

SUPPLEMENTARY INFORMATION: The Committee provides scientific and technical expertise to address Census Bureau program needs and objectives. The members of the CSAC are appointed by the Director of the Census Bureau. The Committee has been established in accordance with the Federal Advisory Committee Act (title 5, United States Code, appendix 2, section 10).

All meetings are open to the public. Public comments will be accepted in writing to shana.j.banks@census.gov (subject line “2022 CSAC Fall Virtual Meeting Public Comment”). A brief period will be set aside during the meeting to read public comments received in advance of 12 p.m. EDT, September 29, 2022. Any public comments received after the deadline will be posted to the website listed in the **ADDRESSES** section.

Robert L. Santos, Director, Census Bureau, approved the publication of this Notice in the **Federal Register**.

Dated: August 16, 2022.

Shannon Wink,

*Program Analyst, Policy Coordination Office,
U.S. Census Bureau.*

BILLING CODE 3510–07–P

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Survey of Income and Program Participation

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on November 8, 2021 during a 30-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: Survey of Income and Program Participation.

OMB Control Number: 0607–1000.

Form Number(s): None.

Type of Request: Regular submission, Request for a Revision of a Currently Approved Collection.

Number of Respondents: 63,000.

Average Hours per Response: 63 minutes.

Burden Hours: 66,150.

Needs and Uses: The SIPP collects information about a variety of topics including demographics, household composition, education, nativity and citizenship, health insurance coverage, Medicaid, Medicare, employment and earnings, unemployment insurance, assets, child support, disability, housing subsidies, migration, Old-Age Survivors and Disability Insurance (OASDI), poverty, and participation in various government programs like Supplemental Nutrition Assistance Program (SNAP), Supplemental Security Income (SSI), and Temporary Assistance for Needy Families (TANF).

The SIPP sample is nationally representative, with an oversample of low-income areas, in order to increase the ability to measure participation in government programs.

The SIPP program provides critical information necessary to understand patterns and relationships in income and program participation. It will fulfill its objectives to keep respondent burden and costs low, maintain high data quality and timeliness, and use a refined and vetted instrument and processing system. The SIPP data collection instrument maintains the improved data collection experience for respondents and interviewers and focuses on improvements in data quality and better topic integration.

Starting in 2019, the Census Bureau and the Social Security Administration (SSA) entered into a joint agreement where both agencies support the SIPP program by contributing resources to add, process, review, and maintain additional content on marital history, parental mortality, retirement and pension, and disability. This joint agreement started in September 2019 and goes until September 30, 2023.

The SIPP instrument is currently written in Blaise and C#. It incorporates an Event History Calendar (EHC) design to help ensure that the SIPP will collect intra-year dynamics of income, program participation, and other activities with at least the same data quality as earlier panels. The EHC is intended to help respondents recall information in a more natural “autobiographical” manner by using life events as triggers to recall other economic events. For example, a residence change may often occur contemporaneously with a change in employment. The entire process of

compiling the calendar focuses, by its nature, on consistency and sequential order of events, and attempts to correct for otherwise missing data.

Since the SIPP EHC collects information using this “autobiographical” manner for the prior year, due to the coronavirus pandemic, select questions were modified to include answer options related to the pandemic as well as adding new questions pertaining to the pandemic. For instance, we adjusted the question regarding being away from work part-time to include being possibly furloughed due to coronavirus pandemic business closures. We also added new questions to collect information on whether the respondent received any stimulus payments.

Affected Public: Individual or households.

Frequency: Annually.

Respondent’s Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Sections 141, 182.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0607–1000.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Order No. 2127]

Voluntary Relinquishment of the Grant of Authority; Foreign-Trade Zone (FTZ) 263; Auburn, Maine

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a–81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, on October 1, 2004, the Board issued a grant of authority to the

Lewiston-Auburn Economic Growth Council, authorizing the establishment of Foreign-Trade Zone 263 (Board Order 1354);

Whereas, the Lewiston-Auburn Economic Growth Council has made a request (FTZ Docket B-13-2022) to the Board for voluntary relinquishment of the grant of authority for FTZ 263, and;

Whereas, the Board, noting the concurrence of U.S. Customs and Border Protection, adopts the findings of the FTZ staff report and concludes that approval of the request is in the public interest;

Now, therefore, the Foreign-Trade Zones Board terminates the FTZ status of Foreign-Trade Zone No. 263, effective this date.

Dated: August 16, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance, Alternate Chairperson, Foreign-Trade Zones Board.

[C-533-905]

Certain Steel Nails From India: Final Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of certain steel nails (steel nails) from India.

DATES: Applicable August 22, 2022.

FOR FURTHER INFORMATION CONTACT: Genevieve Coen or Eric Hawkins, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3251 or (202) 482-1988, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 7, 2022, Commerce published the *Preliminary Determination* in the *Federal Register*.¹ For a complete

¹ See *Certain Steel Nails from India: Preliminary Affirmative Countervailing Duty Determination*, 87 FR 34654 (June 7, 2022) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Period of Investigation

The period of investigation is April 1, 2020, through March 31, 2021.

Scope of the Investigation

The products covered by this investigation are steel nails from India. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

On July 5, 2022, Commerce issued the Preliminary Scope Memorandum.³ Commerce received no comments from interested parties on the Preliminary Scope Memorandum. Thus, Commerce made no changes to the scope of this investigation since the *Preliminary Determination*.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by parties, and to which we responded in the Issues and Decision Memorandum, see Appendix II of this notice.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient,

² See Memorandum, "Issues and Decision Memorandum for the Final Determination of the Countervailing Duty Investigation of Certain Steel Nails from India," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

³ See Memorandum, "Antidumping Duty Investigations of Certain Steel Nails from India, Sri Lanka, Thailand, and Turkey and Countervailing Duty Investigations of Certain Steel Nails from India, Oman, Sri Lanka, Thailand, and Turkey: Preliminary Scope Decision Memorandum," dated July 5, 2022 (Preliminary Scope Memorandum).

and that the subsidy is specific.⁴ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Act.⁵

Changes Since the Preliminary Determination

Based on our review and analysis of the information received in lieu of on-site verification and comments received from parties, we made certain changes to the *Preliminary Determination*.⁶ However, these changes did not alter the subsidy rates calculated in the *Preliminary Determination* for the mandatory respondents, or the rate for all other producers/exporters. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

In accordance with section 705(c)(1)(B)(i)(I) of the Act, we calculated countervailable subsidy rates for the individually investigated exporters and producers (*i.e.*, Astrotech Steels Pvt. Ltd. (Astrotech) and Geekay). Consistent with sections 705(c)(1)(B)(i)(I) and 705(c)(5)(A) of the Act, we also calculated an estimated all-others rate for exporters and producers not individually investigated. Section 705(c)(5)(A)(i) of the Act states that "the all-others rate shall be equal to the weighted-average countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero and *de minimis* countervailable subsidy rates, and any rates determined entirely under section 776 {of the Act}." Therefore, Commerce calculated the all-others rate using a weighted average of the individual estimated subsidy rates

⁴ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁵ See Commerce's Letters, In Lieu of On-site Verification Questionnaire, dated June 2, 2022, and June 9, 2022, respectively; see also "Astrotech's In Lieu of Verification Questionnaire Response," dated June 10, 2022; and Geekay's Letter, "In Lieu of On-Site Verification Questionnaire Response," dated June 17, 2022 (Geekay's ILOV Response).

⁶ For example, due to minor corrections, we modified Geekay Wires Limited's (Geekay) subsidy calculations; these corrections, however, did not change Geekay's final subsidy rate. See Geekay's ILOV Response at 1-2.
