

companion CVD investigation in this case,⁴ we offset the estimated weighted-average dumping margins listed in the table above by the appropriate export subsidy rate to derive the cash deposit rates listed in the table.

Should the provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, Commerce will direct CBP to begin collecting estimated antidumping duty cash deposits equal to the estimated weighted-average dumping margins listed in the table above.

The cash deposit requirements are as follows: (1) the cash deposit rate for Uralchem, JSC is the cash deposit rate listed for that company in the table above; (2) if the exporter of the subject merchandise is not identified in the table above, but the producer is, then the cash deposit rate will be equal to the company-specific cash deposit rate established for the producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others cash deposit rate listed in the table above.

These suspension of liquidation instructions will remain in effect until further notice.

U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, before the later of 120 days after the date that Commerce made its affirmative preliminary determination in this investigation or 45 days after the date of this final determination. If the ITC determines that material injury, or the threat of material injury, does not exist, the proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that material injury, or the threat of material injury, exists, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Final Results and Partial Rescission of Countervailing Duty Administrative Review; 2019 and Notice of Amended Final Results of Countervailing Duty Review, 2019; Corrections

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; corrections.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** on July 7, 2022, in which Commerce announced the final results, and partial rescission, of the 2019 administrative review of the countervailing duty (CVD) order on crystalline silicon photovoltaic cells, whether or not assembled into modules, (solar cells) from the People's Republic of China (China). This notice inadvertently included two companies in Appendix III, which is a list of companies for which Commerce rescinded the review, instead of listing them in Appendix II, which is a list of "Non-Selected Companies Under Review." We also incorrectly titled Appendix III "Intent to Rescind Review, In Part," instead of "Rescission of Review, In Part." Further, Commerce also published a notice in the **Federal Register** of August 15, 2022, in which Commerce amended the final results of the administrative review. In this notice, Commerce also inadvertently did not list the same two companies as "Non-Selected Companies Under Review" in the appendix. We are correcting these inadvertent errors with this notice, as described below.

Corrections

In the **Federal Register** of July 7, 2022, in FR Doc 2022-14420, on page 40493 in the third column and on 40494 in the first column, correct Appendix III to: (1) change the title to "Rescission of Review, In Part"; and (2) exclude "26. LERRI Solar Technology Co., Ltd." and

⁴ See *Final CVD Determination*.

“47. Zhejiang Jinko Solar Co., Ltd.” by replacing Appendix III with the attached version. On page 40493 in the third column, correct Appendix II to include “LERRI Solar Technology Co., Ltd.” and “Zhejiang Jinko Solar Co., Ltd.” by replacing Appendix II with the attached version.

In addition, in the **Federal Register** of August 15, 2022, in FR Doc 2022–17470, on page 50071 in the first column, correct the appendix to include “LERRI Solar Technology Co., Ltd.” and “Zhejiang Jinko Solar Co., Ltd.” by replacing the appendix with the attached version.

Background

On July 7, 2022, Commerce published in the **Federal Register** the final results of the 2019 administrative review of the CVD order on solar cells from China.¹ We incorrectly titled Appendix III “Intent to Rescind Review, In Part” instead of “Rescission of Review, In Part.” We also incorrectly included “26. LERRI Solar Technology Co., Ltd.” and “47. Zhejiang Jinko Solar Co., Ltd.” The corrected Appendix III, which includes the correct title and does not include these two companies, is attached to this notice. These two companies should have been listed in Appendix II, which is the list of non-selected companies under review. The corrected Appendix II, which includes these two companies, is attached to this notice.

On August 15, 2022, Commerce published in the **Federal Register** the amended final results of the 2019 administrative review of the CVD order on solar cells from China.² In the appendix, we incorrectly did not include “LERRI Solar Technology Co., Ltd.” and “Zhejiang Jinko Solar Co., Ltd.” The corrected appendix, which includes these two companies, is attached to this notice.
