AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request (ICR).

DATES: Interested persons are invited to submit comments, which must be received by BOEM no later than November 1, 2022.

ADDRESSES: Send your comments on this ICR by mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to

comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. BOEM is especially interested in public comments addressing the following issues: (1) is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information is processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments submitted in response to this notice are a matter of public record. BOEM will include or summarize each comment in its ICR to OMB for approval of this information collection. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information included in your comment—may be made publicly available at any time.

You may request that BOEM withhold your personally identifiable information from public disclosure. In order for BOEM to consider withholding from disclosure your personally identifying information, you must identify, in a cover letter, any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences from disclosing your information, such as embarrassment, injury, or other harm. Even if BOEM withholds your information in the context of this ICR, your submission is subject to the Freedom of Information Act (FOIA). If your submission is requested under the FOIA, BOEM can only withhold your information if it determines that one of the FOIA's exemptions to disclosure applies. Such a determination will be made in accordance with the Department's FOIA regulations and applicable law.

Note that BOEM will make available for public inspection all comments in their entirety submitted by organizations and businesses, or by individuals identifying themselves as

representatives of organizations or businesses.

BOEM protects proprietary information in accordance with FOIA (5 U.S.C. 552), the Department of the Interior's implementing regulations (43 CFR part 2), and 30 CFR 585.113

Title of Collection: “30 CFR part 585, Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf.”

Abstract: The ICR addresses the paperwork requirements in the regulations under “30 CFR part 585, Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf [OCS]” issued pursuant to the OCS Lands Act, as amended (43 U.S.C. 1331 *et seq.*). The OCS Lands Act at subsection 8(p) (43 U.S.C. 1337(p)) authorizes the Secretary of the Interior to issue leases, easements, or rights-of way on the OCS for activities that produce or support production, transportation, or transmission of energy from sources other than oil and gas, including renewable energy. Subsection 8(p) directs the Secretary to issue any necessary regulations to carry out the OCS renewable energy program. The Secretary delegated this authority to BOEM. BOEM issued regulations for OCS renewable energy activities at 30 CFR part 585; this notice concerns the reporting and recordkeeping elements required by these regulations.

Respondents are lessees and grantees submitting plans for commercial and noncommercial renewable energy projects on the OCS, and, if such plans are approved, constructing, operating, maintaining, and decommissioning those projects. BOEM must ensure that these activities are carried out in a manner that provides for, among other things, safety, protection of the environment, and consideration of other OCS users. In order to execute its duties, BOEM requires information regarding potential purchasers of leases, grants, and rights-of-way; their proposed activities; their financial assurance instruments to ensure accrued obligations are met; and their payments to the U.S. Treasury.

BOEM uses forms to collect some information to ensure proper and efficient administration of OCS renewable energy leases and grants and to document the financial responsibility of lessees and grantees. Forms BOEM–0002, BOEM–0003, BOEM–0004, and BOEM–0006 are used by renewable energy entities on the OCS to assign a lease interest, designate an operator, and to assign or relinquish a lease or grant. Form BOEM–0005 is used to document a surety's guarantee lessees' and

grantees' performance. BOEM maintains the submitted forms as official lease and grant records.

OMB Control Number: 1010-0176.

Form Number:

- BOEM-0002, "Outer Continental Shelf (OCS) Renewable Energy Assignment of Grant;"
- BOEM-0003, "Assignment of Record Title Interest in Federal OCS Renewable Energy Lease;"
- BOEM-0004, "Outer Continental Shelf (OCS) Renewable Energy Lease or Grant Relinquishment Application;"
- BOEM-0005, "Outer Continental Shelf (OCS) Renewable Energy Lessee's, Grantee's, and Operator's Bond;" and
- BOEM-0006, "Outer Continental Shelf (OCS) Renewable Energy Lease or Grant Designation of Operator."

Type of Review: Extension of a currently approved information collection.

Respondents/Affected Public: Companies interested in renewable energy-related uses on the OCS and holders of leases and grants under 30 CFR part 585.

Total Estimated Number of Annual Responses: 265 responses.

Total Estimated Number of Annual Burden Hours: 18,783 hours.

Respondent's Obligation: Mandatory or required to obtain or retain a benefit.

Frequency of Collection: On occasion or annually.

Total Estimated Annual Non-Hour Burden Cost: \$3,816,000 non-hour costs. The non-hour cost burdens consist of service fees and payments to a contractor for drafting BOEM-required documents, preparing and conducting a site-specific study, and writing a report to evaluate the cause of harm to natural resources.

Estimated Reporting and Recordkeeping Hour Burden: The estimated annual hour burden for this collection is 18,783 hours. The following table details the individual components and estimated hour burdens. In calculating the burdens, BOEM recognized that some of its required information collections are incurred by respondents in the normal course of their activities, like compiling and maintaining business records. BOEM considers some information collection activities to be usual and customary business practices and excluded those activities from its account in estimating the burden.

The following table details the individual BOEM components and respective burden hours of this ICR.
