Oil Country Tubular Goods From Argentina: Final Affirmative Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that imports of oil country tubular goods (OCTG) from Argentina are being, or are likely to be, sold in the United States at less than fair value (LTFV) during the period of investigation, October 1, 2020, through September 30, 2021.

DATES: Applicable September 29, 2022.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0665.

SUPPLEMENTARY INFORMATION:

Background

On May 11, 2022, Commerce published in the **Federal Register** its preliminary affirmative determination in the LTFV investigation of OCTG from Argentina, in which it also postponed the final determination until September 23, 2022.¹ We invited interested parties to comment on the *Preliminary Determination*. A summary of the events that occurred since Commerce published the *Preliminary Determination* may be found in the Issues and Decision Memorandum.²

Scope of the Investigation

The product covered by this investigation is OCTG from Argentina. For a complete description of the scope of this investigation, see appendix I.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice at appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, in June 2022, we took additional steps in lieu of on-site verifications to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Specifically,

¹ See *Oil Country Tubular Goods from Argentina: Preliminary Affirmative Determinations of Sales at Less Than Fair Value and Critical Circumstances, Postponement of Final Determination, and Extension of Provisional Measures*, 87 FR 28801 (May 11, 2022) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Issues and Decision Memorandum for the Final Affirmative Determination in the Less-Than-Fair-Value Investigation of Oil Country Tubular Goods from Argentina, and Final Negative Determination of Critical Circumstances,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Commerce performed virtual verifications of the cost of production response, home market and U.S. sales responses, as well as a further-manufacturing cost response.³

Changes Since the Preliminary Determination

Based on our analysis of the comments received, we made certain changes to the margin calculations for this final determination. For a discussion of these changes, see the “Changes from the Preliminary Determination” section of the Issues and Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act (*i.e.*, facts otherwise available). Commerce calculated an individual estimated weighted-average dumping margin for Siderca S.A.I.C. (Siderca), the only individually examined producer or exporter in this investigation. Because the only individually calculated estimated weighted-average dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for all other producers and/or exporters is equal to the estimated weighted-average dumping margin calculated for the single examined respondent, Siderca, pursuant to section 735(c)(5)(A) of the Act.

Final Negative Determination of Critical Circumstances

In accordance with section 735(a)(3) of the Act and 19 CFR 351.206(h), Commerce finds that critical

Corporation in the Less-Than-Fair-Value Investigation of Oil Country Tubular Goods from Argentina,” dated June 30, 2022; “Virtual Verification of the Further Manufacturing Cost Response of Siderca S.A.I.C. in the Antidumping Duty Investigation of Oil Country Tubular Goods from Argentina,” dated July 28, 2022; and “Virtual Verification of the Cost of Manufacturing Response of Siderca S.A.I.C. in the Antidumping Duty Investigation of Oil Country Tubular Goods from Argentina,” dated July 28, 2022.

circumstances do not exist for all companies in Argentina. For a full description of the methodology and results of Commerce’s critical circumstances analysis, see the “Final Negative Determination of Critical Circumstances” section of the Issues and Decision Memorandum.

Final Determination

The final estimated weighted-average dumping margins are as follows:

Exporter or producer	Estimated weighted-average dumping margin (percent)
Siderca S.A.I.C	78.30
All Others	78.30

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue the suspension of liquidation of all appropriate entries of subject merchandise, as described in appendix I of this notice, which were entered, or withdrawn from warehouse, for consumption on or after May 11, 2022, the date of publication of the *Preliminary Determination* in this investigation in the **Federal Register**. These suspension of liquidation instructions will remain in effect until further notice.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), we will instruct CBP to require a cash deposit for estimated antidumping duties for such entries as follows: (1) the cash deposit rate for the companies listed above will be equal to the respondent-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a company identified above but the producer is identified above, then the cash deposit rate will be equal to the respondent-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others

estimated weighted-average dumping margin.

As noted above, Commerce finds that critical circumstances do not exist for imports of OCTG from Argentina produced and exported by all companies. In accordance with section 735(c)(3) of the Act, Commerce will instruct CBP to terminate any retroactive suspension of liquidation required under section 733(e)(2) of the Act, and release any bond or other security, and refund any cash deposit required, under section 733(d)(1)(B) of the Act, with respect to entries of the merchandise the liquidation of which was suspended retroactively under section 733(e)(2) of the Act before May 11, 2022.

U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because Commerce’s final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of OCTG no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits posted will be refunded and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Suspension of Liquidation” section.

Administrative Protective Order

This notice will serve as a final reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and this notice are issued and published pursuant to sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: September 23, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

DATES: Applicable September 29, 2022.

SUPPLEMENTARY INFORMATION:

Background

On March 14, 2022, Commerce published the *Preliminary*

Determination in the **Federal Register**.¹ For a complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are OCTG from Korea. For a complete description of the scope of this investigation, see appendix I.

Scope Comments

On March 7, 2022, concurrent with the issuance of the *Preliminary Determination*, we issued a Preliminary Scope Memorandum.³ In the Preliminary Scope Decision Memorandum, Commerce established the deadline for parties to submit scope case briefs.⁴ Commerce did not receive any comments from interested parties regarding the scope by the deadline. Consequently, we made no changes to the scope from the Preliminary Scope Decision Memorandum.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by parties, and to which we responded in the Issues and Decision Memorandum, see appendix II of this notice.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient and that the subsidy is specific.⁵ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

In making this final determination, Commerce relied, in part, on facts otherwise available, including adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Act. For a full discussion of our application of AFA, see the section “Use of Facts Available and Adverse Inferences” in the accompanying Issues and Decision Memorandum.

Verification

As provided in section 782(i) of the Act, in August 2022, Commerce verified the subsidy information reported by Hyundai Steel Company (Hyundai Steel),⁶ SeAH Steel Corporation (SeAH Steel), and the Government of Korea. We used standard verification procedures, including an examination of relevant accounting records and original source documents provided by the respondents.

Changes Since the Preliminary Determination

Based on our review and analysis of the information received at verification and comments received from parties, we made certain changes to the subsidy rate calculations for Hyundai Steel and SeAH Steel. As a result of these changes, Commerce also revised the all-others rate. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

In accordance with section 705(c)(1)(B)(i)(I) of the Act, we calculated an individual estimated countervailable subsidy rate for the two mandatory respondents, Hyundai Steel and SeAH Steel. Section 705(c)(5)(A)(i) of the Act states that, for companies not individually investigated, Commerce will determine an all-others rate equal

⁵ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁶ Hyundai Steel Company is the same respondent from the *Preliminary Determination*, where we incorrectly stated the company's name as Hyundai Steel Corporation.
