorn*, 62 FR 12,847, 12,848 (1997)), the Agency has also long held that revocation is warranted even where a practitioner is still challenging the underlying action. *Bourne Pharmacy*, 72 FR 18,273, 18,274 (2007); *Wingfield Drugs*, 52 FR 27,070, 27,071 (1987). Thus, it is of no consequence that Respondent is still challenging the underlying action. What is consequential is the Agency's finding that Respondent is not currently authorized to dispense controlled substances in Illinois, the state in which he is registered with the DEA.

Pursuant to the Illinois Controlled Substances Act, a "practitioner" means "a physician licensed to practice medicine in all its branches . . . or other person licensed, registered, or otherwise lawfully permitted by the United States or this State to distribute, dispense, conduct research with respect to, administer or use in teaching or chemical analysis, a controlled substance in the course of professional practice or research." 720 Ill. Comp. Stat. Ann. 570/102(kk) (West 2022). Further, the Illinois Controlled Substances Act requires that "[e]very person who manufactures, distributes, or dispenses any controlled substances . . . must obtain a registration issued by the Department of Financial and Professional Regulation in accordance with its rules." *Id.* at 570/302(a). The Illinois Controlled Substances Act also authorizes the Department of Financial and Professional Regulation to discipline a practitioner holding a controlled substance license, stating that "[a] registration under Section 303 to manufacture, distribute, or dispense a controlled substance . . . may be denied, refused renewal, suspended, or revoked by the Department of Financial and Professional Regulation." *Id.* at 570/304(a).

Here, the undisputed evidence in the record is that Respondent currently lacks authority to handle controlled substances in Illinois because both his Illinois medical license and his Illinois controlled substance license are suspended. As already discussed, a practitioner must hold a valid controlled substance license to dispense a controlled substance in Illinois. Thus, because Respondent lacks authority to

handle controlled substances in Illinois, Respondent is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Respondent's DEA registration be revoked.

Order

Pursuant to 28 CFR 0.100(b) and the authority vested in the Administrator by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. BA8201775 issued to Faris Abusharif, M.D. Further, pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(f), I hereby deny any pending application of Faris Abusharif, M.D. to renew or modify this registration, as well as any other pending application of Faris Abusharif, M.D. for additional registration in Illinois. This Order is effective August 17, 2022.
