

Notices

Federal Register

Vol. 87, No. 141

Monday, July 25, 2022

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by August 24, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food and Nutrition Service

Title: 7 CFR part 215—Special Milk Program for Children.

OMB Control Number: 0584–0005

Summary of Collection: Section 3 of the Child Nutrition Act (CNA) (Pub. L. 89–642, as amended; 42 U.S.C. 1772) authorizes the Special Milk Program (SMP) for Children. It provides for appropriation of such sums as may be necessary to enable the Secretary of Agriculture, under such rules and regulations as the Secretary may deem in the public interest, to encourage consumption of fluid milk by children in the United States in (1) nonprofit schools of high school grade and under, and (2) nonprofit nursery schools, child care centers, settlement houses, summer camps, and similar nonprofit institutions devoted to the care and training of children, which do not participate in a food service program authorized under the CNA. Section 10 of the CNA requires the Secretary of Agriculture to "prescribe such regulations as the Secretary may deem necessary to carry out this Act" and pursuant to that provision, the Secretary has issued 7 CFR part 215 which contains the policies and procedures for the administration and operation of the SMP. For this revision, the nonprofit childcare and nursery schools, which were originally classified as State, Local, or Tribal respondents, have been reclassified as Business respondents. This reclassification, however, does not impact the reporting or recordkeeping burden for this collection, which remains unchanged from the last renewal.

Need and Use of the Information:

This is a revision of the currently approved information collection. This is an ongoing collection that contains both mandatory and required to obtain or retain benefit requirements. The SMP is administered at the State, school food authority (SFA), and child care institution, such as nonprofit childcare and nursery schools, levels. In accordance with the regulations, State and local operators are required to collect information concerning the operation of the program including the submission of applications and agreements, submission and payment of claims, and the maintenance of records. Without this information FNS would

not be able to reimburse schools and institutions in a timely manner to allow them to properly administer the program. In addition, data reporting would be delayed and the timely monitoring of program funding and program trends would be affected. If the recordkeeping activities were not conducted, FNS would be unable to provide adequate oversight of the SMP operators and State agencies.

Description of Respondents: State, Local, and Tribal Government and Non-Profit Institutions.

Number of Respondents: 3,499.

Frequency of Responses: Recordkeeping; Reporting: On Occasion, Monthly, and Annually.

Total Burden Hours: 13,325.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by August 24, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/

public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal Plant and Health Inspection Service

Title: Cooperative State-Federal Brucellosis Eradication Program.

OMB Control Number: 0579–0047.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The AHPA is contained in Title X, Subtitle E, Sections 10401–18 of Public Law 107–171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. Disease prevention and disease surveillance are the most effective methods for maintaining a healthy animal population and for enhancing the United States’ ability to compete in the world market of animal and animal product trade. The Veterinary Services (VS) unit of the USDA’s Animal and Plant Health Inspection Service (APHIS) is responsible for administering regulations intended to protect the health of the U.S. livestock population. Brucellosis is an infectious disease of animals and humans caused by bacteria of the genus *Brucella*. The continued presence of brucellosis in a herd seriously threatens the health, welfare, and economic viability of the livestock industry. There is no economically feasible treatment for brucellosis in livestock. The Cooperative State-Federal Brucellosis Eradication Program is a national program to eliminate this serious disease of livestock. APHIS will collect information using various forms and methods.

Need and Use of the Information: APHIS will use the information collected via various forms and methods to demonstrate that program requirements are being met for State and herd status and to demonstrate that program-allowed activities, such as testing vaccinating, and movement, are being conducted in accordance with the regulations and program rules. Without the information, APHIS would not be able to conduct an effective brucellosis surveillance, control, and eradication

program. Consequently, brucellosis would likely spread to areas of the United States that are currently classified free of the disease, which could have a potentially devastating effect on U.S. livestock markets and trade.

Description of Respondents: Business; State, Local or Tribal Government.

Number of Respondents: 87,974.

Frequency of Responses:

Recordkeeping; Reporting: On occasion; Quarterly; Monthly.

Total Burden Hours: 247,325.

the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Foreign Agricultural Service

Title: Technical Assistance for Specialty Crops Program.

OMB Control Number: 0551–0038.

Summary of Collection: The Technical Assistance for Specialty Crops (TASC) program was authorized by Section 3205 of the Farm Security and Rural Investment Act of 2002 (Pub. L. 107–171). Regulations governing the program appear at 7 CFR part 1487. Section 3205 provides that the Secretary of Agriculture shall establish a program to address unique barriers that prohibit or threaten the export of U.S. specialty crops. The program was reauthorized by the Agricultural Improvement Act of 2018 (section 3201), which became effective on December 20, 2018. The Foreign Agricultural Service (FAS) will administer the program for the Commodity Credit Corporation.

Need and Use of the Information: FAS collects data for fund allocation, program management, planning and evaluation. FAS will collect information from applicants desiring to receive grants under the program to determine the viability of requests for funds. The program could not be implemented without the submission of project proposals, which provide the necessary information upon which funding decisions are based.

Description of Respondents: Not-for-profit institutions; Business or other for-profit; Federal Government.

Number of Respondents: 25.

Frequency of Responses:

Recordkeeping; Reporting: On occasion; Annually.

Total Burden Hours: 1,250.
