

III. Public Participation

The meeting will be open to the public via a livestream. Members of the public who wish to observe the virtual meeting can access the livestream on the following FAA social media platforms on the day of the event, <https://www.facebook.com/FAA> or <https://www.youtube.com/FAAnews>. The U.S. Department of Transportation is committed to providing equal access to this meeting for all participants. If you need alternative formats or services because of a disability, such as sign language, interpretation, or other ancillary aids, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

The FAA is not accepting oral presentations at this meeting due to time constraints. Written statements submitted by the deadline will be provided to the AAAC members before the meeting. Any member of the public may submit a written statement to the committee at any time.

Issued in Washington, DC.

Todd Allen Newman,

*Acting Manager, Executive Office, AUS-10
Federal Aviation Administration.*

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Railroad Crossing Elimination Grant Program

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of funding opportunity (NOFO or notice); extension of application submittal period.

SUMMARY: FRA is extending the application submittal period for its NOFO for the Railroad Crossing Elimination Grant Program (RCE Program) published on July 6, 2022 from October 4, 2022 to October 11, 2022.

DATES: FRA extends the NOFO application period and applications are now due by 5 p.m. ET on October 11, 2022.

FOR FURTHER INFORMATION CONTACT: For further information related to this notice and the RCE Program, please contact Deborah Kobrin, Office of Policy and Planning, Federal Railroad Administration, 1200 New Jersey Avenue SE, Room W33-311, Washington, DC 20590; email: or telephone: 202-420-1281.

SUPPLEMENTARY INFORMATION: FRA amends its NOFO for the Railroad Crossing Elimination Grants Program published on July 6, 2022 (87 FR 40335) by extending the period for submitting applications to 5 p.m. ET on October 11, 2022. The reason for the extension is the scheduled downtime and cloud migration of *Grants.gov*, which will be offline from September 23, 2022 through September 29, 2022.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2010-0061]

Union Pacific Railroad's Request To Amend Its Positive Train Control Safety Plan and Positive Train Control System

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of availability and request for comments.

SUMMARY: This document provides the public with notice that, on September 9, 2022, Union Pacific Railroad (UP) submitted a request for amendment (RFA) to its FRA-approved Positive Train Control Safety Plan (PTCSP). As this RFA may involve a request for FRA's approval of proposed material modifications to an FRA-certified positive train control (PTC) system, FRA is publishing this notice and inviting public comment on the railroad's RFA to its PTCSP.

DATES: FRA will consider comments received by October 12, 2022. FRA may consider comments received after that date to the extent practicable and without delaying implementation of valuable or necessary modifications to a PTC system.

ADDRESSES:

Comments: Comments may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and the applicable docket number. The relevant PTC docket number for this host railroad is Docket No. FRA-2010-0061. For convenience, all active PTC dockets are hyperlinked on FRA's website at <https://railroads.dot.gov/train-control/>

ptc/ptc-annual-and-quarterly-reports. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information.

FOR FURTHER INFORMATION CONTACT: Gabe Neal, Staff Director, Signal, Train Control, and Crossings Division, telephone: 816-516-7168, email: Gabe.Neal@dot.gov.

SUPPLEMENTARY INFORMATION: In general, Title 49 United States Code (U.S.C.) Section 20157(h) requires FRA to certify that a host railroad's PTC system complies with Title 49 Code of Federal Regulations (CFR) part 236, subpart I, before the technology may be operated in revenue service. Before making certain changes to an FRA-certified PTC system or the associated FRA-approved PTCSP, a host railroad must submit, and obtain FRA's approval of, an RFA to its PTCSP under 49 CFR 236.1021.

Under 49 CFR 236.1021(e), FRA's regulations provide that FRA will publish a notice in the **Federal Register** and invite public comment in accordance with 49 CFR part 211, if an RFA includes a request for approval of a material modification of a signal and train control system. Accordingly, this notice informs the public that, on September 9, 2022, UP submitted an RFA to its PTCSP for its Interoperable Electronic Train Management System (I-ETMS) and that RFA is available in Docket No. FRA-2010-0061.

Interested parties are invited to comment on UP's RFA to its PTCSP by submitting written comments or data. During FRA's review of this railroad's RFA, FRA will consider any comments or data submitted within the timeline specified in this notice and to the extent practicable, without delaying implementation of valuable or necessary modifications to a PTC system. See 49 CFR 236.1021; see also 49 CFR 236.1011(e). Under 49 CFR 236.1021, FRA maintains the authority to approve, approve with conditions, or deny a railroad's RFA to its PTCSP at FRA's sole discretion.

Privacy Act Notice

In accordance with 49 CFR 211.3, FRA solicits comments from the public to better inform its decisions. DOT posts these comments, without edit, including any personal information the commenter provides, to <https://www.regulations.gov>, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. See <https://www.regulations.gov/privacy-notice> for the privacy notice of regulations.gov. To facilitate comment

tracking, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. If you wish to provide comments containing proprietary or confidential information, please contact FRA for alternate submission instructions.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2010-0036]

Southeastern Pennsylvania Transportation Authority's Request To Amend Its Positive Train Control Implementation Plan, Including a Request for Approval of a Discontinuance or Modification of a Railroad Signal System

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of availability and request for comments.

SUMMARY: This document provides the public with notice that, on July 27, 2022, and supplemented on August 4, 2022, the Southeastern Pennsylvania Transportation Authority (SEPTA) submitted a request for amendment (RFA) to its FRA-approved Positive Train Control Implementation Plan (PTCIP). The RFA includes a petition seeking approval to discontinue or modify a signal system. On August 17, 2022, FRA approved, in part, SEPTA's RFA to its PTCIP; however, FRA did not provide a decision on SEPTA's request to discontinue or modify a portion of its signal system at that time, as FRA must seek public comment on that aspect before issuing a decision.

DATES: FRA will consider comments received by November 7, 2022. FRA may consider comments received after that date to the extent practicable and without delaying implementation of valuable or necessary modifications to a signal system.

ADDRESSES:

Comments: Comments may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and the

applicable docket number. The relevant PTC docket number for the host railroad that filed this RFA to its PTCIP is Docket No. FRA-2010-0036. For convenience, all active PTC dockets are hyperlinked on FRA's website at <https://railroads.dot.gov/train-control/ptc/ptc-annual-and-quarterly-reports>. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information.

FOR FURTHER INFORMATION CONTACT:

Gabe Neal, Staff Director, Signal, Train Control, and Crossings Division, telephone: 816-516-7168, email: Gabe.Neal@dot.gov.

SUPPLEMENTARY INFORMATION: In general, title 49 United States Code (U.S.C.) section 20157(h) requires FRA to certify that a host railroad's PTC system complies with title 49 Code of Federal Regulations (CFR) part 236, subpart I, before the technology may be operated in revenue service. Before making certain changes to an FRA-certified PTC system or the associated FRA-approved PTCIP, a host railroad must submit, and obtain FRA's approval of, an RFA to its PTCIP under 49 CFR 236.1021.

Under 49 CFR 236.1021(e), FRA's regulations provide that FRA will publish a notice in the **Federal Register** and invite public comment in accordance with 49 CFR part 211, if an RFA includes a request for approval of a discontinuance or material modification of a signal and train control system. Accordingly, this notice informs the public that, on July 27, 2022, SEPTA submitted an RFA to its PTCIP for its Advanced Civil Speed Enforcement System II (ACES II) and that RFA is available in Docket No. FRA-2010-0036.

Specifically, under 49 CFR 236.1021(c), SEPTA requested approval to discontinue the MB and 6N signals at Control Point (CP) South Elwyn located at milepost (MP) 15.9 and the 1660 automatic signal located at MP 16.6 in approach to CP South Elwyn on its West Chester Line. SEPTA also proposed to make the method of operation between CP Elwyn (MP 15.3) and CP Wawa (MP 18.07) by signal indication of a traffic control system, without fixed automatic block signals, supplemented by a cab signal and ACSES II PTC system. SEPTA states that the signals at CP South Elwyn are no longer needed as new signals have been installed at CP Lenni North, located at MP 17.59, which will now control the direction of the signal system traffic. In addition, with the extension of passenger service to Wawa station, SEPTA will no longer have an operational need to turn or hold

trains at CP South Elwyn. With the installation of a cab signal and ACSES II PTC system between CP Elwyn and CP Wawa, SEPTA's 1660 automatic signal is no longer required.

As this RFA involves a request for FRA's approval to discontinue or modify a signal system, FRA is publishing this notice and inviting public comment on the railroad's request to discontinue or modify a signal system.

Interested parties are invited to comment on SEPTA's RFA to its PTCIP by submitting written comments or data. During FRA's review of this railroad's RFA, FRA will consider any comments or data submitted within the timeline specified in this notice and to the extent practicable, without delaying implementation of valuable or necessary modifications to a PTC system. See 49 CFR 236.1021; see also 49 CFR 236.1011(e). Under 49 CFR 236.1021, FRA maintains the authority to approve, approve with conditions, or deny a railroad's RFA to its PTCIP at FRA's sole discretion.

Privacy Act Notice

In accordance with 49 CFR 211.3, FRA solicits comments from the public to better inform its decisions. DOT posts these comments, without edit, including any personal information the commenter provides, to <https://www.regulations.gov>, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. See <https://www.regulations.gov/privacy-notice> for the privacy notice of [regulations.gov](https://www.regulations.gov). To facilitate comment tracking, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. If you wish to provide comments containing proprietary or confidential information, please contact FRA for alternate submission instructions.
