Executive Summary

Purpose and Authority

This final rule updates the Pension Benefit Guaranty Corporation’s (PBGC’s) regulation on requesting, obtaining, and examining records to reflect statutory changes and current agency practice. Authority for this rule is provided by section 4002(b)(3) of the Employee Retirement Income Security Act of 1974 and by the Freedom of Information Act, as amended.

Major Provisions

This final rule:

- Clarifies that PBGC’s disclosable records are generally available in an electronic, rather than paper, format.
- Describes the procedure to seek expedited treatment for record requests.
- Clarifies the acceptable methods for submitting record requests.
- Updates the time limit to respond to record requests.
- Clarifies the procedures available to a requester when PBGC extends the time to respond to a disclosure request or an appeal.
- Clarifies the procedure for responding to requests that are of concern to a Federal agency other than PBGC.
- Updates the fees for search and review time.
- Modifies the definitions of certain categories of requesters.

Background

The Pension Benefit Guaranty Corporation (PBGC) is amending its regulation on Examination and Copying of Pension Benefit Guaranty Corporation Records (29 CFR part 4901) (“FOIA regulation”) to: (1) incorporate statutory changes to the Freedom of Information Act (5 U.S.C. 552) (“FOIA”) made by the FOIA Improvement Act of 2016 (“the 2016 Act”) and prior statutory amendments; (2) reflect PBGC’s current procedures for processing and responding to FOIA requests; and (3) update the fees charged to certain requesters to more accurately reflect PBGC’s costs in performing the search and review work that is necessary to respond to their FOIA requests. The final rule also makes clarifications and other editorial changes to 29 CFR part 4901.

PBGC is committed to maintaining excellent customer service in responding to FOIA requests. Since 2015, PBGC has received the Department of Justice’s Office of Information Policy’s highest score in each key area for which it recognizes agencies: (1) applying a presumption of openness, (2) having an efficient system in place for responding to requests, (3) increasing proactive disclosures, (4) utilizing technology, and (5) reducing any backlogs and improving timeliness.1

A 2015 audit by the National Security Archive, a non-governmental organization, gave PBGC its highest rating and found it to be among “the best overall [for] . . . proactively meeting the 21st Century Standard of posting all or nearly all FOIA releases online.” 2 The changes further improve PBGC’s FOIA process and increase the transparency of its procedures.

Final Rule Amendments

Records Available in an Electronic Format

Section 2 of the 2016 Act replaced references to “public inspection and copying” in the FOIA with “public inspection in an electronic format.” A stated goal of the 2016 Act was to “require federal agencies to make their disclosable records and documents available for public inspection in an electronic format.”3 PBGC’s Disclosure Division follows this directive and produces disclosable records in an electronic format, but in several places PBGC’s FOIA regulation referred to the practice of offering paper copies of documents. The final rule replaces the term “copy” in its FOIA regulation with language conveying that, where practicable, records covered under the FOIA are available or will be made available in an electronic, rather than paper, format. Also, the final rule adds in §4901.2 a definition of the term “record” with a reference to the statutory definition, which includes information in an electronic format.

Electronic Reading Room

PBGC used to maintain a reference room on-site where members of the public could inspect and copy certain PBGC records without formally requesting them. Following the directive of the 2016 Act to make records and documents available for public inspection in an electronic format, PBGC modified its FOIA regulation and replaced instances of the term “reference room” with “electronic reading room,” meaning an online and publicly accessible database of certain PBGC records.4

The final rule updates §4901.4(c) of the FOIA regulation to remove the requirement that PBGC keep a register for the purpose of collecting the names of people who inspect rulemaking proceedings in the electronic reading room and the times at which they do so. This requirement was possible with PBGC’s on-site reference room but is impractical with its electronic reading room. It would be unnecessarily burdensome to require individuals who inspect rulemaking proceedings in the

Submitting a Record Request

The final rule amends § 4901.11 of the FOIA regulation to clarify the procedures for submitting a request for records. First, PBGC’s Disclosure Division requires FOIA requests to be in writing, and the final rule codifies this requirement. Second, the final rule codifies that electronic telecommunication (i.e., email, online portal) is an approved method to submit a FOIA request. Third, the final rule adds a statement that a requester may seek the assistance of a PBGC FOIA Public Liaison and a description of this position. PBGC’s Disclosure Division has designated FOIA Public Liaisons, as required by FOIA, who assist requesters with describing records they are seeking, understanding the status of requests, and resolving disputes. This addition to § 4901.11 clarifies the availability of this help.

In addition, the final rule clarifies PBGC procedures that apply when a FOIA request does not sufficiently describe the records being sought. Section 4901.12(b) of the FOIA regulation states that PBGC will offer assistance to a requester who has submitted a deficient request. The final rule adds that the requester will be informed of the availability of assistance from the FOIA Public Liaison, that the failure to reasonably describe the records being sought could cause a delay in responding to the request or a denial of the request, and that an amended request must provide sufficient detail to meet the requirements of an original request.

Action on Request

Section 552(a)(6)(A)(i) of the FOIA provides that a Federal agency has 20 working days to make a determination on a FOIA request. A Senate Report to the Electronic Freedom of Information Act Amendments of 1996, the law that increased the required response period from 10 to 20 days, said, “Compliance with the 10-day rule is a practical impossibility for the majority of agencies.” Therefore, the final rule updates the time limit for responding to FOIA requests in § 4901.14(a) of the FOIA regulation from 10 working days to 20 working days, not including extensions. In practice, PBGC already follows the time limit permitted under the statute to allow for thorough and appropriate searches and reviews of agency records.

Section 552(a)(6)(A)(ii) of the FOIA provides that Federal agencies have a single opportunity to ask the requester for additional information and to toll the 20-working day response period while awaiting the requester’s response. This provision is intended to “ensure accuracy in FOIA responses.” PBGC’s Disclosure Division follows the statute with respect to tolling the response period, and the final rule codifies this practice in § 4901.14(a).

Also, the final rule adds to § 4901.14(b) a provision that PBGC will provide records in the format specified in the request if practicable.

Finally, the final rule clarifies PBGC’s procedures for when a requested record cannot be located. Section 4901.14(d) of the FOIA regulation states that a request may be denied if a record is not located in time to determine whether it may be disclosed. The final rule clarifies that when records cannot be located despite a reasonably calculated search to uncover all relevant documents, PBGC will let the requester know there are no records to provide, rather than deny the request.

Appeals

Under PBGC’s procedures, a requester may appeal any adverse determination by the Disclosure Division. However, before the final rule, § 4901.15(a) stated that a requester may appeal only a denial of a request for disclosure of information. The amendment to § 4901.15(a) clarifies that a requester may appeal any adverse decision by the Disclosure Division under FOIA, including a denial of: access to records, expedited processing, or waiver of fees. It also clarifies the instructions for submitting an appeal.

Extensions of Time

As provided for in section 552(a)(6)(B) of the FOIA and § 4901.16 of the FOIA regulation, PBGC may extend its time to respond to a disclosure request or an appeal when it must collect records stored off-site, examine a voluminous amount of records, or consult with another agency to respond to a FOIA request. The final rule adds to § 4901.16 that when an extension of time exceeds 10 working days, the requester will be notified of the opportunity to seek assistance, modify the request, or arrange an alternative time period (with new response due dates) for processing the original or modified request. This change is intended to improve customer service.

Expedited Action on Requests and Appeals

Section 552(a)(6)(E)(i) of the FOIA states that Federal agencies must promulgate regulations to provide expedited processing of FOIA requests and appeals where the requester demonstrates a compelling need and for other reasons determined by the agency. PBGC’s Disclosure Division has a process to request and receive expedited processing. The final rule codifies this process. New § 4901.17 allows a requester to submit a request for expedited action on a disclosure request or appeal. PBGC will act on the disclosure request or appeal as soon as practicable if the requester demonstrates that: (1) a lack of expedited action could reasonably be expected to pose an imminent threat to the life or physical safety of an individual or the loss of an individual’s substantial due process rights, or (2) the requester is primarily engaged in disseminating information and the disclosure request or appeal is urgently needed to inform the public about an actual or alleged Federal Government activity.

The final rule also moves what was § 4901.17 on exhaustion of administrative remedies to newly added § 4901.18.

Record of Concern to More Than One Agency

The final rule modifies § 4901.23, which covers the procedures for a requested record that is of interest to a Federal agency other than PBGC. Before the final rule, PBGC could release such a record only if it determined that PBGC’s interest in the record was greater than that of the other agency. Under the amendment, PBGC has greater discretion over whether to transfer the request to another agency. If PBGC receives a request for records that is of concern to another agency, PBGC will either consult with the interested Federal agency about the requested records before determining whether the record is disclosable or refer the request to the interested Federal agency to make that determination. This change is intended to eliminate referrals where the requested record is of concern to the other agency, but PBGC is nonetheless able to determine whether it may be disclosed. Allowing a consultation in these situations will help to ensure that certain requests for records are not unnecessarily delayed.

5 Public Law 104–231.
Charges for Services

The final rule simplifies the categories of requesters used to determine if a requester will be charged fees. Before, under § 4901.31(b), (1) non-commercial scientific or educational institutions and (2) the news media were considered two separate categories. Under the amendment, they are combined into a single category, as requesters that fall within these parameters are not assessed fees for responses to their FOIA requests.

In addition, the final rule updates the definitions in § 4901.31(b). In § 4901.31(b)(1)(ii), the definition of “commercial use” states that such use may include litigation work and that PBGC will determine if a requester should be in the “commercial use” category on a case-by-case basis and inform the requester of its decision. In § 4901.31(b)(2)(iii), the definition of “educational institution” is modified to allow PBGC to verify that a request is in furtherance of scholarly research and to state that PBGC will inform the requester of its decision. Also, the final rule updates and clarifies the definition of “representative of the news media” in § 4901.31(b)(2)(iv).

Finally, the final rule amends § 4901.31(e) to clarify the circumstances in which PBGC may fail to comply with a time limit under section 552(a)(6) of the FOIA but still assess fees.

Fee Schedule

The final rule updates the fees charged for search and review time on its FOIA fee schedule. Under section 552(a)(4)(A)(i) of the FOIA, Federal agencies must conform their FOIA fee schedules with OMB’s Uniform Guidelines with OMB’s Uniform. Agencies must conform to the guidelines which shall provide for a uniform schedule of fees for all agencies.

Payment of Fees

The final rule changes the approved methods for payment of FOIA fees in § 4901.33 to include: check, money order or other PBGC permitted means. This change will allow PBGC to employ new technologies for submitting FOIA fee payments as they are developed.

Waiver or Reduction of Charges

Section 552(a)(4)(A)(iii) of the FOIA describes the conditions necessary to waive FOIA fees. Because inability to pay is not described in this provision of the statute, the final rule deletes the language in § 4901.34(b) of the FOIA regulation, which provided that the Disclosure Officer could waive or reduce fees based on the requester’s inability to pay. The final rule instead adheres to the statutory language about when fees may be waived. It also provides that PBGC will inform the requester in writing that a fee waiver request was denied and why. This amendment is intended to increase accuracy and transparency about when fees may be waived.

Compliance With Rulemaking Guidelines

Executive Orders 12866 and 13563

The Office of Management and Budget has determined that this rulemaking is not a “significant regulatory action” under Executive Order 12866. This rule updates PBGC’s FOIA regulation to comport with amendments to 5 U.S.C. 552 and PBGC’s procedures. Accordingly, OMB has not reviewed the final rule under Executive Order 12866.

Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity).

Although this is not a significant regulatory action under Executive Order
12866, PBGC has examined the economic implications of this final rule and has concluded that there will be no significant economic impact as a result of the amendments to PBGC’s regulation. Most of the amendments merely clarify existing PBGC practices or modify the regulation to meet statutory requirements. The only additional costs to the public come from the update to the fees for search and review time under § 4901.32 to bring the fee schedule in line with current costs. PBGC collects annually less than $3,000 in fees for responding to FOIA requests. Under the final rule, PBGC is raising its FOIA fee to $54.00 per hour, which is 3.375 times its previous FOIA fee of $16.00 per hour. With the increase of 3.375 times, PBGC anticipates that it will collect roughly between $6,500 and $10,000 in fees annually. Therefore, the increased fees under § 4901.32 will not have a significant economic impact on the public.

Section 6 of Executive Order 13563 requires agencies to rethink existing regulations by periodically reviewing their regulatory program for rules that “may be outdated, ineffective, insufficient, or excessively burdensome.” These rules should be modified, streamlined, expanded, or repealed as appropriate. PBGC has identified clarifications, updates, and improvements to this regulation consistent with the principles for review under Executive Order 13563. PBGC believes that the changes will provide clearer guidance to the public.

**Regulatory Flexibility Act**

The Regulatory Flexibility Act imposes certain requirements with respect to rules that are subject to the notice-and-comment requirements of section 553(b) of the Administrative Procedure Act and that are likely to have a significant economic impact on a substantial number of small entities. Unless an agency determines that a final rule is not likely to have a significant economic impact on a substantial number of small entities, section 604 of the Regulatory Flexibility Act requires that the agency present a final regulatory flexibility analysis at the time of the publication of the final rule describing the impact of the rule on small entities and steps taken to minimize the impact. Small entities include small businesses, organizations, and governmental jurisdictions.

PBGC certifies under section 605(b) of the Regulatory Flexibility Act that the amendments in this final rule will not have a significant economic impact on a substantial number of small entities. Although PBGC does not have data on the number of small entities that the rule will impact, the rule’s economic impact on small entities will be nominal. Most of the amendments clarifying existing PBGC practices will have a neutral cost impact. The amendment to PBGC’s search and review fees is consistent with the mandates on all Federal agencies under FOIA and OMB Guidelines. Under FOIA, agencies may recover only the direct costs of searching for, reviewing, and duplicating the records processed for requesters. Thus, under the final rule, the fees assessed by PBGC are nominal. Accordingly, as provided in section 605 of the Regulatory Flexibility Act, sections 603 and 604 do not apply.

(d) Other agency proceedings, policies, staff manuals and instructions, and records. Except to the extent that deletion of identifying details is required to prevent a clearly unwarranted invasion of personal privacy (in which case PBGC will
explain in writing the justification for the deletion)—

(1) *Adjudication proceedings.* Final opinions, orders, and (except to the extent that an exemption provided by FOIA must be asserted in the public interest to prevent a clearly unwarranted invasion of personal privacy or violation of law or to ensure the proper discharge of the functions of PBGC) other papers and documents made a part of the official record in adjudication proceedings conducted by PBGC;

(2) *Policy statements and interpretations.* Statements of policy and interpretations affecting a member of the public which have been adopted by PBGC and which have not been published in the Federal Register;

(3) *Staff manuals and instructions.* Administrative staff manuals and instructions to staff issued by PBGC that affect any member of the public;

(5) *Other records.* Records that have been released under section 552(a)(3) of FOIA and that PBGC determines, because of the nature of the records’ subject matter, have become or are likely to become the subject of three or more disclosure requests.

§ 4901.6 Disclosure of other information.

(a) In general. A request to inspect any record subject to this subpart must be submitted in writing to the Disclosure Officer, Pension Benefit Guaranty Corporation, by mail, in-person delivery, or electronic telecommunication in accordance with the FOIA instructions on PBGC’s website, www.pbgc.gov. To facilitate processing, “FOIA request” should appear prominently on the request.

(b) Assistance with requests. A person who intends to submit or has submitted a request to inspect any record subject to this subpart may at any time seek assistance from a FOIA Public Liaison listed on PBGC’s website, www.pbgc.gov. PBGC’s FOIA Public Liaisons are responsible for assisting in reducing delays, increasing transparency and understanding of the status of requests, and assisting in the resolution of disputes.

§ 4901.11 Submission of requests for access to records.

(1) If the requester’s consent to pay substantial search, review, and/or duplication charges under subpart D of this part will be accepted, the Disclosure Officer will notify the requester.

(2) If the request is otherwise prohibited by law, the Disclosure Officer will not withhold records merely because of difficulty in finding them. A request may be delayed or denied.

(3) Any amended disclosure request must meet the requirements for a request under paragraph (a) of this section.

§ 4901.12 Description of information requested.

(a) In general. A request to inspect any record subject to this subpart must be submitted in writing to the Disclosure Officer, Pension Benefit Guaranty Corporation, by mail, in-person delivery, or electronic telecommunication in accordance with the FOIA instructions on PBGC’s website, www.pbgc.gov. To facilitate processing, “FOIA request” should appear prominently on the request.

(b) Deficient descriptions. (1) If the description is insufficient to enable a professional employee familiar with the subject area of the disclosure request to locate the record with a reasonable amount of effort, the Disclosure Officer will notify the requester and, to the extent possible, indicate the additional information required. PBGC will make every reasonable effort to assist a requester in the identification and location of the record or records sought. PBGC will not withhold records merely because of difficulty in finding them.

(2) A requester who is attempting to modify or reformulate a disclosure request may discuss the request with a FOIA Public Liaison, who is available to assist the requester in reasonably describing the records sought. If the requester fails to reasonably describe the records sought, PBGC’s response to the request may be delayed or denied.

(3) Any amended disclosure request must meet the requirements for a request under paragraph (a) of this section.

§ 4901.13 Receipt by agency of request.

The Disclosure Officer will note the date and time of receipt on each disclosure request for access to records. A disclosure request is deemed received and the period within which PBGC acts on the request, as set forth in §4901.14, begins on the next working day following receipt, except that a disclosure request is deemed received only if and when PBGC receives all of the following:

(a) A sufficient description under §4901.12;

(b) Payment or assurance of payment if required under §4901.33(b); and

(c) The requester’s consent to pay substantial search, review, and/or duplication charges under subpart D of this part if PBGC determines that such charges may be substantial and so notifies the requester. Consent must be in the form of a statement that charges under subpart D of this part will be acceptable either in any amount or up to a specified amount. To avoid possible delay, a requester may include such a statement in an initial disclosure request.

§ 4901.14 Action on request.

(a) Time for action. Promptly and in any event within 20 working days after
receipt of a disclosure request (subject to extension under § 4901.16), the Disclosure Officer will take action with respect to each requested item (or portion of an item) under either paragraph (b), (c), or (d) of this section. Following receipt, PBGC may ask the requester for information once and toll the 20-day period until PBGC receives such information.

(b) Request granted. If the Disclosure Officer determines that the disclosure request will be granted, PBGC will so advise the requester and will promptly make the records available to the requester. PBGC will accommodate any specification of the preferred form or format for the sought record as stated in the request, if the record is readily reproducible in the preferred form or format.

c. Request denied. If the Disclosure Officer determines that the disclosure request will be denied, PBGC will so advise the requester in writing with a brief statement of the reasons for the denial, including, if applicable, a reference to the specific exemption(s) authorizing the denial and an explanation of how each such exemption applies to the matter withheld.

(d) Records not located. If the Disclosure Officer determines that, despite a reasonably calculated search to uncover all relevant documents, the requested records could not be located, PBGC will issue a “no-records” response, and so advise the requester in writing.

(e) Information for requester. Written responses issued under paragraph (c) or (d) of this section will include the name and title of the person(s) responsible for the denial, outline the appeal procedure available, and notify the requester of the right to seek dispute resolution services from a PBGC FOIA Public Liaison or the Office of Government Information Services.

§ 4901.15 Appeals from denial of requests.

(a) Submittal of appeals. A requester may appeal any adverse determination by the Disclosure Officer of a request under FOIA, including a denial of a request for access to records, expedited action, or fee waiver. The requester may file a written appeal within 90 days from the date of the denial or, in the case of a partial denial, 90 days from the date the requester receives the disclosed material. The appeal must include the grounds for appeal and any supporting statements or arguments. The requester must address the appeal to the General Counsel, Pension Benefit Guaranty Corporation, and must submit the appeal by mail, in-person delivery, or electronic telecommunication in accordance with the FOIA instructions on PBGC’s website, www.pbgc.gov. To facilitate processing, the words “FOIA appeal” should appear prominently on the appeal.

(b) Receipt and consideration of appeal. The General Counsel will note the date and time of receipt of each appeal and notify the requester thereof. Within 20 working days after receipt of an appeal (subject to extension under § 4901.16), the General Counsel will issue a decision on the appeal.

1. The General Counsel will determine de novo whether the denial of disclosure was in accordance with FOIA and this part.

2. Unless otherwise ordered by the court, the General Counsel may act on an appeal notwithstanding the pendency of an action for judicial relief in the same matter and, if no appeal has been filed, may treat the pending action as if it were a separate one.

(c) Decision on appeal. As to each item (or portion of an item) whose nondisclosure is appealed, the General Counsel will either—

1. Grant the appeal and so advise the requester in writing, in which case the records with respect to which the appeal is granted will promptly be made available to the requester; or

2. Deny the appeal and so advise the requester in writing with a brief statement of the reasons for the denial, including a reference to the specific exemption(s) authorizing the denial, an explanation of how each such exemption applies to the matter withheld, and notice of the provisions for judicial review in section 552(a)(4) of FOIA. The General Counsel’s decision will be the final action of PBGC with respect to the request.

§ 4901.16 Extensions of time.

In unusual circumstances (as described in section 552(a)(6)(B) of FOIA), the time to respond to a disclosure request under § 4901.14(a) or an appeal under § 4901.15(b) may be extended as reasonably necessary to process the request or appeal. The Disclosure Officer will notify the requester in writing within the original time period of the unusual circumstances and the date when a response is expected to be sent. When the extension for a disclosure request exceeds 10 working days, the notice will provide the requester with an opportunity to modify the disclosure request or arrange an alternative time period for processing the original or modified request. This notice will also alert the requester of the availability of a PBGC FOIA Public Liaison for assistance and the Office of Government Information Services for dispute resolution services. The maximum extension for responding to an appeal is 10 working days minus the amount of any extension on the request to which the appeal relates.

(1) The disclosure request or appeal involves circumstances in which the lack of expedited action could reasonably be expected to pose an imminent threat to the life or physical safety of an individual or the loss of an individual’s substantial due process rights.

(2) The requester is primarily engaged in disseminating information and the disclosure request or appeal is urgently needed to inform the public about an actual or alleged Federal Government activity.

(b) Timing and method of request. A request for PBGC to expedite a disclosure request or an appeal may be made at any time and must be made by mail, in-person delivery, or electronic telecommunication in accordance with the FOIA instructions on PBGC’s website, www.pbgc.gov.

1. Upon a request submitted in accordance with paragraph (b) of this section, PBGC will expedite a disclosure request under § 4901.11 or an appeal under § 4901.15 if PBGC determines that the requester has demonstrated one of the following:

1. The disclosure request or appeal involves circumstances in which the lack of expedited action could reasonably be expected to pose an imminent threat to the life or physical safety of an individual or the loss of an individual’s substantial due process rights.

2. The requester is primarily engaged in disseminating information and the disclosure request or appeal is urgently needed to inform the public about an actual or alleged Federal Government activity.

(2) Request granted. If PBGC determines that the request for expedited action will be granted, PBGC will take action on the disclosure request or the appeal as soon as practicable.

(3) Request denied. If PBGC determines that the request for expedited action will be denied, PBGC will so advise the requester in writing with a brief statement of the reasons for
the denial. The writing will also include
the name and title or position of the
person(s) responsible for the denial,
outline the appeal procedure available,
and notify the requester of the right
to seek dispute resolution services from
a PBGC FOIA Public Liaison or the Office
of Government Information Services.
PBGC will act on any appeal of that
decision expeditiously.

18. Add § 4901.18 to read as follows:

§ 4901.18 Exhaustion of administrative remedies.

If the Disclosure Officer fails to make a
determination to grant or deny access
to requested records, or the General
Counsel does not make a decision on
appeal from a denial of access to PBGC
records, within the time prescribed
(including any extension) for making
such determination or decision, the
requester's administrative remedies
will be deemed exhausted and the requester
may apply for judicial relief under
FOIA. However, since a court may allow
PBGC additional time to act as provided
in FOIA, processing of the disclosure
request or appeal will continue and
PBGC will so advise the requester.

19. Revise § 4901.21 to read as follows:

§ 4901.21 Restrictions in general.

(a) Records not disclosable. PBGC will
disclose records to the extent
prohibited by section 552(b)(1) or (3) of
FOIA, sections 4010 and 4043 of ERISA,
or other statutes.

(b) Records disclosure of which may
be refused. Unless prohibited from
disclosure by paragraph (a) of this
section, PBGC need not but may, as
provided in § 4901.5(b), disclose records
exempted from FOIA, which include as
of August 24, 2022 records under:

(1) Section 552(b)(2) of FOIA, dealing
in general with internal agency
personnel rules and practices;

(2) Section 552(b)(4) of FOIA, dealing
in general with trade secrets and
commercial and financial information;

(3) Section 552(b)(5) of FOIA, dealing
in general with inter-agency and in-tra-
agency memoranda and letters;

(4) Section 552(b)(6) of FOIA, dealing
in general with personnel, medical, and
similar files;

(5) Section 552(b)(7) of FOIA, dealing
in general with records or information
compiled for law enforcement purposes;

(6) Section 552(b)(8) of FOIA, dealing
in general with reports on financial
institutions; or

(7) Section 552(b)(9) of FOIA, dealing
in general with information about wells.

§ 4901.22 [Amended]

20. Amend § 4901.22 by removing
“shall not” and adding in its place “will
not” in the first sentence and removing
“shall be” and adding in its place “will
be” in the second sentence.

21. Revise § 4901.23 to read as follows:

§ 4901.23 Record of concern to agency
other than PBGC.

When reviewing a record in response
to a disclosure request, PBGC will
determine whether another agency is
better able to determine whether whether
the record is exempt from disclosure under
FOIA. As to any such record, PBGC will
proceed in one of the following ways:

(a) Consultation with another agency.

When the record contains information
of interest to another agency, PBGC will
make a release determination only if its
interest in the record is the primary
interest and only after PBGC consults
with that agency.

(b) Referral to another agency. (1) When
an agency other than PBGC has
primary interest in the record, then
PBGC will refer the responsibility for
responding to the disclosure request
regarding that record to that agency.

(2) Whenever PBGC refers any part of
the responsibility for responding to a
disclosure request to another agency,
PBGC will document the referral,
maintain a copy of the record that it
refers, and notify the requester of the
referral, informing the requester of the
name(s) of the agency to which the
record was referred, including that
agency’s FOIA office.

22. Amend § 4901.24 by:

(a) Revising the section heading and
paragraph (a);

(b) Removing “submitter shall” and
“paragraph shall” and adding in their
places “submitter must” and “paragraph
will”, respectively, and removing
“therefor” in paragraph (b);

(c) Removing “disclosure officer”,
“Counsel shall”, “this paragraph”, and
“requester shall” and adding in their
places “Disclosure Officer”, “Counsel
will”, “this paragraph (c)”, and
“requester will”, respectively, in
paragraph (c);

(d) Removing “disclosure should”,
“subsection (b)”, “paragraph (b)(4) of
FOIA”, “asserted should”, and
“paragraph shall” and adding in their
places “disclosure must”, “section
552(b)(4)”, “section 552(b)(4)”, “asserted
must”, and “paragraph (d) will”,
respectively, in paragraph (d);

(e) Revising paragraph (e); and

(f) Removing “petitioner” and
“Counsel shall” and adding in their
places “Disclosure Officer” and
“Counsel will”, respectively, in
paragraph (f).

The revisions read as follows:

§ 4901.24 Special rules for trade secrets
and confidential commercial or financial
information submitted to PBGC.

(a) Application. To the extent
permitted by law, this section applies
to a request for disclosure of a record that
contains information that has been
designated by the submitter in good
faith in accordance with paragraph (b)
of this section or a record that PBGC has
reason to believe contains such
information, unless one of the following
applies:

(1) Access to the information is
denied.

(2) The information has been
published or officially made available to
the public.

(3) Disclosure of the information is
required by law other than FOIA.

(4) The designation under paragraph
(b) of this section appears obviously
frivolous, except that in such a case
PBGC will notify the submitter in
writing of a determination to disclose the
information within a reasonable
time before the disclosure date (which
shall be specified in the notice).

(e) Notification to submitter of
decision to disclose. If the Disclosure
Officer or (where disclosure is
in response to an appeal) the General
Counsel decides to disclose information
subject to this section despite the
submitter’s objections, the Disclosure
Officer (or General Counsel) will give
the submitter written notice, explaining
briefly why the information is to be
disclosed despite those objections,
describing the information to be
disclosed, and specifying the date when
the information will be disclosed to the
requester. The notification will, to
the extent permitted by law, be provided
a reasonable number of days before the
disclosure date so specified, and a copy
will be provided to the requester.

23. Amend § 4901.31 by:

(a) Revising paragraphs (a) and (b);

(b) Removing “the PBGC” and adding
in its place “PBGC” in paragraph (c);

(c) Revising paragraphs (d) and (e).

The revisions read as follows:

§ 4901.31 Charges for services.

(a) In general. Pursuant to the
provisions of section 552 of FOIA, as
amended, PBGC will assess charges to
cover the direct costs of searching for,
reviewing, and/or duplicating records
requested under FOIA, except where the
charges are limited or waived under
paragraph (b) or (d) of this section, according to the fee schedule in § 4901.32. No charge will be assessed if the costs of routine collection and processing of the fee would be equal to or greater than the fee itself. Except as provided in paragraph (e) of this section, no charge for searching (or in the case of a requester described under section 552(a)(4)(A)(ii)(II) of FOIA, for duplication) will be assessed if PBGC has failed to comply with any time limit under section 552(a)(6) of FOIA.

(1) Direct costs means those expenditures which PBGC actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing) documents to respond to a disclosure request under FOIA and this part. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

(2) Search means all time spent looking for material that is responsive to a disclosure request under FOIA and this part, including page-by-page or line-by-line identification of materials within a document, if required. Searches may be done manually or by computer using existing programming. Search is distinguishable from “review,” which is defined in paragraph (a)(3) of this section.

(3) Review means the process of examining documents located in response to a disclosure request under FOIA and this part to determine whether any portion of any document located is permitted or required to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to redact them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(4) Duplication means the process of making a copy of a document necessary to respond to a disclosure request under FOIA and this part, in a form that is reasonably usable by the requester. Copies can take the form of paper copy, audio-visual materials, or electronic records, among others.

(b) Categories of requesters. For purposes of assessing fees, requesters who seek access to records under FOIA and this part are divided into three categories: commercial use requesters, non-commercial scientific or educational institutions or news media requesters, and all other requesters. PBGC will determine the category of a requester and charge fees according to the following rules.

(1) Commercial use requesters. (i) When records are requested for commercial use, PBGC will assess charges, as provided in this subpart, for the full direct costs of searching for, reviewing for release, and duplicating the records sought. Fees for search and review may be charged even if the record searched for is not found or if, after it is found, it is determined that the request to inspect it may be denied under section 552(b) of FOIA and this part.

(ii) A “commercial use” request is a request that asks for information for a use or a purpose that furthers a commercial, trade, or profit interest, which can include furthering those interests through litigation. PBGC’s decision to place a requester in the commercial use category will be made on a case-by-case basis dependent upon the requester’s intended use of the information. PBGC will notify requesters of their placement in this category.

(2) Non-commercial scientific or educational institutions, or news media requesters. (i) When records are requested by a non-commercial scientific or educational institution or a news media requester, PBGC will assess charges, as provided in this subpart, for the full direct cost of duplication only, excluding charges for the first 100 pages.

(ii) A non-commercial scientific institution is an institution that is not operated for a “commercial use” as that term is defined in paragraph (b)(1)(ii) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(iii) An educational institution is any school that operates a program of scholarly research. A requester in this fee category must show that the request is made in connection with his or her role at the educational institution. PBGC may seek verification from the requester that the request is in furtherance of scholarly research and PBGC will advise requesters of their place in this category.

(iv)(A) A representative of the news media is any person or entity that gathers information of potential interest to a segment of the public, uses editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. The term news media means information that is about current events or that would be of current interest to the public. Examples of news media entities include radio stations broadcasting to the public at large, and publishers of periodicals that disseminate “news” and make their products available through a variety of means to the general public, including news organizations that disseminate solely on the internet. These examples are not intended to be all-inclusive. A “freelance” journalist who demonstrates a solid basis for expecting publication through a news media entity will be considered as a representative of the news media.

(B) To be eligible for inclusion in this category, the request must not be made for a commercial use. A request for records supporting the news dissemination function of the requester who is a representative of the news media will not be considered to be a request that is for a commercial use.

(3) All other requesters. When records are requested by requesters who do not fit into any of the categories in paragraph (b)(1) or (2) of this section, PBGC will assess charges, as provided in this subpart, for the full direct cost of searching for and duplicating the records sought, with the exceptions that there will be no charge for the first 100 pages of duplication and the first 2 hours of search time. Notwithstanding the preceding sentence, there will be no charge for search time in the event of requests under the Privacy Act of 1974 from subjects of records filed in PBGC’s systems of records for the disclosure of records about themselves. Search fees, where applicable, may be charged even if the record sought is not found.

(d) Waiver or reduction of charges. Circumstances under which any fee listed in § 4901.32 may be waived or reduced are set forth in § 4901.34.

(e) Unusual or exceptional circumstances. Notwithstanding paragraph (a) of this section, if PBGC fails to comply with a time limit under section 552(a)(6) of FOIA, PBGC may nevertheless assess a charge for search and review services (or in the case of a requester described under section 552(a)(4)(A)(ii)(II), for duplication) if one of the following circumstances applies:

(1) PBGC has determined that unusual circumstances (as defined in section 552(a)(6)(B) of FOIA) apply, PBGC needs more than 10 additional days to process the disclosure request, and more than 5,000 pages are necessary to respond to the request, provided that:

(i) PBGC has provided timely written notice of this determination to the requester; and

(ii) PBGC has discussed with the requester three or more good-faith attempts to do so, via written mail, electronic mail, or telephone how the
requester could effectively limit the scope of the request.

2. PBGC has determined that unusual circumstances (as defined in section 552(a)(6)(B) of FOIA) apply, PBGC has provided timely written notice to the requester of the unusual circumstances extending the time limit by 10 additional days, and PBGC processes the disclosure request within that time.

3. A court has determined that exceptional circumstances exist (as defined in section 552(a)(6)(C) of FOIA) and has issued an order excusing PBGC’s failure to comply with the time limit.

24. Amend § 4901.32 by revising paragraphs (a) and (b) to read as follows:

§ 4901.32 Fee schedule.

(a) Charges for searching and review of records. Charges applicable under this subpart to the search for and review of records will be made according to the following fee schedule:

(1) Search time and review time. For ordinary search services and review services, PBGC charges $54.00 per hour.

(2) Retrieving records stored by NARA. For disclosure requests that require the retrieval of records stored at a Federal records center operated by the National Archives and Records Administration (NARA), PBGC charges additional costs in accordance with the Transactional Billing Rate Schedule established by NARA.

(b) Charges for duplication of records. Charges applicable under this subpart for obtaining requested copies of records made available for inspection will be made according to the following fee schedule and subject to the following conditions.

(1) Standard copying fee. $0.15 for each page of record copies furnished.

(2) Voluminous material. If the volume of page copy desired by the requester is such that the reproduction charge at the standard page rate would be in excess of $50, the person desiring reproduction may request a special rate quotation from PBGC.

(3) Indexes. Pursuant to section 552(a)(2) of FOIA copies of indexes or supplements thereto which are maintained as therein provided but which have not been published will be provided on request at a cost not to exceed the direct cost of duplication.

25. Amend § 4901.33 by:

(a) Revising paragraphs (a), (b) introductory text, and (b)(1);

(b) Removing “the PBGC” and adding in its place “PBGC” in paragraph (b)(2); and

(c) Removing “The PBGC” and adding in its place “PBGC” in paragraph (c).

The revisions read as follows:

§ 4901.33 Payment of fees.

(a) Medium of payment. Payment of the applicable fees as provided in this section must be made by check, money order, or other PBGC permitted method, and in accordance with the FOIA instructions on PBGC’s website, www.pbgc.gov.

(b) Advance payment or assurance of payment. Payment or assurance of payment before work is begun or continued on a disclosure request may be required as follows:

(1) Where PBGC estimates or determines that charges allowable under the rules in this subpart, are likely to exceed $250, PBGC may require advance payment of the entire fee or assurance of payment, as follows:

(i) Where the requester has a history of prompt payment of fees under this part, PBGC will notify the requester of the likely cost and obtain satisfactory assurance of full payment; or

(ii) Where the requester has no history of payment for requests made pursuant to FOIA and this part, PBGC may require the requester to make an advance payment of an amount up to the full estimated charges.

26. Amend § 4901.34 by:

(a) Removing “disclosure officer”, “government”, “waiver request shall”, and “request for waiver” and adding in their places “Disclosure Officer”, “Government”, “waiver or reduction request must”, respectively, in paragraph (a); and

(b) Revising paragraph (b).

The revision reads as follows:

§ 4901.34 Waiver or reduction of charges.

(b) If the Disclosure Officer determines that the request for fee waiver or reduction will be denied, the requester will be so advised in writing with a brief statement of the reasons for the denial. The writing will include the name and title or position of the person(s) responsible for the denial, outline the appeal procedure available, and notify the requester of the right to seek dispute resolution services from a PBGC FOIA Public Liaison or the Office of Government Information Services.
