BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day–22–1265; Docket No. CDC–2022–0121]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled the Chronic Disease Self-Management Questionnaire. The questionnaire used for this study will assess Chronic Disease Self-Management participant health behaviors and overall health before and after a six-week workshop.

DATES: CDC must receive written comments on or before December 2, 2022.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2022–0121 by any of the following methods:

- **Federal eRulemaking Portal:** www.regulations.gov. Follow the instructions for submitting comments.
- **Mail:** Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–8, Atlanta, Georgia 30329; Telephone: 404–639–7118; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected;

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and

5. Assess information collection costs.

Proposed Project

Evaluation of the Chronic Disease Self-Management Program in the US Affiliated Pacific Islands (OMB Control No. 0920–1265, Exp. 06/30/2021)—Reinstatement—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

NCCDPHP is evaluating the implementation of Stanford University's Chronic Disease Self-Management Program (CDSMP) in the U.S. Affiliated Pacific Islands (USAPI). These jurisdictions include American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia.

The purpose of the evaluation is: (1) to understand how CDSMP is being implemented in the region; (2) to identify barriers and facilitators to implementation; (3) to monitor fidelity to Stanford University's model and document adaptations to the curriculum; and (4) to understand the self-reported effects of CDSMP on program participants. Because this is the first time CDSMP is being implemented in the USAPI, we do not know if the intervention, which has proven to improve health outcomes in many ethnic groups within the United States, will lead to improved health outcomes for these communities. Collecting this data helps CDC to assess fidelity to and adaptations to the intervention, and to understand if CDSMP, an evidence-based intervention, has the same effect in the U.S. Affiliated Pacific Islands as it has in multiple ethnic groups within the United States.

CDC requests OMB approval for an estimated 95 annual burden hours. There are no costs to respondents other than their time to participate.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hr)	Total burden (in hr)
Program Participant	Chronic Disease Self-Management Workshop Evaluation.	190	1	10/60	32
Program Participant	Chronic Disease Self-Management Questionnaire (Pre-Post Test).	190	2	10/60	63
Total					95

Centers for Disease Control and Prevention

Healthcare Infection Control Practices Advisory Committee (HICPAC)

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the CDC announces the following meeting for the Healthcare Infection Control Practices Advisory Committee (HICPAC). This virtual meeting is open to the public, limited only by the number of audio and web conference lines (500 audio and web conference lines are available). Time will be available for public comment. Registration is required.

DATES: The meeting will be held on November 3, 2022, from 12 p.m. to 2:30 p.m., EST.

ADDRESSES: To register for this web conference, please go to: www.cdc.gov/hicpac. All registered participants will receive the meeting link and instructions shortly before the meeting. Please click the link below to join the webinar: <https://cdc.zoomgov.com/j/1618328215?pwd=NWx1cGZGS3Y0THdzS1RraHBpZFNZZz09>.

Meeting ID: 161 832 8215.

Passcode: 76683972.

FOR FURTHER INFORMATION CONTACT:

Sydnee Byrd, M.P.A., Program Analyst, HICPAC, Division of Healthcare Quality Promotion (DHQP), National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), CDC, 1600 Clifton Road NE, Mailstop H16–3, Atlanta,

Georgia 30329–4027, Telephone: (404) 718–8039; Email: HICPAC@cdc.gov.

SUPPLEMENTARY INFORMATION:

Purpose: The Committee is charged with providing advice and guidance to the Director, DHQP; the Director, NCEZID; the Director, CDC; and the Secretary, Department of Health and Human Services, regarding (1) the practice of healthcare infection prevention and control; (2) strategies for surveillance, prevention, and control of infections, antimicrobial resistance, and related events in settings where healthcare is provided; and (3) periodic updating of CDC guidelines and other policy statements regarding prevention of healthcare-associated infections and healthcare-related conditions.

Matters To Be Considered: The agenda will include the following updates: The Healthcare Personnel Guideline Workgroup; Isolation Precautions Guideline Workgroup; Neonatal Intensive Care Unit Guideline Workgroup; Neonatal Pediatric Surveillance Workgroup; and Dental Unit Waterlines Guideline Update. Agenda items are subject to change as priorities dictate.

Public Participation

Oral Public Comment: Time will be available for public comment. Members of the public who wish to provide public comments should plan to attend the public comment session at the start time listed. Please note that the public comment period may end before the time indicated, following the last call for comments.

Written Public Comment: The public may submit written comments in advance of the meeting. Comments should be submitted in writing by email to the contact person listed above. The deadline for receipt of written public comment is October 24, 2022. All requests must contain the submitter's name, address, and organizational affiliation, as well as the topic being addressed. Written comments should not exceed one single-spaced typed page in length. Written comments received in

advance of the meeting will be included in the official record of the meeting.

The Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Kalwant Smagh,

Director, Strategic Business Initiatives Unit,
Office of the Chief Operating Officer, Centers
for Disease Control and Prevention.
