provide loans, grants, and forbearance for small businesses, minority-owned businesses, and consumers, especially in low-income and underserved communities, including persistent poverty counties, that may be disproportionately impacted by the economic effects of the COVID–19 pandemic by providing direct and indirect capital investments in low-and moderate-income community financial institutions.

Applications, a state regulator response form, and eligible applicant intent to participate form were previously approved under OMB Control Number 1505–0267. Following review of the applications, Treasury will enter into letter agreements (agreements) with participating financial institutions. These agreements contain standardized information collection necessary for the legal closing process. The agreements collect information from applicants in two general categories: (1) administrative information needed to facilitate payments and notifications and (2) disclosures to Treasury (e.g., litigation or exceptions to representations and warranties). Participants are the only parties that can provide information of this type to Treasury. Treasury will publish this form on the Treasury website. Based on this publication, Treasury will provide an opportunity for eligible applicants to review the terms and conditions of the investments prior to indicating to Treasury whether the institution intends to participate in the Program.
