Mailing address is 2000 Defense Pentagon, Washington, DC 20301-2000.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of the Federal Advisory Committee Act (FACA) (5 U.S.C., app.), the Government in the Sunshine Act ("the Sunshine Act") (5 U.S.C. 552b), and title 41 Code of Federal Regulations (CFR), sections 102-3.140 and 102-3.150.

Due to circumstances beyond the control of the Designated Federal Officer (DFO), the DPB was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its September 6-7 meeting. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

Purpose of the Meeting: To obtain, review, and evaluate classified information related to the DPB's mission to advise on (a) issues central to strategic DoD planning; (b) policy implications of U.S. force structure and modernization on DoD's ability to

execute U.S. defense strategy; (c) U.S. regional defense policies; and (d) other defense policy topics of special interest to the DoD, as determined by the Secretary of Defense, the Deputy Secretary of Defense, or the Under Secretary of Defense for Policy.

Agenda: On September 6, 2022, and September 7, 2022, the DPB will receive classified briefings and hold classified discussions on how China and Russia's potential development of fractional orbital bombardment systems and space-to-ground weapons could impact U.S. deterrence and strategic stability, as well as to consider U.S. response options to the potential development of such capabilities by any adversary, and participate in a classified Pacific-theater tabletop exercise. The DPB will be addressed by the Secretary of Defense, and/or the Deputy Secretary of Defense, and the Undersecretary of Defense for Policy. The DPB will receive classified briefings on (1) Chinese and Russian Space policy doctrine and capabilities from the Office of the Director of National Intelligence, the Central Intelligence Agency; (2) receive a briefing on the space strategic review from the Assistant Secretary of Defense for Space Policy, Dr. John F. Plumb; (3) U.S. space and missile defense capabilities brief from U.S. Space Command and the Missile Defense Agency; (4) receive a State Department briefing on perspectives of strategic stability and arms control from the Office of the Assistant Secretary of State, Arms Control, Verification, and Compliance and (5) hold discussions on the briefings in a classified session with the Secretary, and/or the Deputy Secretary, and the Under Secretary of Defense. Additionally, the DPB will provide advice and recommendations on a classified Pacific-theater based tabletop exercise.

Meeting Accessibility: In accordance with section 10(d) of the FACA and 41 CFR 102-3.155, the DoD has determined that this meeting shall be closed to the public. The Under Secretary of Defense (Policy), in consultation with the DoD FACA Attorney, has determined in writing that this meeting be closed to the public because the discussions fall under the purview of section 552b(c)(1) of the Sunshine Act and are so inextricably intertwined with unclassified material that they cannot reasonably be segregated into separate discussions without disclosing classified material.

Written Statements: In accordance with section 10(a)(3) of the FACA and 41 CFR 102-3.105(j) and 102-3.140(c), the public or interested organizations may submit written statements to the

membership of the DPB at any time regarding its mission or in response to the stated agenda of a planned meeting. Written statements should be submitted to the DPB's DFO, which is listed in this notice or can be obtained from the GSA's FACA Database—<http://www.facadatabase.gov/>. Written statements that do not pertain to a scheduled meeting of the DPB may be submitted at any time. However, if individual comments pertain to a specific topic being discussed at a planned meeting, then these statements must be submitted no later than five business days prior to the meeting in question. The DFO will review all submitted written statements and provide copies to all members.

Dated: August 23, 2022.

Title of Collection: School Pulse Panel 2022 Quarter 4 Revision.

OMB Control Number: 1850-0969.

Type of Review: A revision of a currently approved collection.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 17,280.

Total Estimated Number of Annual Burden Hours: 4,752.

Abstract: The School Pulse Panel (SPP) is a monthly data collection originally designed to collect voluntary responses from a nationally representative sample of public schools to better understand how schools, students, and educators are responding to the ongoing stressors of the coronavirus pandemic, along with other priority items for the White House, Centers for Disease Control and Prevention, and Department of Education program offices. This collection allows NCES to comply with the January 21, 2021 E.O. 14000 Executive Order on Supporting the Reopening and Continuing Operation of

Schools and Early Childhood Education Providers. The SPP study is extremely important particularly now that COVID-19 has not waned, and the pulse model is one that the agency will need after the pandemic subsides for other quick-turnaround data needs. It is one of the nation's few sources of reliable data on a wealth of information focused on school reopening efforts, virus spread mitigation strategies, services offered for students and staff, and technology use, as reported by school district staff and principals in U.S. public schools. Initially cleared as an emergency (OMB #1850-0963), the SPP monthly data collection (OMB #1850-0969) was formally cleared in April 2022, with change requests (OMB #1850-0969 v.2-3) clearing the May and June 2022 Questionnaires in April and May. A revision (complete with 30D public comment period; v.4) containing projected questionnaire items for August and September 2022 as well as further change requests (v. 5-7) were cleared in July and August 2022.

The purpose of this submission is to propose and seek 30-day public comment on new items (within the scope of research domains both previously established and minimally revised in this request; see Part A changes detailed below) to be collected on the October, November, and December instruments (Appendix B.6). These items are considered very close to final and will go through minimal testing with school personnel to examine any comprehension concerns with item wording. Feedback from this testing, as well as additional input from SPP stakeholders, will result in modifications and additions that will be reflected in future change requests. Some previously approved items that are considered core content will be collected in during these months. Specifically, items on learning modes, quarantine, and possibly items on after-school programs will be repeated to maintain trend over time. In addition to the changes in Appendix B (new items) and Part A (overall description of the study), updated screenshots were also added to Appendix A (communication materials) in order to keep the materials current, and additional details were added to the descriptions of our cognitive testing process in Part B. The costs to the government have not changed as a result of this revision nor has the projected respondent burden.
