

listed plant species in recognition of the conservation benefits provided for them under the HCP amendment. For the purposes of the HCP amendment, federally listed plant species are further included to meet regulatory obligations under section 7 of the Act. SDG&E would receive assurances for all species included on the ITP under Service's "No Surprises" regulations found at 50 CFR 17.22(b)(5) and 50 CFR 17.32(b)(5). The following federally listed plant species are included as covered species in the HCP amendment: San Diego thorn-mint (*Acanthomintha ilicifolia*, T), San Diego ambrosia (*Ambrosia pumila*, E), Del Mar manzanita (*Arctostaphylos glandulosa* ssp. *crassifolia*, E) Encinitas baccharis (*Baccharis vanessae*, T), thread-leaved brodiaea (*Brodiaea filifolia*), Salt marsh bird's-beak (*Chloropyron maritimum* ssp. *maritimum*, E), Orcutt's spineflower (*Chorizanthe orcuttiana*, E), Otay tarplant (*Deinandra conjugens*, T), San Diego button-celery (*Eryngium aristulatum* var. *parishii*, E), willow monardella (*Monardella viminea*, E), spreading navarretia (*Navarretia fossalis*, T), California Orcutt grass (*Orcuttia californica*, E), San Diego mesa mint (*Pogogyne abramsii*, E), and Otay Mesa mint (*Pogogyne nudiuscula*, E).

National Environmental Policy Act Compliance

The draft EA was prepared to analyze the impacts of issuing an ITP based on the HCP amendment and to inform the public of the proposed action, alternatives, and associated impacts and disclose any irreversible commitments of resources. The proposed ITP issuance triggers the need for compliance with NEPA. The proposed action presented in the draft EA is compared to the no-action alternative. The no-action alternative represents estimated future conditions to which the proposed action's estimated future conditions can be compared.

Next Steps

We will evaluate the proposed HCP amendment and comments we receive to determine whether the permit application meets the requirements and issuance criteria under section 10(a) of the Act (16 U.S.C. 1531 *et seq.*). We will also evaluate whether issuance of a section 10 ITP would comply with section 7 of the Act by conducting an intra-Service consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue an ITP. If the requirements and issuance criteria under section 10(a) are met, we will

issue the ITP to SDG&E for incidental take of covered species.
