CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2009-0073]

Agency Information Collection Activities; Proposed Collection; Comment Request; Virginia Graeme Baker Pool and Spa Safety Act; Compliance Form

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC) requests comments on a proposed extension of approval of a collection of information regarding a form used to verify whether pools and spas are in compliance with the Virginia Graeme Baker Pool and Spa Safety Act. The Office of Management and Budget (OMB) previously approved the collection of information under OMB Control No. 3041-0142. CPSC will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from OMB.

DATES: Submit written or electronic comments on the collection of information by October 17, 2022.

ADDRESSES: You may submit comments, identified by Docket No. CPSC-2009-0073, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <https://www.regulations.gov>. Follow the instructions for submitting comments. Do not submit through this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. CPSC typically does not accept comments submitted by electronic mail (email), except as described below.

Mail/Hand Delivery/Courier Written Submissions: CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal. You may, however, submit comments by mail, hand delivery, or courier to: Office

of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504-7479.

Instructions: All submissions must include the agency name and docket number. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: <https://www.regulations.gov>. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public, you must submit such comments by mail, hand delivery, or courier, or by email to: cpsc-os@cpsc.gov.

Docket: For access to the docket to view the verification of compliance form "2022 VGBA Form", or the comments received, go to: <https://www.regulations.gov>, and insert the docket number, CPSC-2009-0073, into the "Search" box, and follow the prompts.

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <https://www.regulations.gov>. Follow the instructions for submitting comments. The CPSC does not accept comments submitted by electronic mail (email), except through www.regulations.gov. The CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7991, or by email to: cgillham@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Virginia Graeme Baker Pool and Spa Safety Act Verification of Compliance Form

OMB Number: 3041-0142

Type of Review: Renewal of collection

Frequency of Response: On occasion

Affected Public: Public pools and spa facilities

Estimated Number of Respondents: 50 pools or facilities

Estimated Time per Response: 3 hours to inspect a pool or spa facility

Total Estimated Annual Burden: The total testing burden hours are 150 (50 inspections × 3 hours per inspection). We estimate there will be 50 inspections conducted throughout the fiscal year based on CPSC plans for inspections, past compliance rates and trends, as well as available staff resources. We

estimate that hourly compensation for the time required for inspecting is \$64.02 (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation," March 2022, Table 4, total compensation for management, professional, and related workers in private service-producing industries: <https://www.bls.gov/news.release/ecec.t04.htm>). The total annual cost of time to inspect all facilities is estimated to be \$9,603 (\$64.02 × 150).

General Description of Collection

The Virginia Graeme Baker Pool and Spa Safety Act (Act), 15 U.S.C. Ch. 106, applies to public swimming pools and spas, and it requires that each swimming pool and spa drain cover manufactured, distributed, or entered into commerce in the United States shall conform to the entrapment protection standards of the ASME/ANSI A112.19.8 performance standard or any successor standard regulating such swimming pool or drain cover under section 1404(b) of the Act.

On August 5, 2011, the CPSC published a final rule incorporating by reference ANSI/APSP-16 2011 as the successor standard, effective September 6, 2011. 76 FR 47436. On May 24, 2019, the CPSC published a direct final rule incorporating by reference ANSI/APSP-16 2017 as the next successor standard. 84 FR 24021. The Act requires that, in addition to having the anti-entrapment devices or systems, each public pool and spa in the United States with a single main drain other than an unblockable drain shall be equipped with one or more of the following devices or systems designed to prevent entrapment by pool or spa drains: a safety vacuum release system, suction-limiting vent system, gravity drainage system, automatic pump shut-off system or drain disablement. The CPSC will collect information through the verification of compliance form to identify drain covers, pools, and spas that do not meet the performance requirements in ANSI/APSP-16 2017 and the Act. CPSC staff or the designated State or local government official will take approximately 3 hours to inspect the pool and fill out the checklist on the verification of compliance form. The 2022 VGBA Form they will use is available for viewing at <https://www.regulations.gov> under docket number, CPSC-2009-0073, "Supporting and Related Material."

Request for Comments

The CPSC solicits written comments from all interested persons about the proposed collection of information. The

CPSC specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Abioye Mosheim,

Acting Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Agency Information Collection Activities; Comment Request; Application Package for AmeriCorps Program Life Cycle Evaluation—Climate Change Bundled Evaluation

AGENCY: Corporation for National and Community Service.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Corporation for National and Community Service, operating as AmeriCorps, is proposing a new information collection.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by October 17, 2022.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

- (1) By mail sent to: AmeriCorps, Attention Jehyra M. Asencio-Yace, 250 E Street SW, Washington, DC 20525.
- (2) By hand delivery or by courier to the AmeriCorps mailroom at the mail address given in paragraph (1) above, between 9 a.m. and 4 p.m. Eastern Time, Monday through Friday, except Federal holidays.
- (3) Electronically through www.regulations.gov.

Comments submitted in response to this notice may be made available to the

public through regulations.gov. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comment that may be made available to the public, notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT: Xiaodong Zhang, 703-251-0883, or by email at xiaodong.zhang@icf.com.

SUPPLEMENTARY INFORMATION:
Title of Collection: AmeriCorps Program Life Cycle Evaluation—Climate Change Bundled Evaluation.

OMB Control Number: TBD. *Type of Review:* New.

Respondents/Affected Public: Grantee and sponsor organizations, national service members, community members, and partner organization staff.

Total Estimated Number of Annual Responses: 610 responses.

Total Estimated Number of Annual Burden Hours: 232 hours.

Abstract: The purpose of this evaluation is to provide insight on the implementation of the climate change bundle programs and explore variation in activities for education and training, disaster response, conservation, wildfire mitigation, and energy efficiency. It will explore the ways in which the programs influence community resilience. It will also examine changes in attitudes and behaviors toward civic engagement among national service members and the development of job skills, including skills for green jobs. Finally, it will examine how the programs are serving vulnerable communities and at-risk populations. The research questions for this evaluation will be:

1. How do programs/members connect their work to climate change?
2. To what extent does the program include opportunities to increase equity?
3. To what extent is the program operating as intended?
4. What are some promising practices and some challenges in implementing the climate change grant programs?
5. What were the barriers and facilitators to meet the intended outcomes of the program?
6. What are the lessons learned that can inform the field or be useful for practitioners that work in this space?

7. What is the likelihood that the program will be sustained beyond the grant?

8. How were the communities and community members impacted by climate change prior to the program?

9. What types of communities are being helped by the climate change grant programs?

10. To what extent are programs focused on vulnerable populations and communities?

11. What are the demographic characteristics of national service members (e.g., gender, age, race, ethnicity, education)?

12. How did the COVID-19 pandemic affect program operations?

13. How did the COVID-19 pandemic affect national service members?

14. What partner organizations are involved (e.g., community organizations, local agencies)? What are their roles in the program?

15. What is the breadth (number and type of partnership), quality, and quantity of the partnership(s) (number and frequency of joint activities and their strength)?

16. How were partnerships built and maintained?

17. How do grantee and sponsor organizations work with partners to build community resilience?

18. To what extent do the climate change grant programs:

a. improve energy efficiency and increase the use of renewable energy sources?

b. help communities prepare, respond, and recover from natural disasters and other climate change effects?

c. preserve public lands and waterways and protect or restore biodiversity?

d. increase community members' knowledge, attitudes, and behaviors around climate change?

e. build capacity of the community to be resilient?

19. How do the climate change grant programs lead to increased civic engagement?

20. In what ways does participation in the climate change grant programs influence national service members' job skills development toward green jobs?

21. To what extent does participation in the climate change grant programs:

a. increase national service members' functional and technical job skills?

b. increase national service members' interest/willingness to pursue a career in a green job?

c. lead to a job after their service?

d. lead to a career in a green job after their service?

ICF will conduct a bundled evaluation of grantees and sponsors
