To be clear, in the interim, before OMB approves these statutory modifications to Form FRA F 6180.152, host railroads would continue to comply with the following biannual reporting deadlines for Form FRA F 6180.152 under FRA’s existing regulations, 49 CFR 236.1029(h)(3); July 31 (covering the period from January 1 to June 30), and January 31 (covering the period from July 1 to December 31 of the prior calendar year). Railroads would transition to the quarterly frequency once OMB approves the modified Form FRA F 6180.152.

The only other modification FRA proposes to make to Form FRA F 6180.152 is to lock the formatting of users cannot manipulate those components of the form. FRA is placing the proposed, modified Form FRA F 6180.152 in Docket No. FRA–2022–0002 for review and interested persons are invited to submit comments on or before August 24, 2022.

For a detailed discussion regarding the reporting metrics in the proposed Quarterly Report of PTC System Performance (Form FRA F 6180.152), please see FRA’s Final Rule outlining the comments received and corresponding content requirements under 49 CFR 236.1029(h). See 86 FR 40154, 40157–59, 40163–68 (July 27, 2021); see also 49 U.S.C. 20157(m). FRA may not alter the existing reporting requirements in Form FRA F 6180.152 as they are now statutorily mandated. As a reminder, modified Form FRA F 6180.152 would be identical in substance to existing, OMB-approved Form FRA F 6180.152 (Biannual Report of PTC System Performance) that the public commented on during the 2020–2021 PTC rulemaking. See 85 FR 82400 (Dec. 18, 2020) (Notice of Proposed Rulemaking); 86 FR 40154 (July 27, 2021) (Final Rule). The only material changes to Form FRA F 6180.152 FRA is proposing are those necessary to shift from the biannual framework under FRA’s regulations, 49 CFR 236.1029(h), to the new quarterly framework under 49 U.S.C. 20157(m)(3).

Under the currently approved biannual framework, FRA estimated that each performance report (Form FRA F 6180.152), covering a six-month period, would take 48 hours to prepare. See 86 FR at 40169–71. Under the new statutory quarterly framework, FRA estimates that, on average, each report, covering a shorter period (three months), would take 32 hours to prepare. This estimate is based on the fact that under the quarterly framework, the reporting period would be half as long and, correspondingly, it would take approximately half as long (i.e., 24 hours) to compile the performance-related data for that period, plus an additional 8 hours to account for any additional administrative burdens in completing the form. Railroads will collect, analyze, and report 365 days’ worth of data about their PTC systems’ performance under either reporting framework (biannual or quarterly), and FRA estimates that shifting the frequency from biannual (under the existing regulation) to quarterly (under the recent legislation) would result in an increase of 73 reports per year and a burden increase of 1,168 hours total.

In addition, FRA notes that the Statutory Notification of PTC System Failures (Form FRA F 6180.177) expired by law on December 31, 2021, so FRA proposes to remove that form from this information collection request. See 49 U.S.C. 20157(j). That adjustment would result in a decrease of 144 reports per year and a burden decrease of 144 hours.

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Office of the Comptroller of the Currency (OCC); Treasury; Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Joint notice and request for comment.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act of 1995 (PRA), the OCC, the Board, and the FDIC (the agencies) may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. On March 28, 2022, the Federal Financial Institutions Examination Council (FFIEC), of which the agencies are members, requested public comment for 60 days on a proposal to extend for three years, without revision, the Market Risk Regulatory Report for Institutions Subject to the Market Risk Capital Rule (FFIEC 102), which is currently an approved collection of information for each agency. The comment period for the March 2022 notice expired on May 27, 2022. No comments were received and the agencies will proceed with the extension, without revision, of the FFIEC 102. In addition, the agencies are giving notice that they are sending the collections to OMB for review.

DATES: Comments must be submitted on or before August 24, 2022.

ADDRESSES: Interested parties are invited to submit written comments to any or all of the agencies. All comments, which should refer to the OMB control number(s), will be shared among the agencies.

OCC: Commenters are encouraged to submit comments by email, if possible. You may submit comments by any of the following methods:

Email: prainfo@occ.treas.gov.

SUPPLEMENTARY INFORMATION: On March 28, 2022, the agencies requested public comment on a proposal to extend for three years, without revision, the FFIEC 102. The comment period expired on May 27, 2022, and no comments were received. The agencies will proceed with the extension without revision of the FFIEC 102, as proposed, and are sending the collections to OMB for review.

General Description of Reports:

The Market Risk Regulatory Report for Institutions Subject to the Market Risk Capital Rule (FFIEC 102) is filed quarterly with the agencies and provides information for market risk institutions, defined for this purpose as those institutions that are subject to the market risk capital rule as incorporated
into Subpart F of the agencies’ regulatory capital rules (market risk institutions). Each market risk institution is required to file the FFIEC 102 for the agencies’ use in assessing the reasonableness and accuracy of the institution’s calculation of its minimum capital requirements under the market risk capital rule and in evaluating the institution’s capital in relation to its risks. Additionally, the market risk information collected in the FFIEC 102: (a) permits the agencies to monitor the market risk profile of, and evaluate the impact and competitive implications of, the market risk capital rule on individual market risk institutions and the industry as a whole; (b) provides the most current statistical data available to identify areas of market risk on which to focus for onsite and offsite examinations; (c) allows the agencies to assess and monitor the levels and components of each reporting institution’s risk-based capital requirements for market risk and the adequacy of the institution’s capital under the market risk capital rule; and (d) assists market risk institutions in validating their implementation of the market risk framework.

**Statutory Basis and Confidential Treatment**

**Request for Comment**

The agencies invite comment on the following topics related to these collections of information:

(a) Whether the information collections are necessary for the proper performance of the agencies’ functions, including whether the information has practical utility;

(b) The accuracy of the agencies’ estimates of the burden of the information collections, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology;

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted in response to this joint notice will be shared among the agencies. All comments will become a matter of public record.
