Antidumping Duty Order on Certain Large Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof From the People's Republic of China: Final Results of Changed Circumstances Review; Correction**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.**ACTION:** Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** of August 24, 2022, in which Commerce announced the final results of the changed circumstances review of the antidumping duty (AD) order on certain large vertical shaft engines between 225cc and 999cc, and parts thereof (vertical shaft engines) from the People's Republic of China (China). In this notice, Commerce inadvertently failed to apply the finding to subject merchandise produced and exported by Jialing-Honda Motors Co., Ltd (Jialing) or produced and exported by Honda Power Products (China) Co., Ltd. (Honda). In addition, Commerce did not include the term "large" in the heading of the notice.

SUPPLEMENTARY INFORMATION:**Background**

On March 4, 2021, Commerce published an amended final determination and antidumping duty order on vertical shaft engines from China.¹ In the *Order*, Commerce specified an estimated weighted-average dumping margin and cash deposit rate for merchandise produced and exported by Jialing-Honda Motors Co., Ltd (Jialing).² This cash deposit rate, a producer-exporter combination rate, is currently imposed for entries of subject merchandise produced and exported by Jialing.

² *Id.*, 86 FR at 12624.

On August 24, 2022, Commerce published in the **Federal Register** the final results of the changed circumstances review of the *Order* on vertical shaft engines from China.³ In the *Final CCR Results*, Commerce found that Honda is the successor-in-interest to Jialing. However, Commerce incorrectly referenced the cash deposit rate for subject merchandise "exported by Honda"⁴ instead of subject merchandise "produced and exported by Honda." In addition, Commerce did not specify that the cash deposit rate for Jialing applied to subject merchandise produced and exported by Jialing.

Correction

In the **Federal Register** of August 24, 2022, in FR Doc 2022-18210 on page 51966, correct the heading of the notice to:

Antidumping Duty Order on Certain Large Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof From the People's Republic of China: Final Results of Changed Circumstances Review; Correction

On page 51966 in the third column, correct the first sentence of the second paragraph under the caption "Final Results of Changed Circumstances Review" to:

Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced and exported by Honda and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the AD cash deposit rate in effect for merchandise produced and exported by Jialing.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(b)(1) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.216(e).

Dated: September 22, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.
