

(Mobile Street Boardwalk) Project. Since then, the project cost estimate has been revised because of increased costs in materials and construction.

Overview of the Alabama TIG Draft SRP

The Draft SRP is being released in accordance with OPA, including criteria set forth in the associated Natural Resource Damage Assessment regulations found in the Code of Federal Regulations (CFR) at 15 CFR part 990, NEPA and its implementing regulations found at 40 CFR parts 1500–1508, and the Final PDARP/PEIS and Consent Decree. The Draft SRP provides supplemental OPA NRDA analysis for two Bon Secour National Wildlife Refuge (BSNWR) recreation enhancement projects considered in the RP III/EA: the Mobile Street Boardwalk and Centennial Trail Boardwalk projects. Of these two action alternatives, the Alabama TIG proposes adding funding to the previously selected Mobile Street Boardwalk project. Fully funding this project would continue the process of restoring natural resources and services injured or lost as a result of the DWH oil spill. The additional cost to carry out the proposed action would be approximately \$1.5 million.

Next Steps

As described above, the Alabama TIG is requesting public review and comment on the SRP. After the public comment period ends, the Alabama TIG will consider and address the comments received before issuing a Final SRP.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Administrative Record

The documents comprising the administrative record for the SRP can be viewed electronically at <https://www.doi.gov/deepwaterhorizon/adminrecord>.

Authority

The authority of this action is the OPA (33 U.S.C. 2701 *et seq.*), its implementing NRDA regulations found at 15 CFR part 990, and NEPA (42

U.S.C. 4321 *et seq.*) and its implementing regulations found at 40 CFR parts 1500–1508.

Mary Josie Blanchard,

Department of the Interior, Director of Gulf of Mexico Restoration.

Notice of Intent To Negotiate a Contract Between Utah Water Conservancy District and Department of the Interior for Prepayment of Costs Allocated to Municipal and Industrial Water From the Bonneville Unit of the Central Utah Project, Utah County, Utah

AGENCY: Office of the Assistant Secretary for Water and Science, Interior.

ACTION: Notice of intent.

SUMMARY: The Central Utah Water Conservancy District Intends to prepay a portion of the municipal and industrial repayment obligation associated with the Utah Lake Drainage Basin Water Delivery System, a component of the Bonneville Unit of the Central Utah Project.

DATES: A public meeting to negotiate an amendatory repayment contract will be held at the Central Utah Water Conservancy District in Orem, Utah. The date and time to be announced locally.

ADDRESSES: The public meeting will be held at the Central Utah Water Conservancy District Office, 1426 East 750 North, Suite 400, Orem, Utah 84097.

FOR FURTHER INFORMATION CONTACT: Additional information on matters related to this notice can be obtained by contacting Mr. Wesley James, Program Coordinator, Central Utah Project Completion Act Office, Department of the Interior, 302 East Lakeview Parkway, Provo, Utah 84606; via telephone at (801) 379–1137; or by email at wsjames@usbr.gov.

SUPPLEMENTARY INFORMATION: Public Law 102–575, Central Utah Project Completion Act, Section 210, as amended through Public Law 104–286, stipulates that “the Secretary shall allow for prepayment of the repayment contract between the United States and the Central Utah Water Conservancy District (District) dated December 28, 1965, and supplemented on November

26, 1985, or any additional or supplemental repayment contract providing for repayment of municipal and industrial water delivery facilities of the Central Utah Project for which repayment is provided pursuant to such contract, under terms and conditions similar to those contained in the supplemental contract that provided for the prepayment of the Jordan Aqueduct dated October 28, 1993. The prepayment may be provided in several installments to reflect substantial completion of the delivery facilities being prepaid and may not be adjusted on the basis of the type of prepayment financing utilized by the District.”

In accordance with Public Law 102–575, the District intends to prepay a portion of the municipal and industrial repayment obligation associated with the Utah Lake Drainage Basin Water Delivery System, a component of the Bonneville Unit of the Central Utah Project. The terms of the prepayment are to be publicly negotiated between the District and the Department of the Interior.

Roger Spence,

Acting Program Director, Central Utah Project Completion Act Office, Department of the Interior.
