Notice of Release of Land Affecting Federal Grant Assurance Obligations at Paso Robles Municipal Airport, Paso Robles, San Luis Obispo County, California

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of request to release airport land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal and invites public comment to change a portion of the airport from aeronautical use to non-aeronautical use at Paso Robles Municipal Airport (PRB), San Luis Obispo County, California. The proposal consists of one parcel containing 22.07 acres of airport land located southwest corner of the airport facility North of Airport Road and West of Satellite Drive.

DATES: Comments must be received on or before October 14, 2022.

ADDRESSES: Comments on the request may be mailed or delivered to the FAA at the following address: Ms. Laurie J. Suttmeier, Manager, San Francisco Airports District Office, Federal Aviation Administration, 1000 Marina Boulevard, Suite 220, Brisbane, California, 94005–1835. In addition, one copy of the comment submitted to the FAA must be mailed or delivered to Mr. Mark Scandalis, Airport Manager, Paso Robles Municipal Airport, 4912 Wing Way, Paso Robles, California 93446.

SUPPLEMENTARY INFORMATION: The land was originally acquired from the federal government as surplus land, via quitclaim deed issued by the War Assets Administration on August 5, 1948. Subsequently, the County of San Luis Obispo transferred Paso Robles Municipal Airport to the City of Paso Robles which accepted the airport via Resolution on December 28, 1972. The land will be leased for non-aeronautical revenue generation. Such use of the land represents a compatible land use that will not interfere with the airport or its operation, thereby protecting the interests of civil aviation. The airport will be compensated for the fair market value of the use of the land.

In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106–181 (Apr. 5, 2000; 114 Stat. 75), this notice must be published in the Federal Register 30 days before the DOT Secretary may waive any condition imposed on a federally obligated airport by surplus property conveyance deeds or grant agreements.

Issued in El Segundo, California, on September 9, 2022.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000 (the Act) was enacted on April 5, 2000, as Public Law 106–181, and subsequently amended in the FAA Modernization and Reform Act of 2012. The Act required the establishment of the advisory group within one year after its enactment. The NPOAG was established in March 2001. The advisory group is comprised of a balanced group of representatives of general aviation, commercial air tour operations, environmental concerns, and Native American tribes. The Administrator of the FAA and the Director of NPS (or their designees) serve as ex officio members of the group. Representatives of the Administrator and Director serve alternating 1-year terms as chairman of the advisory group.

In accordance with the Act, the advisory group provides “advice, information, and recommendations to the Administrator and the Director—

1. On the implementation of this title [the Act] and the amendments made by this title;
2. On commonly accepted quiet aircraft technology for use in commercial air tour operations over a national park or tribal lands, which will receive preferential treatment in a given air tour management plan;
3. On other measures that might be taken to accommodate the interests of visitors to national parks; and
4. At the request of the Administrator and the Director, safety, environmental, and other issues related to commercial air tour operations over a national park or tribal lands.”

Membership

The current NPOAG is made up of one member representing general aviation, three members representing the commercial air tour industry, four members representing environmental concerns, and two members representing Native American interests. Current members of the NPOAG are as follows:

- Murray Huling representing general aviation;
- John Becker, James Viola, and Eric Lincoln representing commercial air tour operators;
- Dick Hingson, Les Blomberg, Robert Randall, and John Eastman representing environmental interests; and
- Carl Slater represents Native American tribes with one current opening.

Selection

Robert Randall, a member of the National Parks Conservation Association, has been selected for another 3-year term to represent environmental concerns. NPOAG members’ 3-year terms commence on the publication date of this Federal Register notice. No selection was made for the additional opening to represent Native American concerns. The FAA and NPS invite persons interested in applying for this remaining opening on the NPOAG to contact Mr. Keith Lusk (contact information is written above in FOR FURTHER INFORMATION CONTACT).

Requests to serve on the NPOAG must be made to Mr. Lusk in writing and postmarked or emailed on or before October 31, 2022. The request should indicate whether or not you are a member of, or have an affiliation with, a federally recognized Native American tribe. The request should also state what expertise you would bring to the NPOAG as related to issues and concerns with aircraft flights over national parks and/or tribal lands. The term of service for NPOAG members is 3 years. Current members may re-apply for another term.

On August 13, 2014, the Office of Management and Budget issued revised guidance regarding the prohibition against appointing or not reappointing federally registered lobbyists to serve on advisory committees (79 FR 47482).

Therefore, before appointing an applicant to serve on the NPOAG, the FAA and NPS will require the prospective candidate to certify that they are not a federally registered lobbyist.

Issued in El Segundo, CA, on September 8, 2022.

Program Manager, Special Programs Staff, Western-Pacific Region.

AGENCY: Federal Motor Carrier Safety Administration, Department of Transportation

ACTION: Notice of a modified system of records notice.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Transportation (DOT), Federal Motor Carrier Safety Administration (FMCSA) proposes to modify and reissue an existing system of records notice titled “DOT/FMCSA 010, Drug and Alcohol Clearinghouse (Clearinghouse)”. This system of records allows FMCSA to collect and maintain records on commercial motor vehicle (CMV) drivers subject to the commercial driver’s license (CDL) and commercial learner’s permit (CLP) regulations who have received verified positive DOT drug or alcohol test results, refuse such testing, or otherwise violate FMCSA’s drug and alcohol use prohibitions. The Clearinghouse also collects and maintains records on the completion of substance abuse programs as part of the return-to-duty process, as well as forms evidencing drivers’ consent to the release of information. In addition, the Clearinghouse collects and maintains records of queries of the system conducted by employers, or service agents acting on their behalf, and State Driver Licensing Agencies (SDLAs). The information in this system is used to enhance compliance with drug and alcohol testing regulations by identifying drivers who have committed drug and alcohol violations that render them ineligible to operate a CMV.

DATES: Written comments should be submitted on or before October 14, 2022. The Department may publish an amended SORN in light of any comments received. This new system will be effective October 14, 2022.
