(4)(b)3, (4)(c)3, (4)(d), (4)(e), (5) and (6). From Rule 62–297.440, Supplementary Test Procedures, EPA is proposing to remove provision 62-297.440(2)(f). Finally, EPA is proposing to remove Rule 62-296.403, Phosphate Processing. in its entirety. The remaining portions of these rules will remain incorporated in the Florida SIP, as incorporated by reference in accordance with the requirements of 1 CFR part 51. EPA has made, and will continue to make, the SIP generally available at the EPA Region 4 office (please contact the person identified in the FOR FURTHER **INFORMATION CONTACT** section of this preamble for more information).

IV. Proposed Action

EPA is proposing to remove portions of Rules 62-210.200, F.A.C.-Definitions, 62–210.310, F.A.C.—Air General Permits, 62-296.320, F.A.C.-General Pollutant Emission Limiting Standards, 62–296.404, F.A.C.—Kraft (Sulfate) Pulp Mills and Tall Oil Plants, and 62-297.440, F.A.C.-Supplementary Test Procedures and all of Rule 62-296.403, F.A.C.—Phosphate Processing from the Florida SIP because EPA's incorporation of these rules and definitions into the SIP was in error as they are not related to implementation, maintenance, or enforcement of the NAAQS or otherwise required to be included in the SIP.

V. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. See 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. This proposed action merely proposes to correct errors in previous rulemakings approving SIP submissions and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);

- · Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10,
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the proposed rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

Receipt of Pesticide Petitions Filed for Residues of Pesticide Chemicals in or on Various Commodities (August 2022)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notices of filing of petitions and request for comment.

SUMMARY: This document announces the Agency's receipt of initial filings of pesticide petitions requesting the establishment or modification of regulations for residues of pesticide chemicals in or on various commodities.

DATES: Comments must be received on or before October 24, 2022.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2022-0161, through the Federal eRulemaking Portal at https://www.regulations.gov. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at https://www.epa.gov/dockets.

The mailing

address for each contact person is Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001. As part of the mailing address, include the contact person's name, division, and mail code. The division to contact is listed at the end of each application summary.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

- B. What should I consider as I prepare my comments for EPA?
- 1. Submitting CBI. Do not submit this information to EPA through regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD–ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.
- 2. Tips for preparing your comments. When preparing and submitting your comments, see the commenting tips at https://www.epa.gov/dockets/comments.html.
- 3. Environmental justice. EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. What action is the Agency taking?

EPA is announcing receipt of pesticide petitions filed under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, requesting the establishment or modification of regulations in 40 CFR part 174 or 180 for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the requests before responding to the petitioners. EPA is not proposing any particular action at this time. EPA has determined that the pesticide petitions described in this document contain data or information prescribed in FFDCA section 408(d)(2), 21 U.S.C. 346a(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data supports granting of the

pesticide petitions. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be needed before EPA can make a final determination on these pesticide petitions.

Pursuant to 40 CFR 180.7(f), summaries of the petitions that are the subject of this document, prepared by the petitioners, are included in dockets EPA has created for these rulemakings. The dockets for these petitions are available at https://www.regulations.gov.

As specified in FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), EPA is publishing notice of the petitions so that the public has an opportunity to comment on these requests for the establishment or modification of regulations for residues of pesticides in or on food commodities. Further information on the petitions may be obtained through the petition summaries referenced in this unit.

- A. Notice of Filing—New Tolerance Exemptions for Inerts (Except PIPS)
- 1. *PP IN-11673*. EPA-HQ-OPP-2022–0737. RRStewart Consulting, LLC, on behalf of Aicello America Corporation, 182 Nassau Street, Princeton, NJ 08542, requests to establish an exemption from the requirement of a tolerance for residues of diglycerol (CAS No. 59113–36–9) as a plasticizer inert ingredient in pesticide formulations applied pre- and post-harvest to crops under 40 CFR 180.910. The petitioner believes no analytical method is needed because it is not required for an exemption from the requirement of a tolerance. *Contact:* RD.
- 2. PP IN-11712. EPA-HQ-OPP-2022-0711. Delta Analytical Corporation, on behalf of Borchers Americas, Inc., 811 Sharon Drive, Westlake, OH 44145, requests to establish an exemption from the requirement of a tolerance for α -D-Glucopyranoside, β-D-fructofuranosyl, polymer with methyloxirane and oxirane with a minimum number average molecular weight (in amu) of 9,820 (CAS Reg. No. 26301-10-0), when used as a pesticide inert ingredient (wetting agent) in pesticide formulations under 40 CFR 180.960. The petitioner believes no analytical method is needed because it is not required for an exemption from the requirement of a tolerance. Contact: RD.

Federal Motor Carrier Safety Administration

49 CFR Part 390

[Docket No. FMCSA-2022-0062]

RIN 2126-AC54

Unique Electronic Identification of Commercial Motor Vehicles

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Advance notice of proposed rulemaking (ANPRM) and request for comments.

SUMMARY: FMCSA requests public comment on whether the agency should amend the Federal Motor Carrier Safety Regulations to require every commercial motor vehicle (CMV) operating in interstate commerce to be equipped with electronic identification (ID) technology capable of wirelessly communicating a unique ID number when queried by a Federal or State motor carrier safety enforcement personnel. In response to a petition for rulemaking from the Commercial Vehicle Safety Alliance (CVSA), FMCSA is considering such amendments to improve the efficiency and effectiveness of the roadside inspection program by more fully enabling enforcement agencies to focus their efforts at highrisk carriers and drivers.

DATES: Comments on this notification must be received on or before November 22, 2022.

ADDRESSES: You may submit comments identified by Docket Number FMCSA–2022–0062 using any of the following methods:
