

including opportunities to reduce impediments to trade due to differences in their respective systems. They intend to engage on and discuss in depth their respective processes for the preparation, adoption, and application of technical regulations, standards and conformity assessment procedures based on mutually agreed best practices.

Trade Facilitation and Customs Procedures. The United States and Kenya recognize the pandemic's impact on supply chains and the demonstrated benefits of streamlining border procedures and accelerating World Trade Organization (WTO) Trade Facilitation Agreement implementation for trade in goods during this challenging time. They will discuss opportunities to simplify procedures, especially those that allow new entrants to engage in trade. In this regard, both countries will consider various customs practices, transparency, and cooperation on customs enforcement to inform mutual understanding, including the Agreement between the Government of the United States and the Republic of Kenya Regarding Mutual Assistance between their Customs Administrations, signed in Washington, DC, on August 6, 2014. They also will explore other topics of engagement, including trusted trader benefits for demonstrated low-risk importers, particularly those that participate in their respective country's Authorized Economic Operator program.

The United States will build upon high-standard trade commitments and develop new approaches in trade policy to advance a broad set of worker-centered priorities and promote durable, broad-based economic growth for the United States and Kenya. At this time, the Administration is not seeking to address tariff barriers.

II. Public Comment

The Trade Policy Staff Committee (TPSC) invites interested parties to submit comments to assist USTR as it develops objectives and positions for enhanced engagement and subsequent negotiation of high standard commitments contemplated by the STIP. In particular, the TPSC invites interested parties to comment on issues that USTR should address in the STIP, including the following:

1. General negotiating objectives for the contemplated agreement.
2. Agriculture-related matters.
3. Anti-corruption-related matters.
4. Digital economy-related matters.
5. Environment- and climate change-related matters.
6. Transparency and good regulatory practice matters.

10. Matters related to standards collaboration.

11. Customs and trade facilitation matters.

12. Other measures or practices that undermine fair market opportunities for U.S. workers, farmers, ranchers, and businesses.

USTR requests small businesses (generally defined by the Small Business Administration as firms with fewer than 500 employees) or organizations representing small business members that submit comments to self-identify as such, so that we may be aware of issues of particular interest to small businesses.

III. Submission Instructions

Persons submitting written comments must do so in English and must identify on the first page of the submission "Comments Regarding U.S.-Kenya Strategic Trade and Investment Partnership."

Petition for Exemption

Docket No.: FAA–2022–0555.

Petitioner: The Boeing Company.

Section(s) of 14 CFR Affected: § 25.813(e).

Description of Relief Sought: Petitioner is seeking relief from 14 CFR 25.813(e), which states that no door may be installed between any passenger seat that is occupiable for takeoff and landing and any passenger emergency exit, such that the door crosses any egress path (including aisles, crossaisles, and passageways). Specifically, the petitioner is proposing to install walls along the aisle in mini-suites that can be moved for the purpose of assisting passengers with reduced mobility in transferring in and out of their seat in Model 787 airplanes. The movable aisle wall, when deployed, will temporarily block the doorway of the adjacent mini-suite and consequently inhibit access to or from the seat in that adjacent mini-suite.
