

subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the *regulations.gov* docket for this notice as “other” documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on *regulations.gov* a “Consolidated Reply” summarizing the comments, responding to them, and noting any changes we made to the proposed schedule. You may elect at *regulations.gov* to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA’s approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records’ administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government’s activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist’s consideration process.

Schedules Pending

1. Department of Homeland Security, U.S. Customs and Border Protection, Trusted Traveler Records (DAA–0568–2020–0002).
2. Department of Transportation, Federal Aviation Administration, Airport Surface Surveillance Capability System (DAA–0237–2022–0007).
3. Department of the Treasury, Internal Revenue Service, Assignment of Tax Identification Numbers (DAA–0058–2022–0002).
4. Export-Import Bank of the United States, Office of the Chief Risk Officer, Enterprise Risk Management Records (DAA–0275–2022–0001).
5. Federal Communications Commission, Office of Engineering and Technology, Laboratory Division Records (DAA–0173–2019–0001).

Laurence Brewer,

Chief Records Officer for the U.S. Government.

BILLING CODE 7515–01–P

NATIONAL CREDIT UNION ADMINISTRATION

Submission for OMB Review; Comment Request, Appraisals

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice.

SUMMARY: The National Credit Union Administration (NCUA) will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice.

DATES: Comments should be received on or before September 7, 2022 to be assured of consideration.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Copies of the submission may be obtained by contacting Dawn Wolfgang at (703) 548–2279, emailing PRAComments@ncua.gov, or viewing the entire information collection request at www.reginfo.gov.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133–0125.

Type of Review: Extension of a currently approved collection.

Title: Appraisals, 12 CFR 722.

Abstract: Title XI of the Financial Institutions, Reform, Recovery and Enforcement Act of 1989 (FIRREA) was enacted to protect federal financial and public policy interests in real estate related transactions. To achieve this purpose, the statute directed the National Credit Union Administration (NCUA), as one of the federal financial institutions’ regulatory agencies, to adopt standards for the performance of real estate appraisals in connection with federally related transactions. The FIRREA requires that appraisals be maintained in writing and meet certain minimum standards. The NCUA regulation Part 722 carries out the statutory requirements. The information collection activity requires a credit union to obtain a written appraisal on federally related transactions or maintain written support of the estimated market value for certain other transactions not required to have an appraisal. These information collections

are attributable to the regulation and are a direct consequence of the legislative intent and statutory requirements.

Federally insured credit unions (FICU) use the information in determining whether and upon what terms to enter into a federally related transaction, such as making a loan secured by real estate. In addition, NCUA uses this information in its examinations of FICUs to ensure that extensions of credit by the FICU that are collateralized by real estate are undertaken in accordance with appropriate safety and soundness principles. The use of their information by credit unions and NCUA helps ensure that FICUs are not exposed to risk of loss from inadequate appraisals or written estimates of market value.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 173,309.

By Melane Conyers-Ausbrooks, Secretary of the Board, the National Credit Union Administration, on August 2, 2022.

Dated: August 3, 2022.

Dawn D. Wolfgang,
NCUA PRA Clearance Officer.

NATIONAL SCIENCE FOUNDATION

Proposal Review; Notice of Meetings

In accordance with the Federal Advisory Committee Act (Pub., L. 92-463, as amended), the National Science Foundation (NSF) announces its intent to hold proposal review meetings throughout the year. The purpose of these meetings is to provide advice and recommendations concerning proposals submitted to the NSF for financial support. The agenda for each of these meetings is to review and evaluate proposals as part of the selection process for awards. The review and evaluation may also include assessment of the progress of awarded proposals. These meetings will primarily take place at NSF's headquarters, 2415 Eisenhower Avenue, Alexandria, VA 22314.

These meetings will be closed to the public. The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c), (4) and (6) of the Government in the Sunshine Act. NSF

will continue to review the agenda and merits of each meeting for overall compliance of the Federal Advisory Committee Act.

These closed proposal review meetings will not be announced on an individual basis in the **Federal Register**. NSF intends to publish a notice similar to this on a quarterly basis. For an advance listing of the closed proposal review meetings that include the names of the proposal review panel and the time, date, place, and any information on changes, corrections, or cancellations, please visit the NSF website: <https://www.nsf.gov/events/advisory.jsp>. This information may also be requested by telephoning, 703/292-8687.

Dated: August 3, 2022.

Crystal Robinson,
Committee Management Officer.
