Title of Collection: National Center for Information and Technical Support for Postsecondary Students with

Disabilities (NCITSPSD) Program Database.

OMB Control Number: 1840-0841.

Type of Review: An extension without change of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector.

Total Estimated Number of Annual Responses: 4,583.

Total Estimated Number of Annual Burden Hours: 13,749.

Abstract: In 2021, a federal discretionary grant was awarded via the National Center for Information and Technical Support for Postsecondary Students with Disabilities Program (NCITSPSD) to the National Center for College Students with Disabilities (NCCSD) at the University of Minnesota and is authorized by Congress in the Higher Education Opportunity Act of 2008 (777.4). The NCITSPSD program grant was originally awarded in 2015 to the Association on Higher Education and Disability (AHEAD). The NCCSD College Disability Resource Database (CeDar) is designed to address a gap in information about services and accessibility for college students with disabilities, who make up 11% of the undergraduate population. Existing general information about colleges is available in the U.S. Department of Education's on-line College Navigator and College Affordability and Transparency Center, but the only information about students with disabilities in these databases is the percentage of students registered with campus disability services office. At this time, this is the only database that provides systemic collection of information about campus-level, disability-related services, access, and activities at colleges and universities in the United States. The NCCSD survey asks all U.S. campuses to provide basic information about disability services, accessibility of campuses, and disability-related activities that may affect inclusion and the campus climate. The data is available to the public in an accessible and searchable database to assist prospective college students and their families in making informed decisions during the college search process. Because the database is public, researchers and policy makers are able to utilize the data to gather information about disability and higher education in systemic ways.

SUPPLEMENTARY INFORMATION: Direct Subsidized Loans, Direct Unsubsidized Loans, Direct PLUS Loans, and Direct Consolidation Loans (collectively referred to as "Direct Loans") may have either fixed or variable interest rates, depending on when the loan was first disbursed or, in the case of a Direct Consolidation Loan, when the application for the loan was received. Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed on or after July 1, 2006, and Direct Consolidation Loans for which the application was received on or after February 1, 1999, have fixed interest rates that apply for the life of the loan. Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed before July 1, 2006, and Direct Consolidation Loans for which the application was received before February 1, 1999, have variable interest rates that are determined

Fixed-Rate Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans First Disbursed on or After July 1, 2013

Section 455(b) of the Higher Education Act of 1965, as amended

(HEA) (20 U.S.C. 1087e(b)), includes formulas for determining the interest rates for all Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed on or after July 1, 2013. The interest rate for these loans is a fixed rate that is determined annually for all loans first disbursed during any 12-month period beginning on July 1 and ending on June 30. The rate is equal to the high yield of the 10-year Treasury notes auctioned at the final auction held before June 1 of that 12-month period, plus a statutory add-on percentage that varies depending on the loan type and, for Direct Unsubsidized Loans, whether the loan was made to an undergraduate or graduate student. The calculated interest rate may not exceed a maximum

rate specified in the HEA. If the interest rate formula results in a rate that exceeds the statutory maximum rate, the rate is the statutory maximum rate. Loans first disbursed during different 12-month periods that begin on July 1 and end on June 30 may have different interest rates, but the rate determined for any loan is a fixed interest rate for the life of the loan.

On May 11, 2022, the United States Treasury Department held a 10-year Treasury note auction that resulted in a high yield of 2.943 percent.

Chart 1 shows the fixed interest rates for Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed on or after July 1, 2022, and before July 1, 2023.
