

revised cash deposit instructions to U.S. Customs and Border Protection (CBP). This notice will not affect the current cash deposit rates.

Liquidation of Suspended Entries

At this time, Commerce remains enjoined by CIT order from liquidating entries that were produced and/or exported by NEXTEEL, SeAH, AJU Besteel, Husteel, ILJIN, and Hyundai Steel, and were entered, or withdrawn from warehouse, for consumption during the period September 1, 2016, through August 31, 2017. Liquidation of these entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

In the event the CIT's ruling is not appealed, or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess ADs on unliquidated entries of subject merchandise produced and/or exported by NEXTEEL, SeAH, AJU Besteel, Husteel, ILJIN, and Hyundai Steel, in accordance with 19 CFR 351.212(b). We will instruct CBP to assess ADs on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate is not zero or *de minimis*. Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*,¹⁵ we will instruct CBP to liquidate the appropriate entries without regard to ADs.

DATES: Applicable September 9, 2022.

SUPPLEMENTARY INFORMATION:

Background

On May 6, 2022, Commerce published the *Preliminary Results* of this administrative review and invited parties to comment on the *Preliminary Results*.¹ This administrative review covers 328 companies.² Commerce selected Maharaja International (Maharaja) and Mangal Steel Enterprises Limited (Mangal) as the two respondents for individual examination.³ For a complete description of the events that followed the *Preliminary Results*, see the Issues and Decision Memorandum.⁴

Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The merchandise covered by the scope of this *Order* is carbon and alloy steel threaded rod from India. A complete description of the scope of the *Order* is contained in the Issues and Decision Memorandum.⁶

interested parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues is attached to this notice at Appendix I. The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we made certain changes to the margin calculations. However, those adjustments did not result in any changes to the estimated weighted-average dumping margins calculated for these final results. For a discussion of these changes, see the "Discussion of the Issues" section of the Issues and Decision Memorandum.

Rate for Non-Examined Companies

The Act and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

Where the dumping margin for individually examined respondents are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use "any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated." Further, Congress, in the SAA, stated that when "the dumping margins for all of the

¹⁵ See 19 CFR 351.106(c)(2).

exporters and producers that are individually investigated are determined entirely on the basis of the facts available or are zero or *de minimis*. . . . The expected method in such cases will be to weight-average the zero and the *de minimis* margins and margins determined pursuant to the facts available.”⁷

In this review, Commerce determines that the estimated weighted-average dumping margins for both Maharaja and Mangal are zero percent. Therefore, in accordance with section 735(c)(5)(B) of the Act, we are applying to the 326 companies not selected for individual examination a rate of zero percent, because we calculated rates of zero percent for both mandatory respondents (see Appendix II for a full list of these companies).

Final Results of the Review

Commerce determines that the following estimated weighted-average dumping margins exists during the period September 25, 2019, through March 31, 2021:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Maharaja International	0.00
Mangal Steel Enterprises Limited	0.00
Non-Examined Companies ⁸	0.00

Disclosure

Commerce intends to disclose to interested parties the calculations performed for these final results of review within five days of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Where the respondent's weighted-average dumping margin is either zero or *de minimis*, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). Because the weighted-average dumping

margins for Maharaja, Mangal and the 326 companies not selected for individual examination have been determined to be zero percent, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

In accordance with Commerce's practice, for entries of subject merchandise during the POR for which Maharaja or Mangal did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

We intend to issue instructions to CBP no earlier than 35 days after the publication date of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in these final results will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 0.00 percent, the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation.¹⁰

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is being issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.222(b)(5).
