Title: Supplemental Nutrition Assistance Program: Trafficking Controls and Fraud Investigations.

OMB Number: 0584-0587.

Expiration Date: 02/28/2023.

Type of Request: Revision of a currently approved collection.

Abstract: FNS regulations at 7 CFR 274.6(b)(5) and (b)(6) requires State Agencies to issue warning notices to withhold replacement cards or a notice for excessive replacement cards.

Withhold Replacement Card Warning Notice.

FNS regulations at 7 CFR 274.6(b)(5) and (b)(5)(i) *State option to withhold replacement card* requires a State agency to require an individual member of a household to contact the State agency to provide an explanation in cases where the number of requests for card replacements is deemed excessive. The State agency is required to notify the household in writing when it has reached the threshold, indicated that the next request for card replacement will require contact with the State agency to provide an explanation for the requests, before the replacement card will be issued. The State agency is also required to notify the household in writing once the threshold has been exceeded that the State agency is withholding the card until contact is made.

Excessive Replacement Card Notice

FNS regulations at 7 CFR 274.6(b)(6) and (b)(6)(i) *Excessive Replacement*

Card Notice requires the State agency to monitor all client requests for EBT card replacements and send a notice, upon the fourth request in a 12-month period, alerting the household that their account is being monitored for potential, suspicious activity. The State agency is exempt from sending the excessive replacement card notice if they have chosen to service the option to withhold the replacement card until contact is made with the State agency per 7 CFR 274.6(b)(5).

FNS is currently aware out of the 53 State agencies, six State agencies have opted to follow our regulations at 7 CFR 274.6(b)(5) to withhold replacement cards. The remaining 47 State agencies follow our regulations at 7 CFR 274.6(b)(6) for the Excessive Replacement Card Notice.

Affected Public: Individuals/ Households participating in SNAP and State Government Agencies that administer SNAP.

Estimated Number of Respondents: 372,338 (372,285 individuals/ households + 53 State agencies). Card replacement data, adjusted for changes in SNAP caseload, suggest that approximately 372,285 households request four replacement EBT cards within a 12-month period annually. These households, plus the 53 State agencies that must send the notices required by 7 CFR 274.6(b) make up the respondents.

Estimated Number of Responses per Respondent: There is an average estimated 2.11 responses (7,413.13 per State agency + 1.06 per individual/ household) for each respondent. See the table below for estimated responses for each type of respondent.

Estimated Total Annual Responses: 785,791 (392,896 individuals/ households total annual response + 392,896 States agencies total annual response). See the table below for estimated responses for each type of respondent. Of the 372,285 households requesting four replacement EBT cards, approximately 41,222 are estimated to be in the six States where the agencies have opted to follow our regulations at 7 CFR 274.6(b)(5) to withhold replacement cards. FNS estimates that half of all recipients who receive a notice upon issuance of their fourth

card will request a fifth card for approximately 20,611 households receiving the replacement card withheld notice.

Estimated Time per Response: FNS estimates that it will take State personnel approximately 2 minutes (.0334 hours) to generate and mail each required notice to the client, to comply with 7 CFR 274.6; and that it will take SNAP recipients approximately 2 minutes (.0334 hours) to read each notice they receive and 28 minutes

(.4676 hours) to make contact with the State agency when required for a total of 30 minutes (.5 hours) for this activity. There is an average estimated time of 2.74 minutes (0.0456 hours) for each response (0.0334 for State agencies + 0.058 for individuals/households).

Estimated Total Annual Burden on Respondents: 35,863 hours (22,739.75 burden hours for individuals/households and 13,122.72 for State agencies). The currently approved annual burden is 22,989 hours. The

revision reflects the increase in the number of households participating in SNAP therefore, we have more excessive replacement EBT card requests and notices than previously reported.

There is no third party reporting associated with this information collection request.

See the table below for estimated total reporting annual burden for each type of respondent.
